TRAIN WRECK NEAR NEW GERMANY

Two Killed and Twelve Injured in
Wreck on Halifax and South-
western Friday—Wreckage
on Fire.

Halifax, Feb. 24.—The Halifax
and South Western train from
Middleton for Lunenburg was
wrecked near New Germany this
evening. Two men were killed
and five persons were more or less
badly injured. The cars took fire
and the passengers were rescued
through the roof which had to be
cut. It was impossible to get out
by the door. The accident, it is
thought, was caused by spreading
rails.

The engine and two or three
box cars went along all right, but
the baggage car and passenger
car at the rear jumped and fell
over a ten foot embankment, lying
on their side. In a few moments
after the cars fell over the flames
afterwards spread to the passenger
coach, which held twelve persons.

The dead are—Lauchlan Mc-
Laughlin, Lunenburg, baggage-
master.
The injured are—Mr. and Mrs.
Willis Faulkner, Bangor, Me.
Leander Hirtle, Northfield.
H. Wentzell, Upper Branch,
Lunenburg.

Seven others were slightly in-
jured.
Within the baggage car were
four men. Standing on the out-
side was Orien Sargeant the
brakeman. He was thrown to the
ground and the car fell on him
causing instant death.
People ran to the baggage car
and opened the door. They pulled
out three men, and thinking that
was all, then devoted their atten-
tion to the passengers. One was,
however, left in the car, and either
perished in the fire that burned
the baggage car, or was kied in its
fall.

Axes were used and the sky-
lights on the roof of the passenger
coach were cut away and the pas-
sengers imprisoned within were
pulled out. They were severely
bruised but none fatally hurt.

COMPULSORY SERVICE
IN AUSTRALIA

Prompt Response of Youths for
Army Training—Afraid of Jap-
anese Spies.

Melbourne, Australia, Feb. 24.—
Under the compulsory service law,
125,000 lads have registered for
army training. Figures show re-
sponse by the youths of the feder-
ation has been marvellous. The
federal government has gone a
step further in the campaign
against Asiatics in Australia.
Regulations have been issued
which will have the effect of great-
ly restricting the movements of
Mongolians. The real reason is
that the authorities charged with
the duty of securing the defence
of the island continent are anxious
lest the Japanese may have the
opportunity of spying.

YOUNG MAN KILLED
Burton Casey, a young man of Mem-
ramcook, twenty-five years of age,
was cut in two by the train Thursday
night, just beyond his home. It is
supposed that he was asleep when the
train stopped at the station and wak-
ing up afterward, jumped, rolling
back from the snowbank under the
car wheels. It is worthy of passing
comment as a coincidence that a few
years ago a brother of Burton Casey

FAMOUS BRITISH ADMIRAL

Tells What Zam-Buk Did For Him.

Many famous persons have testified
to the great value of Zam-Buk, and
among the most recent is Admiral
Rodney M. Lloyd. Writing from the
Royal Naval Club, Portsmouth, Eng-
land, Admiral Lloyd says:

"I have found Zam-Buk most re-
liable for healing cuts and abrasions;
while for the relief of skin irritation
it is invaluable."
Another famous user of Zam-Buk
is Mr. Frank Sandmore, the War
Correspondent, who supplied Canadian
papers with their dispatches during
the Boer War. Mr. Sandmore says:
"Some poisonous dye on my under-
clothing came in contact with a small
ulcer on my leg and blood poisoning
set in. Inflammation, pain and swell-
ing followed. My medical man's treat-
ment did not seem to do any good, as
after after ulcer broke out, until my
left leg from knee to foot was one
mass of sores. I had seventeen deep
ulcers at one time. I could not put my
foot to the ground, and was really in
a pitiful state. A friend advised Zam-
Buk, and I applied this herbal balm.
It was really wonderful how it soothed
the pain and aching and gave me ease.

