## OFFICIAL.

LONDON, July 19.

The Governor, Newfoundland, has  
since last communique. On the 10th  
the enemy attacked north of Ypres  
and gained a footing in our first line.  
The lost positions were immediately  
recaptured. On the 13th a post on the  
Ypres-Menin Road was captured  
by the Germans and recaptured by  
bombing parties.The French Government report a  
violent attack by the Germans be-  
tween Calonne and Les Eparges. They  
succeeded only in regaining a footing  
in a trench section captured from  
them on July 6th. This section was  
recaptured by a counter attack, and  
a fresh attack accompanied by jets  
of burning liquid was repulsed. Over  
two hundred prisoners were taken in  
these engagements.The Russian Government report  
German attacks on the whole front  
from Riga province to the Dniester.  
The Russians have gained successes  
on the Dniester. The enemy's off-  
ensive near Prasnys has compelled the  
Russians to concentrate near Narew.

## CASUALTIES IN DARDANELLES.

LONDON, July 19.  
The total casualties of the Dar-  
danelles expeditionary forces to date,  
in killed, wounded and missing, have  
been 42,434 officers and men. Pre-  
mier Asquith told the Commons to-  
day that this total includes both the  
naval and military branches of the  
service. Out of an aggregate of  
8,084 casualties among the officers,  
the Premier's statement said the  
killed numbered 1,933.DEMAND WITHDRAWAL OF PRO-  
CLAMATION.LONDON, July 19.  
Reports from the South Wales coal  
fields indicate progress in the nego-  
tiations for a settlement of the  
strike, and efforts will be made at the  
Cabinet meeting to-day to find some  
means of speedily solving the labor  
problem. The general belief in the  
mining district, however, is that no  
satisfactory way out of the present  
difficulties can be found unless the  
Government take over the mines and  
operate them during the period of  
war. One of the first things the min-  
ers demand is the withdrawal of the  
proclamation which brings them un-  
der the Munition Bill. They resent  
the idea of working under coercion,  
and insist they will not consent to it  
at any price.LLOYD GEORGE AND THE COAL  
STRIKE.LONDON, July 19.  
Lloyd George has taken a hand in  
the South Wales Coal Strike, and an-  
nounces his intention of going to  
Cardiff to-night to have a talk with  
the men.

## COTTON CARGOES.

LONDON, July 19.  
The British Government, since  
March 11th, has paid £70,000 on cot-  
ton cargoes, twenty-five shipments  
of which have been purchased in pur-  
suance of an arrangement with Am-  
erican cotton shippers.BREACH OF AMERICAN NEUTRAL-  
ITY.WASHINGTON, July 19.  
The British Government to-day in-  
formed the State Department that it  
has evidence that a wealthy German  
resident of Detroit, Mich., has sup-  
plied money to certain persons at  
Windsor, Ont., which is used to de-  
stroy property of the Canadian Gov-ernment. The British Government  
inquired if the American Government  
would not regard the case, if fully  
substantiated, as a breach of neutral-  
ity. The alleged case is connected  
with an attempt to dynamite an ar-  
mory and factory for making clothes  
for Canadian troops.

## PREPARING REPLY TO GERMANY.

WASHINGTON, July 19.  
President Wilson returned here  
early to-day after an absence of  
nearly a month, to take up for im-  
mediate consideration, with Secretary  
Lansing and other members of the  
Cabinet, the situation between Ger-  
many and the States. A tentative  
draft of the American answer which  
has been prepared for consideration  
will be submitted to the Cabinet to-  
morrow, and the revised draft will  
probably be cabled to Berlin before  
the end of the week.

## THE STRIKE AT KRUPPS.

GENEVA, July 19.  
An important meeting was held at  
Essen yesterday, according to advices  
received from Petrograd, between the ad-  
ministration of the Krupp gun works and  
representatives of the workmen, in  
order to settle the dispute which has  
been granted a portion of the demand  
of the employees, which brought  
about a temporary peace, but the  
workmen still appear to be unsatis-  
fied, and many have left the works.  
The strike would greatly affect the  
supply of munitions, and for this  
reason the military have adopted rig-  
orous precautions.

