### GAME PRESERVES.

**"THE CAGED CANARY."**

**The Question of Alienating the Public Lands.**

Toronto, Jan. 22--By a large majority the North American Fish and Game Protective Association rejected yesterday, at the closing session of their convention at the City Hall, their proposal to place itself on record as opposed to the alienation of public lands as private game preserves. It was felt that such a resolution could only be regarded as a criticism of the Government of Quebec, where the system of leasing lands to clubs prevails.

Philadelphia was selected as the next place of meeting, the fixing of the date being left in the hands of the Executive. The Hon. W. E. Meahan, Fish Commissioner of Pennsylvania, was elected President.

Secretary-Treasurer, E. T. D. Chambers, Quebec.

Cy Warman read a short paper on the "The White Man," which was well received.

"The white man," he said in part, "is just beginning to realize that the most attractive thing in life is wild life. Just because we happened to be born before our children does not give us license to strip the earth of its native wealth and beauty, to leave it silent and empty for those who move in when we have gone out."

According to the report received from Mr. F. M. Chalmers, big game is increasing in British Columbia, and the establishment of Government game preserves was already having a marked effect.

In an excellent paper, the Hon. W. E. Meahan said that, with increasing population and increased number of anglers and commercial fishermen, and consequently greater demand, it was impossible to maintain and increase fish life, at least in the British waters, without the aid of artificial propagation. It would be necessary for Governments to provide 90-100 for an annual close season for nest-building fishes, such as black bass and trout.

Mr. William Sloan, M. P. for Comox, Atlin, has resigned his seat in favor of Hon. William Templeman.

Hyde Park Public School, near London, Ont., has been closed on account of an outbreak of diphtheria.

### DAY NURSERY.

**W.C.T.U. Give At-Home at Residence of Mrs. Martin.**

The first of a series of meetings held under the auspices of the W. C. T. U. in the interests of the Day Nursery took place at the residence of Mr. and Mrs. Martin, 97 Smith avenue, last evening.

The affair was in the nature of an at-home, and a large number of people gathered to hear the report and enjoy a short musical programme. Rev. H. Edgar Allen acted as chairman. Mrs. Henderson gave a short synopsis of the work done during the last few months. The report showed that the ladies have been working hard, and the finances are in good condition. A large amount of money was raised, the receipts being \$1,125.18. A number of people gave the society donations, the most conspicuous one being a legacy of \$1,000 from the late Mr. Bishy, which was much appreciated. The late Mr. Wm. Hendrie gave \$400 towards the new building. The Board of Managers for the Day Nursery consists of ten members from Central W. C. T. U. and ten from the Yeoman's W. C. T. U. Rev. Mr. Allen congratulated the ladies, and said the society was certainly doing a noble work. He felt gratified that so many charitably disposed persons take an interest in the institution, and also wished the society a prosperous year. Mr. Allen was in a jovial mood, and kept the audience in good humor throughout the evening. A fine programme was put on by a number of entertainers. The following took part: Miss Diamond, Mr. Davis, Mr. and Mrs. Harding, Miss Bradt, Mr. Pritchard and Miss Florence Clark. A collection was taken at the door, and a large sum raised. The meeting closed with singing "God Save the King." A vote of thanks was tendered Mr. and Mrs. Martin for the use of their home.

It isn't always a sure test to measure a man's importance by his chest expansion.

### ST. JAMES' IS PROGRESSING.

**Annual Meeting of West End Presbyterian Church.**

The nineteenth annual congregational meeting of St. James' Presbyterian Church was held last evening. Rev. T. MacLachlan occupied the chair.

The large attendance of the members went to show the interest taken in this growing church. After the opening exercises by the pastor the different reports were presented.

Rev. Mr. MacLachlan gave a very satisfactory report of the session, showing a substantial increase in the membership and also an increased attendance at the services.

Mr. R. A. Lyall read the managers' report which showed increased prosperity during the past year. Mr. C. A. Harvey presented the financial statement which showed receipts of \$924.29 and a small balance on hand.

Mr. T. J. Shanks presented the Sabbath School report, which was the best presented in the history of the school, the attendance having increased 100 per cent.

The Ladies' Aid report showed receipts of \$279.85 with a balance on hand of \$142.86 and a splendid year's work.

Miss E. Dean presented the report of the Young Women's Ideal Club, lately organized, which showed that the young ladies had taken a good hold of the work.