"I continued with it, leaving off all
other treatments and at the end of a
week's treatment my leg was not like
the same. A few boxes of Zam-Buk
healed the sores, and my skin covered
healthy skin covered the places which
had been so deeply pitted and scarred
by ulceration and blood poison. The
limb is now perfectly healthy, and
with no marks of the old ulcer. For
this splendid result I have only Zam-
Buk to thank." Zam-Buk is a cure
for piles, eczema, cold sores, chaps,
ulcers, ringworm, poison, cuts, abscesses,
burns, children's rashes, abrasions
and for all skin injuries and diseases.
All druggists and stores sell at 50c. box,
or post free from Zam-Buk Co., "To-
ronto, for price. Retuse imitations

ADRICT ON ICE

Mr. Fred S. White, who is at the
Touraine this week, was on the Bar
Grey the other day when she picked
up two sportsmen who had gone adrift
on an ice cake. A wireless message
informed the captain that two men
had gone adrift, and he kept lookout
aloft. "When I first saw the men,"
says Mr. White, "they looked just
like two crows on the ice." The ad-
mirer broke into the ice and lowered
a ladder, and the men were taken on
board. They were given hot drinks
and blankets and were soon all right.

POLITICAL CRISIS IN FRANCE.

Premier Briand, Forsaken by a
Strong Section of His Followers,
Forced to Resign.

Paris, Feb. 26.—The bare ma-
jority of sixteen, which the govern-
ment received last night in a vote
of confidence in the Chamber of
Deputies, following the Premier's
arraignment by the Radical Socialists,
Louis Malvy and Paul
Meunier, was a sore blow to the
Premier and his associates, who
had been sustained many times in
previous crisis by much larger
votes. In the end, M. Briand de-
clared that he was "sick of it all."

The only reason for waiting
until Monday to present their
resignations to the President is
that the ministers wish to show
their respect for the memory of
their late colleague, Gen. Brun,
whose funeral will take place
Monday morning.

The vote in the Chamber of
Deputies, Friday, is interpreted as
the result of an intrigue among
Briand's adversaries in his own
party, who have been plotting his
overthrow since the great crisis
in the railway strike and blocking
the Premier's programme of arbi-
tration in labor disputes in con-
nection with the public service
corporations.

Physically and mentally ex-
hausted, by several years of un-
interrupted labors in life, M. Briand
is sincerely anxious to retire.
Even now he is discussing with
his friends the delights of a pro-
posed trip to the Mediterranean.
It is understood that M. Pinchon,
minister of foreign affairs, is
equally determined to withdraw,
and would not accept a place in
the new cabinet if it were offered
him.

The Temps in summoning up
the situation blames parliament
for taking too much interest in
the railway employees, who im-
perilled the security of the coun-
try, and not enough in the
measures to protect the nation
from civic war.

It is stated tonight that the
powerful Radical Socialist group
of Republicans which voted
against the government on Friday,
has decided not to accept a minis-
try not presided over by a mem-
ber of the Radical or Radical-
Socialist groups.—[The Radical-
Socialists are not to be confounded
with the United Socialist, who are
a distinct body of about 75 mem-
bers, who were never allied with
the government.

Paris, Feb. 27.—Late this after-
noon it was announced that Presi-
dent Fa'ieres had accepted the
resignation of his cabinet.

buy one—maybe you are uncertain which make
to buy—but

have you heard the
Edison Phonograph
play an Amberol Record?

You can do this at the store of any Edison dealer.
When you go, note the longer playing time of
Amberol Records (playing twice as long as the
Standard Edison Records); note the Amberol se-
lections, not found on any other record of any
kind; note also the reproducing point of the
Edison Phonograph that never wears out and
never needs changing; the motor, that runs as
silently and as evenly as an electric device, and
the special horn, so shaped that it gathers every
note or spoken word and brings it out with start-
ling fidelity. It is these exclusive features, vital
to perfect work, that should claim your attention.
