

Sealer Off.

FOR THE GULF. The ship is leaving port this morning. The Telegram, in common with the whole country, wishes that the ship and his hardy crew should have a safe return with a large haul of seals. From here they will proceed to Channel waters clear for Gulf waters. The fact that the ship is to go to the grounds emphasizes the abundant success. It is the "Viking's" crew, usually of sealing "Vikings" to her commander, the most experienced seal on board Capt. Wm. second hand; Capt. C. ing officer and Capt. barrelman. The five and the majority of the crew hail from a couple of old, successful and

ships of the sealing route on the northern side three ships will sail on the 9th and 10th insts. and Pool's Island and on the 11th and 12th insts. on the 13th. According to the sealing law no guns are to be carried on the only two guns carried on those crew is not less than five. The captain must be from a Board of Examiners and the mate and master also have certificates. A fine of 1,000 is incurred for a ship or permanently disqualifying. It is contended that, judging from the past two months, a good voyage are seals will be found and more easy of access of fat is not likely to be the first arrival.
