BY AEROPLANE TO PARIS.

A distinctly novel attraction has now been provided in the G.P.R. office windows at Charing Cross, an attraction which has been much admired by the crowds who have gathered to make inspection. The fine windows usually devoted to the exhibition of things Canadian is being occupied by an excellent model aeroplane of the Aircraft Transport and Travel, Limited, at Hendon, together with scientifically accurate models of various types of aeroplanes and airships.

Such a display in a railway and shipping office may seem rather unusual at first sight, but is really a sign of the times, also marking much enterprise on the part of the Dominion Express Company of Canada. Realizing the importance of maintaining a really "Express" service, if its name is still to be justified, the Dominion Express Company, the premier Express Company in Canada, made arrangements to act as Passenger and Parcel Agents for the Aircraft Transport and Travel Limited on their London-Paris daily air service.

It is thus possible for either passengers or parcels to be booked for conveyance by aeroplane to or from London and Paris through any of the Dominion Express Company's offices in Europe, and these, in addition to London, are to be found in important cities such as Liverpool, Glasgow, Manchester, Birmingham, Bristol and Paris.

The advantages of this arrangement are many, for the Dominion Express, holding as it does the exclusive right of shipping Express parcels over the entire G.P.R. system, as agents for the Aeroplane Service can ensure that an Express package scheduled to catch a certain ship actually reached its destination in Canada in the shortest possible space of time. As time is money nowadays, more than ever it was, it is easy to realize what an important adjunct an Air Service is to an Express Company.

The time-table shows that only 24 hours is occupied on the journey as from London and Paris—current letters are carried at 2 shillings and 6 pence per ounce over the ordinary letter rate.

Parcels for delivery in Paris on the same day have to be handed in at the London office of the Dominion Express Company, 62-65 Charing Cross, London, S.W., before 10.30 a.m. The parcel rates range from 1s. 6d. to 2s. 6d. per lb. according to quantity, while special rates are quoted for large and regular consignments. The single fare for passengers is 10 guineas which includes a car to convey the passenger to Hounslow, the starting point. The Dominion Express Company's officials at Charing Cross have every reason to believe that a large proportion of Canadian goods to Europe this year will be shipped by the ease with which they are able to book seats for a car to take them to the Continent, and that the motor car can pick them up at the Champs Elysees.
