 Mouth of Jemseg.

Oct. 10.—The remains of the late Geo. W. Smith were laid to rest in the Episcopal cemetery on Thursday afternoon last at 2 p. m. Services were conducted by Rev. A. J. Gollmer. The deceased leaves a sorrowing widow, two daughters, Mrs. Charles Coster and Mrs. Arthur Coster who resides in Carleton, St. John, and a son Mr. David N. Smith, who lives on the homestead, and one brother S. N. Smith who lives in St. John.

The day of the Fair is drawing near and every effort is being put forth to make it a success. Dinner and tea will be served in the Church Hall by the members of the Episcopal church. There will be a concert in the evening. Proceeds go towards paying debt on the parsonage.

A very pleasant evening was spent at the Rectory on Friday last. Both vocal and instrumental music was rendered, Mr. and Mrs. Gollmer performing the greater part. The old familiar song "Coming through the rye" was beautifully rendered by Mrs. J. C. Johnson, and Miss Brayley with F. C. Nevers, Bariton. The chief event of the evening was a duet, played by Mr. Gollmer and F. C. Nevers, which received great applause and was encored several times. The party dispersed about 11 o'clock all seeming well satisfied with the evening's entertainment. Despite the heavy downfall of rain and darkness of the night, all reached home in safety.

We learn that Mrs. F. A. Dykeman is still in a very critical condition with no hopes of recovery.

Mrs. J. C. Johnson and Misses Johnson, Strain and Brayley were the guests of Mrs. Geo. F. Nevers, Saturday last.

A Narrow Escape.

Thankful words were written by Mrs. Ada E. Hart, of Gagetown, S. B. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved, and am now a well and healthy woman." Sold by all druggists. 50 cts. and \$1.00. Guaranteed or price refunded.

Refreshments were served before the sale of boxes, which began at nine o'clock. Twenty-seven boxes were at length disposed of at an average of 90c. each. From the sale of the boxes and refreshments, the sum of \$50. was realized, which is to provide apparatus for the

school-house. At about two o'clock the crowd dispersed, well pleased with the entertainment. Much credit is due the teacher, Miss L. A. Barton, for the tasteful manner in which the school-house was decorated for the occasion.

Another box social is to be held at Gagetown on Friday of this week. We hope it may prove as enjoyable as the last.

On using Electric Bitters, America's greatest Blood and Nerve Tonic, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney troubles, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. Notice to Public.

In reference to the notice in the GAZETTE on 27th Sept., I wish to announce to the public that Charlie Cooper told a falsehood concerning the disappearance of my "Darkey Servant." I was perfectly aware of his departure and he also was properly clothed suitable for church or street wear, and that is about as good as your last correspondent can boast of. As for the barrel of "stale-valve turnips" he offered as a reward, I think he had better keep them as probably he will need them before spring.

A horse belonging to Mr. James McKinney met with a peculiar accident one day last week. It appears that the horse while drinking from a tub at the well stepped on the platform which gave away and precipitated the animal into the well, which is about 12 feet deep. Luckily Mr. McKinney saw the accident and gave the alarm and in a short time a number of neighbors came to his assistance and after about two hours succeeded in freeing the animal from its uncomfortable position. The horse was slightly injured.

Another Steamship Ashore.

British steamer Prodan, Capt. Scroggie, twelve days from Baltimore for St. Mary's Bay, Nfld., during a dense fog, and is a total wreck. Eight men were injured, one seaman having his leg broken and two others being seriously hurt. Damaged by Wind.

SACKVILLE, Oct. 7.—The immense new University residence here was badly damaged by the wind last night, both side walls of the main all above the first floor being blown down. The actual loss in material and labor is estimated by the contractors at \$300, but the loss in time is more important, as the building was being rushed to get the roof on before cold weather. The accident casts no reflection on the builders, as the walls had just been finished, and the mortar was not set.