Mr. W. J. Cunningham reported for the Men's Union. This organization will be source of considerable strength to the church during the coming year.

Mr. J. A. Hutton reported for the trustees.

Mr. Lyall read the report of the Building Fund Committee. The new building is being completed and will be opened early in March. The church will cost about \$14,000.

The following managers were elected: Messrs. J. Hutton, W. T. Miller, R. Burns, J. Cunningham, A. S. Allen.

Messrs. W. Mathie and T. J. Shanks were re-elected auditors.

Votes of thanks were passed to the different officers and organizations, after which a social hour was spent, the managers serving light refreshments.

**AT THE SAVOY THEATRE.**

Perhaps the best drama that the Sel-

man Company have yet presented is Augustin Daly's justly celebrated play, "From Front," offering this week at the Savoy Theatre. "The Marriage of William Asher," Mrs. Ward's widely read novel, is very similar and it requires little imagination to picture "From Front" as the willful Kitty Asher; Sartory could easily be mistaken for the serious William Asher; the Comte de Valreas has all the qualities of the fascinating poet, Cliffe. The interior sets this week are in excellent taste, but, without question, the most effective stage set is the fourth act, showing the Cathedral of St. Mark across the lagoon. Gondolas glide to and fro, and in the foreground is the palace of the Barberini, with its large fountain, the water rippling and the entire scene bathed in soft moonlight. In the title role, Miss Effie Heather has a strong emotional actress. Mr. Selman and the other members of the company do excellent work. The matinee to-morrow will no doubt attract all the matinee maids and matrons who will take delight in the stunning Parisian frocks worn by the ladies of the company. Next week "The Land of

All who attend will be assisting a good cause, and at the same time will enjoy a good programme.

**THE SUTCLIFFE TROUPE.**

The Sutcliffe acrobatic troupe, dressed in full Highland costume, in their spectacular novelty; the Redpath Napanee, nine in number, in a laughable school room absurdity, and the balance of this week's bill make a very pleasing combination. The advance sale for both performances to-morrow is large.

**PARTELO STOCK COMPANY.**

One of the best popular priced stock organizations on the road is the Partello Stock Company, headed by that clever little comedienne, Miss Alice Kennedy, presenting a repertoire of successful plays with vaudeville between the acts.

The company will open a week's engagement at the Grand, commencing next Monday night, with matinee Wednesday and Saturday. The opening bill will be "The College Girl." Other plays to be presented during the week will include the following: "Lena Rivers," "Under Two Flags," "The Girl of Eagle Ranch," "When the Harvest Days Are Over" and "A Human Slave." **VITAGRAPH PICTURES.**

The Vitagraph Moving Picture Company will put on one of their old time popular entertainments in Association Hall on Saturday. There will be an interesting variety of films, prominent among them being "Benvenuto Cellini," which is a thrilling tale of the life of a famous artist in Florence, Italy. This sculptor, through his loose living, was compelled to flee from his home. He was successful, however, in making a friend of King Francis the First. The film opens with a beautiful court scene in which the sculptor is attending a reception in the King's parlors, and in search of a model for a beautiful statue. A duchess consents to pose, under certain conditions, and her offer is accepted. Her identity is concealed, but later becomes known, and she is kidnapped. The artist communicates with the King, who discovers the identity of the model and is horrified to see that it is the duchess, who is a favorite at court. He promises to keep her secret and accompanies her back to the palace. This film is 948 feet in length, and is worth the price of admission itself, but there are 50 others, educational and amusing.

The subscriptions lists for the Elgar Choir concerts will be called in early next week, and intending subscribers will do well to sign for their seats as quickly as possible.

### Music and the Drama

New York, Jan. 22--Merry war between prima donnas broke forth at the Manhattan Opera House today when it became known that Miss Mary Garden had set her foot down hard and clinched her teeth in her determination not to have Miss Lina Cavalieri sing "Thais."

Oscar Hammerstein, the impresario, had advertised the appearance of the Italian artist in the new which Miss Garden had first sung at the opera house. Since he has heard what Miss Garden had to say about the matter he has reconsidered to some extent, and he talked interestingly about the matter today.

However, Mr. Hammerstein would not say if Miss Cavalieri would or would not sing in the role. Her contract is for six performances to be named by Mr. Hammerstein, but Thais is the only character she can sing that would be available to the Manhattan. So if the impresario bows to Miss Garden there will not be much for Miss Caval
