If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.

We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

OF TOWN COUNCIL**Held on Monday Afternoon to
Consider Purchase of Fire
HorseA special meeting of the Town Council was held on Monday afternoon, for the purpose of discussing the purchase of a horse for the Fire Department. His Worship Mayor Andrew presided and there was also present Councillors Alexander, Patterson, Goss, Quinn, Ellsworth and Miller.
An informal discussion took place on the matter of purchasing a new horse for the fire team, one horse of the matched pair purchased some time ago having gone lame. An opportunity had been given the Council to purchase a grey mare from J. C. Wallace, a horse dealer from Ontario, the price being \$265. A committee was appointed to confer with the dealer and the price was arranged at \$255, which figure was paid for the animal.
Several offers had been received for the discarded grey, but Councillor Patterson put in a strong plea to keep him as he would be required very soon for street work and thought by working him easy in the town carts, the horse would come round all right.
It was arranged however to advertise for tenders for the horse, the highest or any tender not necessarily to be accepted. This being all the business, Council adjourned.**RETURN OF WELL-
KNOWN COMPANY**"Gladys Klark Co." to Play
Three Nights Engagement
at the Opera House

"Bought and Paid For," justly termed the most remarkable play of our time, is the vehicle in which Gladys Klark and her famous associates will appear at the Opera House tonight. This play is by Mr. George H. Broadhurst, the writer of more successful drama than any living man, and it is now enjoying most successful run in all the principal cities. The patrons of the Campbellton Opera House, are assured of a real dramatic treat tonight. "The Turn of Mind" by Preston Gibson will be the offering of this sterling organization on Friday night, at the special Saturday matinee, Eugene Walters' great drama of life

**MISS GLADYS KLARK,**
Campbellton Opera House, Starting Thursday, Oct. 7th.
In the Canadian north west will be presented, and on Saturday evening the company will close its engagement in Campbellton by producing "Kindling," the famous detective chief drama in which Margaret Livingston made her greatest success. Between the acts at each performance, new vaudeville features are introduced and these as well as the plays are changed entirely at every performance. A car load of special scenery and electrical effects are carried by this company, with which to produce the above play. Reserved seats are now on sale at the Box office for all performances. Evening prices 25, 35 and 50 cents. Matinee 15 and 25 cents.**BATHURST DREDGING**(From the Gloucester Northern Light)
After having stopped dredging operations for about a month the Northern Dredging Co. started again on Monday, and expect to continue until the end of the season. Just how the Government was influenced to favor Bathurst under the present conditions is somewhat of an enigma, but it is likely that the St. John Standard's claim that Hon. Mr. Hazen carried the work through is about right.
Bathurst wants its harbor dredged as soon as possible, and therefore appreciate very thoroughly the good work that Hon. Mr. Hazen has been largely instrumental in accomplishing for the town.

Miss Jessie Thompson of Campbellton is visiting in the city, the guest of Con. M. Cummings.—Transcript.

**FIRE IN LUMBER YARD
ON MONDAY EVENING**Campbellton Fire Brigade Called
to Outbreak at Salmon
Lake, P. Q.

On Monday evening fire broke out in the lumber yard of Messrs. Price Brothers, Salmon Lake, P. Q., and a big conflagration was threatened. As the authorities there are putting in a water system, a call was sent to Campbellton about 10:30 for help, and an order to the brigade to turn out was made by Chief O'Donnell. The engine and about 1800 feet of hose was loaded on a flat car and in little over an hour 22 men with the chief were hurrying to the fire.

On arriving at the destination the firemen found that the outbreak was well under control and after getting the engine in position directed two streams on the burning area and in about a couple of hours had the fire dead and all out.
No reason can be assigned for the outbreak which started at the extreme south end of the yard far removed from the mill, and it is thought was caused by some one smoking in the yard, and a lighted match or pipe spark dropped among the dry lumber. The yard is situated to the south of the track, the lumber being closely piled over a large area, and is mostly dry spruce and pine, the fire starting in the dry lumber of the 1913 cut. Over 1400 feet of hose was laid out from the engine, which was pumping from the lake on the north side of the track close to the mill.Before the arrival of the Campbellton brigade the mill hands had kept the blaze in its original place by tearing down the piles surrounding the fire, leaving a twenty five foot space, having a small two inch hose as well as a bucket brigade fighting the flames. The night was calm with no wind, but for their own safety the company desired help, for had there been any wind from the south the whole yard in which there is piled about ten million feet would have been swept away and the lumber endangered. As it was, there was only between 120,000 and 150,000 feet of lumber destroyed, representing a probable loss of \$2000, which is covered by insurance.
The firemen returned on the Limited on Tuesday morning and the superintendent later in the day.**REPORTED APPOINT-
MENT HAS BEEN MADE**W. R. Fitzmaurice New Superin-
tendent at Campbellton.—S.

