

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-tives" The Fruit Medicine

R. R. No. 1, Lonsdale, Ont.
"For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit. Finally, I tried 'Fruit-a-tives'. Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

To Electors of the County of Carleton;

Ladies, Gentlemen and Comrades:
Having been chosen by the Returned Men of this county as their candidate for the House of Assembly, and having accepted, I appeal to you for your support.

I will be strictly independent, and will give an independent support to any and all legislation that will benefit my country and its people. I will be always ready to help remedy any wrong that can be made right by legislation for any man, woman or child who come to me.

I stand for no Party, Creed or Class, and, friends and comrades, we need straight, strong men who are not bound by party, but who stand for the people and keep independent. Comrades, I will endeavor to represent you and be a sentinel and an advocate for you as long as I am in a position to do so in the House. I am not running against any party, but I will run with the others who are nominated for this election. I am coming to you confidently looking for my Comrades and my friends for support.

There is legislation of importance that was expected by Returned Men, but as the House was dissolved before it was complete we naturally feel we should have a Returned Man elected to look after our interests. Will it not appeal to the "fair play" spirit of our people to see one of our Returned Men standing alone, independent and showing faith in the people of his County?

I have had the honor of serving my Country overseas as a member of the 26th Battalion, and since I came back to N. B. I have done all I could to help the Widows and Orphans of our dead Comrades, and I ask your support so I may be able to help more fully. It is not vain ambition that has influenced me to accept the duty now offered me, but a deep feeling that we should be represented in the next House of Assembly, and to be able to be of more aid to my Country.

Comrades, rally to my help. Friends of the returned men, come forward and help! If you ladies feel that we deserve a representative in the House, we have faith that your votes will make victory sure. Remember, I am not seeking personal honor, but I stand on principle and I am representing the boys who were permitted to come home; also the boys who gave their lives for us. If I win I thank you in advance; if I do not get sufficient votes to elect me, I will be proud to know I did my duty and gave my Comrades and our Friends an opportunity to express their approval. I leave the matter with you, the Electors of Carleton.

Remember the dark days of the war! Remember your boys! We won. How will you respond?
You have three men you may vote for; will the Soldier candidate get one of your votes on Election Day? I am not against you; I am for you and my country. Give me your vote and the people of the Province will applaud you.

I will not be able to see you all before Election Day, but many of you know me already and a vote for me will be a vote showing appreciation of what the Boys did for us Overseas.

Yours faithfully,
(Sgd) S. G. BARTER,
Avondale, N. B.

THIS WOMAN'S RECOVERY

Shows Remarkable Curative Power of Lydia E. Pinkham's Vegetable Compound.

Chesley, Ont.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half way up the steps. I tried two doctors but they did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children, and do all my household work, milk eight cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish."
—Mrs. HENRY JANKE, R. R. No. 4, Chesley, Ontario.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

PRICE vs. VALUE IN SHOES

In buying shoes (and everything else as well), it's value you want. Imported shoes cost more because of the freight, duty and exchange. These things don't add to the value of a shoe. They only increase its cost.

This store has one mission in life. That is to give you the best value. Made-in-Canada Shoes are today better value, grade for grade, than shoes imported from any country. They reflect the very latest and best styles and shapes. The material is honest. Workmanship is high grade. And so, because the prosperity of this store depends upon service to our customers, we sell and recommend Made-in-Canada Footwear, knowing that we can thereby give you the best value and satisfaction.
