

His Death Expected New Brunswick Man Saved

Mr. Isidore Thomas, of Tilley's Road, Gloucester County, N.B., while expecting death, availed himself of help that was offered at random. Here is part of a letter he wrote to us:—

"I beg you to publish my letter, so that people may know what Gin Pills did for me. My case was very serious. I was so sick every body expected my death any day. Finally, on advice from friends, I tried Gin Pills, and in a short time was well again, and soon had gained 20 pounds."

Kidney and bladder troubles, very often, work in secret ways. A bad condition may exist, with only a headache to indicate it. That is why the slightest pains in back or sides should be investigated. These pains, along with sciatic neuralgia, rheumatism, dizziness, constipation, lassitude, lumbago, highly-colored urine, headache, floating specks before the eyes, gravel, indicate kidney trouble. A course of Gin Pills, taken at once, will give relief, and prevent the progress of the disease, enabling the organs to right themselves and restore good health. Gin Pills are the sure, safe, quick remedy. Get a box from your druggist or dealer—50c. Money refunded if no relief found. Send for free sample.

HOW YOU CAN TELL GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all. There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only cheap imitations. Look for the "Bayer Cross"! Then it is real Aspirin, for which there is no substitute.

Aspirin is not German but is made in America, and is owned by an American Company, all rights being purchased from the U. S. Government. Genuine "Bayer Tablets of Aspirin" have been proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis. Handy tin boxes of 12 tablets—also larger "Bayer" packages, can be had at any drug store.

Aspirin is the trade mark (Newfoundland registration No. 761), of Bayer Manufacture of Monopacetate of Salicylic Acid. The Bayer Co., Inc., U.S.A.
