REPORT CHANGES IN C.P.R. STAFF

MONTREAL, July 3.—A number of important changes in the staff of the Canadian Pacific Railway, eastern lines, are announced today.

Alfred Price, general manager, eastern lines, is granted leave of absence after forty years' service, on account of ill-health and is succeeded by J. F. Scully. George Hodge is appointed assistant general manager, eastern lines. W. N. Neal is appointed general superintendent, Algonia district.

## RACE DRIVER KILLED.

SAN LUIS OBISPO, Calif., July 3.—Enos Bello, a racing-car driver, was killed and Luis Silva, his mechanic, was injured, probably fatally, when their car hit a horse, throwing it into the air. The horse came down onto the men breaking Bello's neck.

## E. V. RECHNITZER WINS AT OTTAWA NET TOURNAMENT

OTTAWA, July 3.—Rain interfered with the schedule of the Ontario lawn tennis championships at the Rideau courts today, but a number of interesting games were played. In the men's open doubles Laframboise and Cassels had no trouble disposing of Pangman and Condy of Rideau, 6-1, 6-0.

LeRoy Rennie, Toronto, defeated Redmond Quinn, Ottawa, in the men's open singles, 6-2, 6-3. Rennie was an easy victor, but Quinn showed flashes of brilliance, and is evidently a corner. W. Craig of the Carleton Club was no match for E. H. Laframboise, who indulged him with a lead in the second set and then won easily, 6-1, 6-4.

One of the most stubbornly contested contests of the day was that between T. Brown of Rideau and J. M. McDougall, McGill, which Brown won, 7-5, 6-4.

E. V. Rechnitzer, London, defeated L. W. Brown, Montreal, 6-3, 7-5.

Lucan, July 3.—The Irish Nine won from Wingham on Saturday, July 1, by 9 to 5. Treeswater having dropped out of the Big Four League, Lucan opened to take their place with Godrich, Zurich and Wingham.

Saturday's game was their first against any of the northern teams, and

## LONDON AND PORT STANLEY RAILWAY

## PORT STANLEY IDEAL RESORT

Attracts Thousands Daily To Enjoy Cool Breezes of Lake Erie.

Latest Beach Improvements Include Popular Riding Devices of Every Type.

Cooling breezes and warm lake billows are only two of Port Stanley's many advantages. London's summer playground has many attractions to offer tired vacationists. And thousands of summer tourists and others are taking advantage of the opportunity to have a good time at a medium cost.

Down at the Port one will find as many facilities as any resort has to offer. Ferris wheels, merry-go-rounds, roller-coasters, and other riding devices have been installed at the lakeside and are proving popular, especially with the younger folks.

For many years Londoners have journeyed to Port Stanley annually to rest after several months' work in office or factory. Port Stanley has become so popular that it is almost regarded as a part of the city during the summer months.

Many London families reside at the beach during the summer months, and still go to work in London, leaving the Port on the early morning trains and returning late in the afternoon. London virtually owns Port Stanley during the summer. The electric railroad and all its facilities, including a modern bathhouse and cafeteria, are owned by the municipality of London. That is why Londoners should patronize Port Stanley.

This year many local improvements have been made at the watering place, including the laying of cement walks, and the buildings of good roads on the beach, and the planting of trees and shrubs, forming boulevards along some of the roads.

The bathing is excellent at Port Stanley. The beach is long and slopes gradually away from the shore. There are no holes close to shore. During the entire summer the water is generally warm. On sunny days the warm sand beach is the delight of bathers.

Port Stanley boasts a dance hall as good as those at any of the many resorts in Canada. The place is well-supervised, and only the best music is provided.

On the hill overlooking the beach is an artificial as well as a natural playground. Here, swings and other apparatus for children and grown-ups have been installed. Although the hill is steep, one need not worry about reaching the top. The incline railway will solve the transportation problem for a small sum.

Canoing is a favorite pastime at the resort. On the river and near the shore of the lake on a holiday or week-end many small craft dot the water.

There are also a number of launches and steamboats which make passenger trips into the lake.

On the beach is an excellent baseball diamond, where many fast games are staged each week. Here, too, is plenty of space for soccer.

The village of Port Stanley has many up-to-date stores where summer visitors may obtain their supplies at reasonable prices.

In every way, London's playground on the lake compares favorably with any on the continent. To this thousands of Londoners, residents of Western Ontario, and even American tourists, will testify.
