Citizens Will Ask One For John Tughey,

Who is Serving a 20 Year Sentence For Attempting the Life of Judge Houston.

The following is the form of the petition, the circulation of which was begun to-day, asking for the release of John Tughey from the Kingston penitentiary. Thomas Brady and Dr. Hall are chiefly interesting them-selves on his behalf:

To His Excellency the Earl of Minto, Governor General of Canada:

Whereas one John Tughey was committed for trial on May 3rd, 1898, charged with shooting with intent on the 2nd day of May, 1898, at M. Houston, Esq., and on the 11th day of May, 1898, the said Tughey was tried and found guilty and sentenced for 20 years with hard labor in the provin-

cial penitentiary at Kingston.

And whereas the crime with which he was charged was committed while in a state

of intoxication.

And whereas the said John Tughey is now ill, suffering very severely from an affection of the lungs from which his chances of recovery are slight if he remains where he now is, and he having been imprisoned from the second day of May, 1898. Justice will not be defeated, but tempered with

mercy by his release.

Now, therefore, we, the undersigned petitioners, humbly request Your Excel-lency to pardon the said John Tughey and release him from prison, and your petit ers will ever pray.

That These Two Young People Went Through a Mock Marriage.

Now They do Not Know Whether They Are Legally United

or Not. Poughkeepsie, N. Y. Aug. 29.—The Poughkeepsie Zither Club, one of the lead-ing social organizations of this city, held a lambake a few days ago, and fun and frolic of the occasion arose an inci-dent which some people insist has a serious

Among the members of the club is Alderman Louis Kirchner, who has achieved con siderable local prominence by officiating-at City Hall marriages. The suggestion was made that the alderman get up a mock marriage, and in the merriment which fol-lowed the proposition Edward A. Mahoney, a well-known young man, and a Miss Cavanaugh, a pretty young woman, were thrust forward as the principals. The Alderman asked them if they took each other for man and wife, and they laughingly replied than they did so. They were an nounced man and wife, and Ald. Kirchner as lutted the bride in the manner established saluted the bride in the manner established

by precedence.
Nothing was thought of the incident until it began to be whispered that cases had been know where marriage for fun had turned out to be the genuine thing. Alder-man Kirchner had legal authority to marry people, and there was a rush for law reports and statues to see if he could marry them for fun, or whether all his marriages were binding. Alderman Kirchner said that it was a fact he had performed the ceremony. but he did it as a joke, and understood that the other parties concerned also viewed it as a jest He did not use the right names of the ouple, and, although he did pronounce hem man and wife, no record was made of

"I have heard of such marriages being called legal," said the Alderman, "but I do not think any court would so rule in this case. It was all a joke. The young people had a good laugh over it, and everybody around joined in."

Allied Troops Leaving Pekin to Clear the Country

Of Marauding Bands of Boxers-The Powers Still at Variance.

London, Aug. 29 .- There is no confirnation from any source of the advance northward from Pekin. On the contrary a movement southward to clear the country and to insure free communication with Taku is apparently

in progress.

The powers as late as Aug. 21 were still unable to agree as to how to deal with Pekin itself, the Japanese and Russians being at variance as to whether the Imperial palace should be destroyed. Nor is there any further news of the alleged extention of Li Hung Chang by the admirals. Probabolities increase that all the members of the Imperial household have gotten

safely to the interior.

A: Renter despatch, dated Pekin, Aug. 15, and sent by post to Shanghai, describes scenes of appalling desolation and wanton destruction in Lega-tion street. All the houses of foreigners were riddled with shell, burned or blown up. An attempa was made to mine the American legation. A shaft was sunk from the top of the wall fifteen feet deep, and was then wall fifteen feet deep, with a sharp shape, in the direction of the legation. Apparently the Chinese did not have time to finish it.
