

TIME FOR A CHANGE!

HEALTH IN MARCH, APRIL, MAY!

Use the Only Spring Remedy in the World That Has Stood Every Test of Time.

PAINE'S CELERY COMPOUND MAKES ONE WELL.

In March, April and May use Paine's Celery Compound.

And only Paine's Celery Compound! For it is nature's remedy.

It is the only spring medicine that the best physicians recommend.

Clergymen of all denominations speak of the wonderful medicine with enthusiasm.

Paine's Celery Compound has a record of life-saving work that has never been equalled.

Paine's Celery Compound cures disease. It makes people well. It has saved the lives of thousands of sufferers. It makes the weak strong.

It purifies the blood and enriches the nerves.

Every condition of winter life has been detrimental to health. There has been a steady decline in nervous vigor. Now that spring comes the body is only given a chance. This opportunity comes when the excretory organs, kidneys, skin and bowels are made to work actively and the nerves are able

to furnish sufficient energy to the digestive organs.

No remedy in the world accomplishes these results like Paine's Celery Compound. It nourishes, regulates, and invigorates the entire nervous system from the brain to the minutest nerve filament. It causes an increased appetite and tones up the stomach to deal with the increased food. Its nourishing action is immediately manifest in a clearing up of the muddy, unhealthy skin, an increase in weight and more refreshing sleep.

First discovered after laborious scientific research by the ablest physician America has produced, Prof. Edward E. Phelps, M.D., LL.D., of Dartmouth College, it is prescribed and publicly endorsed by the best practitioners in every city of America. It has been so enthusiastically recommended by grateful men and women in every walk of life that it is to-day in every sense the most popular remedy the world ever knew.

It has proven itself the greatest of all spring medicines.

In Montreal, Toronto, Hamilton,

London, Quebec, Halifax, St. John, Winnipeg and other cities, the leading druggists have found that the demand for Paine's Celery Compound surpasses that of all other remedies together.

Paine's Celery Compound, taken during the early spring days, has even more than its usual remarkable efficacy in making people well. It makes short work of disease. It rapidly drives out neuralgia, sleeplessness, dyspepsia and rheumatism from the system. It removes that lassitude, or "tired feeling," which betokens weakened nerves and poor blood.

Women working in close offices; saleswomen tired out and nervous from long hours' standing on their feet and waiting on impatient, irritating customers; overworked, worried and disheartened men and women everywhere will be astonished to find how much happier life becomes when their nerves have been strengthened and their blood purified by means of this great remedy.

No other remedy has the hearty approval of a like body of educated men and women and professional men, nor has there ever been a remedy that was

welcomed in so many intelligent, prudent homes where care is taken to get only the best in so vital a matter. In such families all over the country Paine's Celery Compound is the first, last and only remedy used.

Prof. Phelps had studied the nerves in health and disease, when well nourished and when under-nourished, in men and women and children years before he looked for the remedy. Paine's Celery Compound is the outcome of his entire professional life. It is the one remedy that the world could not lose to-day at any price.

Paine's Celery Compound induces the body to take on solid flesh.

Physicians recognize Paine's Celery Compound as the one scientific spring remedy, and it is universally prescribed by them wherever there is great need of a vigorous and prompt restoring of health and strength to the worn-out system.

Paine's Celery Compound is the best spring remedy because it is more than a mere spring remedy. It brings about a healthy appetite, complete digestion, regular action of the bowels and the

other excretory organs whenever taken, whether in summer or in winter; but, as the greatest of spring remedies, it has extraordinary opportunities for inducing the body to throw off morbid humors that poison it and cause rheumatism, neuralgia, heart trouble and a general low state of the health, as in spring the system is more pliable and chronic diseases, so securely lodged in the system that they are with difficulty ousted, become more tractable.

Thousands of men and women have found from personal experience that Paine's Celery Compound makes people well, and keeps all from sickness who take it in the spring.

Many a father and mother have noticed the most remarkable improvement in the health of their children from taking Paine's Celery Compound in the spring. It is the one scientifically accurate remedy fitted by its composition to thoroughly purify the blood and dispel that exhausted feeling and get rid of skin diseases, headaches and fits of depression with which children with weak, nervous systems, as well as grown people, are afflicted.

OUTRAGEOUS DOINGS.

Grit Workers Kidnap Voters After Making Them Drunk.

East Middlesex Grits were caught in some despicable tactics in Dorchester last night. One of their heeled succeeded in making a couple of voters drunk, and giving them a dollar a piece induced them to come to the city, promising them more money when reaching here. Mr. Robt. Neely got on to the game and started in pursuit, overtaking them on Colborne street north. Mr. Neely succeeded in prevailing upon one of the men to return home with him, but the other, too drunk to know what he was about, stayed with his captors. The intention was to take the men to the hotel across Kensington Bridge. Other similar outrages are reported in the same township.

BACK FROM MICHIPICOTEN.

Toronto, Feb. 28.—W. Robbins, an English mining expert, who has just returned from the Michipicoten and Portage mining districts, is in the city. Mr. Robbins has spent several months in the mining districts of Northern Ontario in the interests of English capitalists. His reports as to the auriferous resources of the district are most encouraging. "The Klondyke," said Mr. Robbins, "is not a patch on these gold fields of Ontario, within thirty-six hours of Toronto. It is a beautiful free milling ore of a high assay, and even the low grade ore returns large profits. This is the country for capitalists. So far the Klondyke is a poor man's gold field, although where placers exist there must be also quartz deposits. These placer gravels are washed down from the hills, which have not been explored as yet. But there will be no quartz mining in the Klondyke until there are better means of transportation—say two years from now."

A boon to housekeepers. Electric Metal Polish.

Mr. Walter Mills, barrister, of Ridgeway, spent Sunday in the city.

