Miscellaneous. THE MISSING LINK.—Rio Janeiro, May 26. The existence of a tribe of Indians in Paraguay with tails is asserted, apparently on good authority. An Argentine, who has an establishment in the district of Tacara Tuya, was collecting verba, when his mules were attacked by Guayanaes Indians, who had been killing several of his mules. The muleteers pursued, firing on the Indians, one of whom, a boy of eight years, was wounded and captured. The boy was brought to Posadas and excited much wonder, and some Germans photographed him, he having a tail six to eight inches long. The boy is very ugly, but his body is well covered with hair. A brother, in possession of Col. Roa, has also a tail, and it is said, all the tribe are similarly adorned.

No injurious effects can follow the use of Ayer's Sarsaparilla in the treatment of a malarial disease. It contains, besides a specific and unfailing antimalarial, medicinal, other remedial agents which unite to expel the poisonous humors, purify the system, and leave it in a healthy and reinvigorated condition.

In no other medicinal preparation have the results of the most intelligent study and scientific inquiry been so steadily and progressively utilized as in Ayer's Sarsaparilla. It leads the list as a truly scientific preparation, for all blood diseases.

The First Theft—The baby's crib. Life is full of disappointments. We recently offered to cure a bad case of Rheumatism, but it was never made. Kidney-Wort for any such medicine. Kidney-Wort is universally recognized as standard remedy for all diseases of the liver, bowels and kidneys.

Money is often easy when its possessor is tight. "Crowned" with success—The Silver King. Change of Mind. I declined to insert your advertisement of Hop Bitters last year, because I then thought they might not be promotive of the cause of Temperance, but find they are, and a very valuable medicine, myself and wife having been greatly benefited by them, and I take great pleasure in making them known.