B. Wass Next Assistant

(Fredericton Mail)
It is reported that the late Evan Price of Campbellton, will be succeeded as superintendent of the Moncton-Campbellton Division of the Intercolonial Railway by Mr. W. R. Fitzmaurice of Newcastle, who had been assistant to the deceased superintendent for some years. Mr. S. B. Wass of this city, assistant superintendent in charge of the St. John & Quebec Railway under I.R.C. operation, is mentioned as successor to Mr. Fitzmaurice.Since the beginning of the illness of the former superintendent, Mr. Fitzmaurice has performed the superintendent's duties, assisted by Mr. Wass. The latter, when asked by a reporter of The Mail if any appointments had yet been made, stated there had not, although there were numerous rumors.
Mr. Wass has been a resident of Fredericton since the construction of the St. John & Quebec Railway began in 1912. He was assistant engineer in charge of construction and later chief engineer. When the Intercolonial began operation of the line he was appointed assistant superintendent.**THE NEW COUNTY COUNCIL**(From the Gloucester Northern Light)
As a result of the elections on Monday, when contests were held in Shipigan, Inkerman, Caraque, Paquetville and New Brandon, the new County Council is made up as follows:
Bathurst—John Miller and Gilbert J. Doucet.
Berford—Theodore Roy and Wm. D. G. Doucet.
New Brandon—E. Howard Good and Damase Albert.
Paquetville—John H. Theriault and Jos. A. Poirier.
Caraqet—S. R. Leger and Fred L. Beger.
St. Isidore—Euchere Duguay and Ernest Bourgeois.
Inkerman—Jerry Muzerall and Max Arsenault.
Shipigan—Sam G. Robichaud and Joe L. Duguay.
Saumarez—J. Ray Young and Jos. Saunier.

Mrs. Jas. Patterson of Campbellton is visiting relatives in the city.—Transcript.

**PAST WEEK GOOD IN
RECRUITING WORK**Eighteen Recruits Signed on for
64th Battalion and Also for
the Heavy Battery

When the tale comes to be written of the great war, one town will stand out prominently as having done its share well and that will be the little town of Campbellton. We do not strive to stand on the same plane as other larger towns in New Brunswick, yet by virtue of what we have done and all doing we are away ahead of towns which claim a population far above what we have.

During the past week Recruiting Officer McDonald enlisted eighteen young men for both the 64th Battalion and for the Heavy Overseas Battery, which makes his total since the 15th of August 99 recruits. At that time over 400 had been sent from this district, so that we have now the large total of over 500 men enlisted from here for overseas service. This is a record indeed of which any town may be proud, and we have not yet finished.

For the Heavy Battery the following enlisted here and were sent to Halifax from whence they will embark for training in England.
Irby F. Jellet, Campbellton.
J. W. Clark, Campbellton.
Ben MacNutt, Campbellton.
Fred T. Mowat, Campbellton.
R. Hal Mowat, Campbellton.
Thos. McC. Andrew, Campbellton.
W. Guy Wyers, Campbellton.
The following names enlisted here and were sent down to Sussex for the 64th Battalion.
Stanley Harrison, Grand Casapedia.
Albert Lloyd, Campbellton.
Henry Delaney, Campbellton.
Maurice McGregor, Jacques River.
Louis Guitart, Jacques River.
Frank Comeau, Ottawa.
Leo Boudreau, Bathurst.
Joseph Johnson, Seven Mile Ridge.
Thos. Roach, East Margaree, C. B.
Theodore Comeau, Warwick, P. Q.
George Co. Savard, P. Q.
Last Thursday Lieut. Col. F. Minden Cole of No. 1 Overseas Battery Heavy Siege Artillery spent the day with Recruiting Officer A. McLeod, and spoke highly of the class of men who had volunteered for this arm of the service. Col. Cole was on his way to Montreal to say good-bye to his friends before leaving for England.**START MADE ON NEW
PRESBYTERIAN CHURCH**Solid Brick Structure to Be Er-
ected on Property Next the
Court House. Modern Plan(From the Gloucester Northern Light)
The Presbyterian congregation has made a start on their new church building on St. Patrick St., and the foundation will likely be completed some time this week. The new building is to be of solid brick construction on a concrete foundation, and when completed will be one of the finest church homes in the Province. Its dimensions are 80 by 57 feet, and the main auditorium will have a seating capacity of about 450. Besides the auditorium, the main floor will contain rooms for the pastor and the choir, while the basement will have a large school room, parlor, library, kitchen and class rooms. Everything is to be finished in the most approved style, and the new building will be a great addition to the architectural beauty of the town.

It is not expected that any more than the foundation will be completed this year, as the season is now too far advanced to start the brick work. All material will be placed on the ground, however, ready for an early start in the spring.

