SUNDAY PAPERS.

It is to be hoped that the judgment handed down by Police Magistrate Glenn of St. Thomas relative to the sale of American Sunday papers—may stand as a precedent in this Province. There is no reason why the Yankee publications should be permitted an immunity from the law which prevents the Canadian merchant or book and magazine seller from conducting his business on the Sabbath.

The Lord's Day Act is an excellent piece of legislation, a credit to Canada and a great boon to the working man. And it is well that it should be earnestly and emphatically enforced.

SCHOOL TRUSTEES RESIGN.

There can be no question that, in tendering their resignations as members of the Public School Board last evening, Messrs. Benson, Paxton and Robertson took the right and dignified course. No one believes that they knowingly took advantage of their position as Trustees, yet it became evident that, by indiscretion and thoughtlessness, their colleagues had permitted them to come within the condemnation of legal technicality. As honorable men there was nothing else for them to do but withdraw—and that this position was taken promptly and voluntarily, speaks well for the sentiments which govern the Board.

That the citizens will appreciate their position and the course taken, The Planet has no doubt. They are men who, as their colleagues bore testimony last night, have rendered invaluable service to the public—service that the public will not readily overlook. It is earnestly hoped that the Board will bring on the bye-elections at the earliest opportunity and that the long service and proper position taken by the Trustees in question will be recognized by their early return to their duties at the Board.

Meanwhile, let the unfortunate recurrence be a warning and protection against legal indiscretions by all our civic representatives. There is a general feeling that there has been some laxity in the past—and that it has been, by no means, confined to the School Board or the gentlemen in question. Wouldn't it pay our Council to undertake some earnest heart-to-heart probings—and form some new and vigorous resolutions.

The Kaiser's Tip.

The Kaiser is popularly supposed to be economical. It is not generally known that he pushes his principles of economy to absolute rigidity.

It will be remembered that he visited Constantinople some time back and was received with unexampled magnificence and inundated with hand some presents. During his stay in the Ottoman capital the Emperor's aide-de-camp was instructed by his imperial master to distribute such gifts as were usual among the servants attached to his person.

He offered a dollar to the head coachman. The latter without a moment's hesitation returned it. "Thanks," he said, "I am not thirsty."

A QUESTION OF COST.

In any number of stores you'll see various preparations of cod liver oil at as many different prices. You'll wonder, perhaps, why Scott's Emulsion costs more than some other kind in as large a bottle. Hearing only one side of the question you may be led into buying the "just as good as Scott's" at the lower price. That's false economy. Scott's Emulsion costs more because its more expensive to make. Every ingredient is tested and guaranteed of the purest quality. No adulteration; no shaving of quality. There's no economy in bargain medicine. If you can afford to experiment with your health, substitutes may satisfy you. We take it, however, that you want a pure, preparation, a reliable remedy and something that's going to help you. That's what you get in Scott's Emulsion. Thirty years the standard.

A HELPLESS CHILD.

A weak and puny child is badly handicapped in the battle of life. It is isolated from the healthy enjoyments of its little fellow-beings. It cannot partake either of their play or their sturdy work and progress in the world; its whole life is embittered by incapacity and weakness.

Any woman who expects to become a mother ought to know what Dr. Pierce's Favorite Prescription will do both for her own health and safety during her time of trial and also to insure her in bequeathing a fair measure of health and strength to the prospective little one.

FAIR OF NATIONS

Ladies of the Hospital Inaugurate a new Scheme to Raise Money to Carry on Their Work

At a meeting of the Ladies Assisting Society of the Public General Hospital held at the residence of the Secretary, Mrs. J. C. Pritchard, it was decided to hold a Fair of all Nations during the first week in May.

The affair will be a unique and interesting one and promises to be very popular. It will be held in the skating rink, where booths representing all nations will be erected, and various articles will be offered for sale.

A mid-way will be there and many other interesting features are being arranged for. The idea is an original one and the Fair should be a splendid success.

Any person wishing to assist the ladies are requested to send their names to the Secretary, Mrs. J. C. Pritchard.

The proceeds of the affair will be devoted to hospital work.

BABY BLANKET.

A Dainty Affair, Durable, Warm and Easy Made.

If the saying is true that as a stool can stand on three legs so anything is bound to be a success that has three qualities to recommend it, the baby's blanket illustrated is certainly worthy of consideration, for it combines the three practical qualities of being easy to make, durable and warm, as well as having the dainty beauty so necessary to a baby's belongings.

To make it, knit on medium sized wooden or rubber needles in plain garter stitch two pieces nearly a yard square, one blue, one white, using Shetland floss.