"An Ale of High Degree"

CARLING'S

Known all over Canada—from Cape Breton to Vancouver—as the best that is produced. You make no experiment when ordering our goods. We guarantee the quality to be the BEST. That may be a large assertion, but our manufactures prove it.

Central Committee Rooms, opposite City Hall, will be open to-night until 11 o'clock.

SALE OF
Fine Steel Engravings
and Etchings,
Mostly in the Artist's proof state, all beautifully framed.
The subscribers will sell by auction at my room, Dundas street.

Wednesday Afternoon and
Evening, March 2nd,
an important collection of Engravings and Etchings in artists' proofs, including the following subjects are in the collection:—
The Railway Station, Salon D'Or, Intellect and Valor, The Deer Park, The Challenge, The Sanctuary, Old Maid, The Shepherd's Prayer, Browning, Hunted Stag, Charge of the Heavy Brigade, The Queen's Garden Party, and on the Highlands, Spring Ploughing, Dominion, Floreat Elona, Morning of the Chase, etc.

These engravings are a consignment from a leading London publisher, and as many of the subjects have been copyrighted in England, they cannot be reproduced in any of the cheap processes now so common. Therefore, in buying Proof Engravings, you get the next best to the original picture. On view Monday and Tuesday. Catalogues ready.

Sale at 2:30 and 7:30 o'clock.
J. W. JONES, Auctioneer.

THE SPORTING WORLD.

BASE BALL.

THE ST. LOUIS FRANCHISE.

Louisville, Ky., February 28.—Representatives of a syndicate of Louisville whiskeys left last night for St. Louis, with orders to buy, if possible, the franchise for the St. Louis Base Ball Club. The syndicate intends to buy the club, if favorable terms can be secured, re-organize it and place it upon a paying basis.

TO PREVENT ROWDYISM.

St. Louis, Mo., Feb. 28.—With the exception of Andrew Freedman, president of the New York Base Ball Club, all the National League managers are here to attend the annual meeting which convened today at the Southern Hotel. A. B. Soden, of Boston, held the proxy of Mr. Freedman. A number of minor league officials are also on the field to look after their respective interests, and to make whatever dicker for players they may be able to do. The adoption of the new rules, the drafting of new rules, especially one looking to doing away of rowdy ball, and the appointment of a new chief of umpires and the selection of his staff are the principal matters up for action. Ned Hanlon, who represents the majority of the rules committee, will report the following rule to do away with rowdy ball playing:—"If a manager, captain or player, or any obscene, foul or loudly profane language to or within the hearing of either umpire, commit or threaten to commit any violent act against the person of an umpire, player or spectator, it shall be the duty of such umpire to order such player from the field, and out of the grounds, for the remainder of the game. It shall also be the duty of such umpire to report in full such language, or act, or threat of such violence or threatened violence, to the president of the League by letter immediately after the game, and in the event of such violation, to punish such offender by suspension or prohibition from playing in any league game for such time as he may deem proper. The president may, upon the receipt of the telegraphic information from an umpire of such offense, suspend the player temporarily until he receives the full information, and can act thereupon. In case the statement of the umpire is denied, it shall be the duty of the president to investigate and learn the truth of the matter, and if found guilty, at 8 o'clock this evening the National League met in executive session.

NATIONAL BOARD OF ARBITRATION.

St. Louis, Mo., Feb. 28.—A meeting of the National Board of Arbitration of the National League of Base Ball Clubs was held today, and a number of cases were disposed of before final adjustment. As it is the duty of the board to hear and determine all disputes and complaints between associations, clubs and members of the same, the business passed upon was of that nature. President N. E. Young presided, and the following were present: H. Soden, of Boston; F. D. Robinson, of Cleveland; J. A. Hart, of Chicago, and J. T. Brush of Cincinnati. A request for President Powers, of the Eastern League, for permission to hold exhibition games in National League territory prior to the adjournment to the regular session was presented. It was decided that clubs of a minor league had no right to play in the territory of the major league without permission of the latter. The claim of the Rochester Club, of New York, who was resented by Brooklyn and traced to Rochester, was dismissed, as was also the claim of W. F. Hutchinson against the St. Louis Club for two days' salary. The board found no evidence to show that the St. Louis management had agreed to pay Hutchinson the salary claimed by him. The Atlantic League was ordered to pay by May 15, 1898, whatever is due players Fox and McVegher, and any other players to which it has become indebted by reason of assuming the liabilities of the Atlantic Club.

GODDARD BADLY PUNISHED.

Los Angeles, Cal., Feb. 28.—Goddard's lessons threw up the sponge in the third round. The referee let the fight go until the fourth round, when he declared in favor of Jeffries. Goddard was badly punished.

GOOSEY.

A very exciting game of hockey was played on the Jubilee Rink Saturday after-

EAST MIDDLESEX.

SUCCESSFUL HODGENS MEETING AT THORNDALE.

Messrs. A. E. Powell, of London; Peter Elson, Warden of Middlesex; J. G. McNeely, James Gilmore, M. P., and George Neely, Reeve of Dorchester, Deliver Addresses.

THE MEETING AT THORNDALE.

The meeting at Thorndale on Saturday night last, held in the interests of Mr. T. D. Hodgins, the Conservative candidate, was one of the largest political gatherings ever assembled there. Harding's spacious hall was crowded to the doors, a large number of ladies also being present. The greatest enthusiasm prevailed. The meeting was solid for Hodgins, and although the invitation was extended, no one could be found willing to champion the Government's cause.

MR. JOSEPH DUFFIN OCCUPIED THE CHAIR.

Mr. A. B. Powell, of London, was the first speaker, and in an able address of nearly an hour, discussed the various public issues, showing the inconsistency and duplicity of the Government candidates in presenting statements to the electors which they