## GREECE PROTESTS.

PARIS, July 19.  
The Greek Government has re-  
ceived confirmation of the report  
that the inhabitants of Alvali, in Asia  
Minor, on the Gulf of Adramytti, have  
been ordered to evacuate the city and  
go into the interior of Asia Minor, ac-  
cording to an Athens despatch to the  
Havas Agency to-day. The Govern-  
ment has sent a detachment of troops  
to the port, the despatch adds.

## U. S. AND THE PRIZE COURTS

LONDON, July 19.  
The new American note on ship-  
ping, which outlines the standpoint  
of the States on Prize Court proceed-  
ing, was received by the Foreign Of-  
fice, and many have left the works.

## ITALIAN CRUISER TORPEDOED.

BERLIN, July 19.  
The following official communica-  
tion was received here from Vienna  
under date of July 18th: An Austri-  
an submarine this morning torpedoed  
and sunk, south of Bagusa, the  
Italian cruiser Giuseppe Garibaldi.  
The cruiser foundered within fifteen  
minutes. The Giuseppe Garibaldi  
was an armoured cruiser of 7,734 tons  
displacement.

## CAN WARSAW BE HELD?

LONDON, July 19.  
Can Warsaw be held, with German  
Field Marshal Von Hindenburg on  
the north, and Von Mackenzen on the  
south, whipping forward at two and  
a half miles an hour, and the great  
realized in England that Grand Duke  
Nicholas, Commander-in-Chief of the  
Russian armies, has the most severe  
task imposed upon him since the out-  
break of the European war. Military  
writers in some of the London pa-  
pers seem to think the task well nigh  
impossible. There was a sustained  
confidence that Germany's previous  
violent attacks along the Bzura  
front would never pierce the  
Russian line, but the present giantic  
co-ordinate movement has devel-  
oped with such suddenness and has  
carried so far without meeting seri-  
ous Russian resistance, that more  
counting the fall of the Polish capi-  
tal, and more the British press is dis-  
counting the fall of the Polish capi-  
tal. While not giving up all hope of  
its retention, it is pointing out the  
enormous difficulty the Russian ar-  
mies have labored under from the  
start, by the existence of such a sal-  
ient. Having been unable to straight-  
en out the line by the advance thro-

## ANOTHER STRIKE.

NEW YORK, July 19.  
Nine hundred men working in the  
barrel case departments of the big  
plant of the Standard Oil Company at  
Bayonne, N.J., struck to-day, because  
demands for an increase of eleven  
per cent. in wages were not granted.  
This strike is the second to occur in  
a few days, the still cleaners having  
left work late last week, when they  
failed to get the 15 per cent. in-  
crease in wages which they had asked  
for. The strike affects 6,000 men.To-Day's

SAFEGUARDING BATTLESHIPS  
FROM SUBMARINES.LONDON, To-day.  
The appointment of an Invention  
Board of Scientific men with Lord  
Pleher, recently First Sea Lord of  
the Admiralty, at its head to assist  
the British Navy was largely the re-  
sult of a suggestion made by Lord  
Bryce, former Ambassador to the  
United States, in the House of Lords.  
Similar proposals were made by Sir  
William Ramsay and other eminent  
scientists. The Admiralty received  
16,000 offers of new scientific devices  
during the first five months of war.  
Many were from Americans. Another  
16,000 doubtless came under stimulus  
of the last five months. Of the first 16-  
000, the Board undertook to sort the  
wheat from the chaff and eliminate  
crank proposals and reduced them to  
twenty-five in number, which in the  
Board's judgment were worthy of at-  
tention. Another Board scrutinized  
these twenty-five more rigidly and re-  
duced them to just two. These two  
are being worked out with every pre-  
caution of secrecy and every pros-  
pect of giving a surprise to mechan-  
ical warfare, exceeding anything pro-  
duced by German ingenuity. Elabo-  
rate trials have been made. One of  
these devices is in English waters and  
in actual service in the Dardanelles.  
Rigid secrecy has been observed as to details, but it can  
be said the trials give promise of  
rendering a battleship immune from  
a submarine torpedo.

## NEARLY ALL SAVED.

ROME, To-day.  
Official:—At dawn July 18, Division  
of our old armored cruisers approach-  
ed Cattaro, bombarded and seriously  
damaged the railway nearby, while  
other vessels were retiring they were  
attacked by enemy submarines; Cruis-  
er Giuseppe Garibaldi after having  
avoided the first attack was struck by  
torpedo and sunk; crew maintained  
calm and nearly all were saved.

