Death of Frederic C. Rand Collector of Customs for Kings

Frederic C. Rand, collector of customs of Kings County, died at his residence here after an illness of several months. The deceased was a son of the late Ebenezer Rand of Cornwallis and was born on March 11th 1858.

Mr. Rand received his early education in Wolfville and later attended Harvard Law School. He also studied in the law office of Silas W. Aylward of St. John N. B. In 1888 he succeeded his father as collector of customs in Kings county and retained the office until his death, the commission of Ebenezer Rand as collector was received in 1859 under Earl Musgrave as governor and Hon. Charles Tupper as provincial secretary. The lives of father and son have thus been identified with the customs office of Kings county for a period of nearly sixty years. Such long and uninterrupted terms of service under so many successive administrations is the best possible testimony that need be given to the rare efficiency with which the customs affairs have been administered in Kings county.

Few men were better versed in the political conditions of Canada or read more truly the signs of various changes. Not long since he was commended by Lord Robert Cecil for an excellent survey of the political outlook in Canada. He was a person who invited confidence which he never betrayed. Thus he had hosts of friends who cherish memories of years of pleasant personal relations with him and now mourn with sincerity his departure.

The deceased married in 1885 Mary H. Locke daughter of Jonathan Locke of Lockeport, and is survived by his wife. Their only daughter, Ida Locke Rand is the wife of Dr. Charles Wesley Woodall Schneckstad, N. Y., who is now in service as a captain in the American

expeditionary forces. The brothers and sisters of Mr. Rand are Dr. Benjamin Rand of Harvard University Fenwick W. Rand on the Cornwallis Homestead and Mrs. Noble Crandall of Bedford.

The religious affiliations of Mr. Rand were Baptist and in politics he was a conservative.

The funeral was held from the residence on Saturday afternoon conducted by Rev. A. W. West who spoke very feelingly and appropriately in the loss sustained in the community and family. The pall-bearers were His Honor Judge Webster, Mr. J. E. Kinsman, M. P. P., A. E. Calkin Esq. and H. G. Harris. Burial took place at Canard in the family plot beside his father and grandfather.

The floral offerings were exceedingly pretty and included the following:

THE DANGER OF THIN BLOOD

If Not Corrected in Its Early Stages Consumption May Follow

In no disease is delay or neglect more dangerous than anaemia, a poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before its presence is recognized.

But taken in time there is a specific, a tonic medicine which increases the number of red blood corpuscles that enabling the blood to carry the life-giving oxygen to all the tissues of the body. Dr. Williams' Pink Pills have had unbounded success in the treatment of this stubborn disease because of the wonderful property.

The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything in medical sciences. Miss Jessie McLean, Trenton, N. S., says—"I was as weak as it was possible for any one to be, and yet be able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me breathless and when I went up stairs I would have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills and I have reason to be grateful that I took the advice. Soon after beginning the use of the pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls, and I shall always warmly recommend them."

These pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co. Brockville Ont.