EVERY WOMAN NEEDS THEM

There have recently come to the editorial desk, two attractive books which will doubtless prove of great service to the army of women who are interested in dainty dishes for the home, and especially those who put up their own preserves.

One of these books gives a large number of inviting recipes for candies, fudges, nougats, bon-bons and many kinds of cakes, etc. All these recipes are practical, having been carefully tested by experts, and will always "turn out right" when followed carefully.

The other book contains fifty assorted labels for fruit jars. These labels are printed and gummed, and ready to be put on the jars.

Any reader of this paper can have both of these booklets by sending to Atlantic Sugar Refineries Limited a Red Ball trade-mark cut from Carton or 10 lb. or 20 lb. Bag of Lantic Sugar.

**FIRE DEPARTMENT
RECOGNISED BY FIRM**Receive Cheque From Bathurst
Lumber Co. For Work Done
at Recent Fire

The Fire Brigade have received a kindly acknowledgment from the Bathurst Lumber Co. for the splendid work of the department at the recent fire at Bathurst. Chief A. E. O'Donnell received a letter from the firm thanking the firemen for their work and enclosing a cheque for \$50. They also wrote the Mayor the letter to whom follows:

Bathurst 1, 1915.
Mr. A. A. Andrew, Mayor,
Campbellton, N. B.Dear Sir:
We are taking the liberty of sending to Mr. Herbert O'Donnell, Chief of your Fire Department, at Campbellton, a cheque for \$50.00 for your Fire Department and we wish to thank you personally and also the council men of your town for the interest you have taken in our behalf here and assure you that we appreciate it greatly. We would be glad to render you service up there if any occasion ever arises for doing so, but we trust that you will never have to call on us for aid, as we were obliged to ask you for last week.Thanking you very much,
Yours truly,
Bathurst Lumber Co., Limited.**INTERESTING CERE-
MONY AT HOTEL DIEU**Young Lady Takes Final Vows
at Convent Here Last Tues-
day MorningOn Tuesday, Sept. 28th, the Chapel of the Hotel Dieu here was the scene of a very interesting ceremony, when Sister Jane Stewart, pronounced her final religious vows. Her Lord-bishop Barry not being present, the Reverend Father Wallace, pastor of Our Lady of Snows Church, presided, assisted by Rev. Fathers A. A. Boucher of Dalhousie, N. B. F. M. (apostle of Shives Athol, and Pacific O. M. Can., of St. Anne de Restigouche).
The sermon was delivered by Rev. Father Lantier, who in well chosen language showed the greatness of the generosity, self-denial and devotedness involved in the life of a Religious Hospitalier, who abandons all that she might more completely devote herself to lessen the sufferings of the afflicted. The sermon was listened to with rapid attention and made a lasting impression.
Sister Stewart is a native of Scotland and came here from Glasgow, with her mother some four years ago. Mrs. Stewart wife of her daughter's Religious Profession as did also her brother John A. Miles, who resides at Milwaukee, Wisconsin. Sister Stewart's friends wish her many happy years of devotedness in the vocation which she has chosen.**MARRIAGES**

A wedding of more than ordinary interest was solemnized at the Church of Our Lady of Snows on Monday morning, when Maria, daughter of Mr. and Mrs. A. C. Roy was united in the holy bonds of matrimony to Reine J. Lavoie, late of Moncton, now private secretary to the L. C. R. Division Superintendent at Campbellton. The ceremony was performed by Rev. Fr. Wallace, girl friends of the bride taking part in the musical service. The young couple, who are most popular in town received many gifts and were the recipients of much congratulation from their many friends. Mr. and Mrs. Lavoie left by Monday's Limited for a short wedding trip to Western cities and on their return will reside in Campbellton.

A very quiet wedding was solemnized in Christ Church yesterday morning at 8 o'clock, when Alice, younger daughter of Mr. L. T. Joudry was united in marriage to Mr. J. O. B. Steven of the L. C. R. staff. The ceremony was performed by Rev. J. E. Purdie. After the wedding a reception was held at the home of the bride's parents on Gerrard St. Mr. and Mrs. Steven motored to Dalhousie Junction, where they caught the Limited and will visit various points in New Brunswick and Nova Scotia on a short wedding trip. On their return they will reside in Campbellton.

NEW CARLISLEMrs. Dickie of Campbellton is visit-
ing her home here at present.

Mrs. W. L. Kempfer received word last week from her son Guy, who was on a visit to Montreal, that he had enlisted in that city. Guy is the second son of the family.

Miss F. Dow of Port Daniel spent the week end with Miss Sutherland.

G. Mersereau of Campbellton is in town.

Mrs. W. Maguire is spending a few days at her home in Gaspé.

Americans consumed forty-six mil-
lion bunches of bananas last year.

RED ROSE TEA "is good tea"