When the squares are completed put a sheet of wool wadding between them and tack, as you would a comforter, with blue ribbon, having the tiny bows come on the blue side of the blanket.

With the blue wool join the edges with single crochet; then crochet a border in knot stitch. This is done by pulling a loop on the needle up until it is about an inch long. Through this loop pull another loop, this time very close, as it is the first loop of a single crochet. Take the second loop of the single crochet through the first long loop and the close loop. This gives two stitches on the needle. Pull the wool through both, and the single crochet is finished. Then draw the loop on the needle out about an inch; pull a short loop through it. Make a single crochet into the fourth or fifth stitch on the edge of the blanket and repeat

KNITTED BLANKET.

from the first long loop all around the edge. The next row is made the same, using the knots of the preceding row for foundation stitches. Repeat these rows three times and finish with a row of shell stitch.

The materials required are three skeins of blue Shetland floss, one skein of white Shetland floss, two sheets of wool wadding, a piece of blue ribbon, No. 1½; two medium sized rubber needles and a medium sized bone crochet hook.

The color scheme in a blanket like the one shown may be changed to suit each individual taste. A very pretty effect may be obtained by knitting both sides of the blanket with white wool, putting in narrow bands of color at each end and making at least one row in the border with the colored Shetland floss.—Designer.

Decorating For A Barn Dance.

For those fortunate folk who stay in the country until the bright autumn days are over it is the season now for harvest home festivals, barn dances and the like. A big, roomy barn is the ideal place for this sort of festivity, but the harvest home effect can be obtained even in a city home by a judicious commingling of ingenuity and crape paper. At a big barn dance at Newport rows on rows of shocks of corn represented an autumn cornfield, and no one not in the secret suspected that every one of those cornstalks was made of crape paper. Another festivity given early in the season in the Thousand Islands had abundant decorations of autumn foliage, and the guests were mystified to know where it all came from.

An Apple Dessert.

Peel and halve tart apples; make a sirup of granulated sugar and water and put the apples in it; let them cook until they can be pierced with a straw; arrange the apples on the platter they are to be served in; boil the sirup down and pour over the apples; when cold, heap irregularly with a meringue of the whites of four eggs, four heaping tablespoonsful of pulverized sugar and the juice of a lemon; sprinkle with chopped almonds and set in the oven on a board and brown quickly; serve very cold, with a rich custard.

If it were only possible to amputate one's conscience the surgeons would then have to work overtime.

Have something to say; say it, and stop when you have done.

A Lovely Winter Bloomer.

Primula obconica, a relative of the Chinese primrose, is another most desirable and reliable winter flowering plant of the very easiest culture. Seedling plants can be procured in the fall. Give it a soil of light, spongy nature and use water liberally. This plant has a multitude of fine, fibrous, thread-like roots which take up the moisture of the soil with great rapidity. Give it the same amount of water that you would give a geranium, and your plant will soon die. In color this primula ranges from almost pure white to rosy lilac and bright pink. It blooms constantly from November to May and is generally one mass of bloom above its pretty, spreading foliage.—Eben E. Rexford.

Dodd's Kidney Pills Cured Mrs Kinsella

She Sends a Message of Hope to Other Suffering Women in Canada.

St. Malachie, Que., Nov. 6.—(Special.)—To those women who suffer in silence—and there are thousands in Canada—Mrs. James Kinsella, of this place, sends a message that tells of a cure as silent as their suffering. As the result of her own experience, Mrs. Kinsella says, "Take Dodd's Kidney Pills."

"When I sent for Dodd's Kidney Pills," Mrs. Kinsella says in relating that experience, "I had a pain in my right hip and in the small of the back. I was swollen all down the right side of the abdomen and had to pass water every fifteen minutes in a burning, itching sort of way. I could not sleep at nights and was obliged to sit in a chair for two summers."

"After taking the first box of Dodd's Kidney Pills I felt much better so I got more. They have done me a world of good and I have never slept in a chair since."

There can be no Female Weakness where there are sound Kidneys. Dodd's Kidney Pills make sound Kidneys.

The Money Loss of the Drink Habit

is one of its most serious features. The man who drinks not only ruins himself but deprives those dependent upon him of the support to which they are entitled.

The Samaria Tasteless Prescription has saved many men from Drunkard's Graves and restored wife and family to plenty and happiness. Given without patients knowledge in tea, coffee or food. The money a moderate drinker will waste in one week will cover the cost of a month's treatment. Samaria Prescription is a cure for drunkenness, no publicity, all private.