## AMERICAN NOTE DRAFTED.

WASHINGTON, To-day.

President Wilson and Secretary  
Lansing prepared yesterday a draft  
of a note on the submarine warfare  
and submitted it to the Cabinet to-  
day. It will be sent to Germany prob-  
ably before the end of the present  
week. Beyond the fact that the posi-  
tion already taken by the States in  
previous notes will be reiterated, no  
information was forthcoming either  
at the White House or the State De-  
partment, concerning the probable  
contents of the new note. The note  
is understood to be comparatively  
brief, expressing the conclusions of  
this Government on the result of Ger-  
many's failure to give the assurances  
asked for in the previous note, nam-  
ely that the lives of Americans travel-  
ling on the high seas, bound on law-  
ful errands abroad, unresisting un-  
armed merchantmen, be not endan-  
gered. As yet the case of the British  
liner Orduna attacked by German sub-  
marine has not been brought officially  
to the attention of the State Depart-  
ment. Secretary Lansing yesterday  
said he had expected word from some  
American passengers aboard, but if  
this failed to arrive in another day or  
two, he would request one of the De-  
partments of the Government to in-  
stitute an investigation to obtain ac-  
curate information concerning the in-  
cident.MANY DIVINITY STUDENTS EN-  
LIST.LONDON, To-day.  
Captain Rev. Bruce Taylor, chap-  
lain of the 42nd Battalion, spent Sun-  
day in London and conducted services  
at Golders Green. At the Wesleyan  
Methodist Conference it was stated  
so many Divinity students had en-  
listed or gone to the front as chaplains  
that one of the four Theological Col-  
leges of the Conference will be empty.  
A Committee was appointed to con-  
sider the transferring of the empty  
college to the Government.

## AS BASES FOR OPERATIONS.

LONDON, To-day.  
The belief is expressed in Danish  
military circles, according to a Co-  
penhagen despatch, that the Ger-  
mans intend to use Windau and Ta-  
kun as bases for operations designed  
to result in the capture of Riga. The  
chief purpose in seeking occupation  
of Riga, it is believed, is to use it as  
a new naval base after the Gulf of Ri-  
ga has been cleared of mines.RUSSIANS UNABLE TO HOLD PO-  
SITIONS.VIENNA, To-day.  
The victories of the Teutonic allies  
all along the eastern battle front on  
the 18th, showed the strength of the  
enemy's resistance, according to an  
official statement from the Austrian  
war office. The assertion is made  
that while the Russians brought up  
all reinforcements available, they  
were unable to hold their positions.  
Between Skorbiegows and Grabovetz,  
in close touch with the Germans, they  
forced the crossing the Volzta into  
the enemy's elevated positions, cap-  
turing 3,000 prisoners. North of Mar-  
ovian and Sicilian Landwehr, after  
severe fighting, gained a firm footing  
on the east bank of the Bug. Troops  
under General Kirchbach, captured  
twelve officers and 1,700 men.GREAT BRITISH ADVANCE BEGIN  
ABOUT 1st AUGUST.NEW YORK, To-day.  
The Tribune, this morning, publish-  
es the following from London: The  
great British advance will begin  
about the first of August, and Eng-  
land will then make her great throw  
in the war, was the confident declara-  
tion to-day of one of the men in Kit-  
chener's newest army. The man was  
equipped with information although  
he is only a private. A year ago he  
was in the ranks of the Royal Fusiliers. "We  
are off to the front next Wednesday,  
July 14th," he went on, "and we are  
almost the first of a new force of  
Kitchener's great army of 2,000,000  
men, which is at last on the way.  
Within a couple of weeks after that  
there will be another 700,000 British  
troops in France."

## INCREASING MUNITION SUPPLIES.

LONDON, To-day.  
A Petrograd despatch to the Daily  
Mail says the additional factories are  
undertaking every day to turn out  
large quantities of munitions and  
supply war material of all kinds in  
increasing steadily. The nation is  
prepared to pass through a period of  
reverses, if necessary, but never has  
felt more certain of ultimate victory.
