A PAPER FOR FARMERS AND STOCKMEN.

Managing Director, D. T. McAINSH
Editor, J. W. WHEATON

Farming is a paper for farmers and stockmen, published weekly, with illustrations. The subscription price is one dollar a year, payable in advance.

Postage is prepaid by the publishers for all subscriptions in Canada and the United States. For all other countries in the Postal Union add fifty cents for postage.

Change of Address.—When a change of address is ordered, both the new and the old address must be given. The notice should be sent one week before the change is to take effect.

Receipts are only sent upon request. The date opposite the name on the address label indicates the time up to which the subscription is paid, and the change of date is sufficient acknowledgment of payment. When this change is not made promptly notify us.

Discontinuances.—Following the general desire of our readers, no subscriber's copy of **FARMING** is discontinued until notice to that effect is given. All arrears must be paid.

How to Remit.—Remittances should be sent by cheque, draft, express order, postal note, or money order, payable to order of **FARMING**. Cash should be sent in registered letter.

Advertising Rates on application.

Letters should be addressed:

San Jose Scale Law in Manitoba.

The Dominion Minister of Agriculture on the presentation of Manitoba representatives has had an order-in-council passed by which anyone in Manitoba or the North west Territories who wishes to obtain from Dakota and other north-western states cottonwood trees for planting in Manitoba and the Territories can do so from now up till the first of January next. Shipments will be made by the port of Brandon, where Supt. Bedford, of the Experimental Farm, will make a thorough examination for traces of the San Jose scale. Whether this exportation will be continued after the first of the year is not known. Manitobans seem to think that the application of the Dominion San Jose Scale Act to that province is an absurdity.

Another Canadian Honored.

The University of Madison, like many other agricultural colleges in the United States, has recently appointed a Canadian to a position of responsibility in its agricultural department, in the person of Mr. A. G. Hopkins. Though Mr. Hopkins is not Canadian by birth, about all his agricultural training has been received here. He was with Messrs. J. Gardhouse & Sons, Highfield, Ont., for five years, after which time he attended the Ontario Veterinary College, standing third in his graduating class. After practising his profession in Manitoba for awhile he entered the Ontario Agricultural College. After spending two years at Guelph he went to the Iowa Agricultural College from which he received the degree of Bachelor of Agriculture and Veterinary Medicine. Since receiving this latter degree he has spent three months in post-graduate work at McKillop Veterinary College, Chicago.

Mr. Hopkins has received the appointment of assistant in Animal Hus-

SCHOOLS.

DOMINION PATTERN

COW TIE AND STALL FIXTURE

The Stall Fixture is very strong, and because of its circular cross section is exceedingly rigid. Its simplicity, convenience and ease of attaching make it a great favorite. The short chain makes the tie cheaper than the ordinary patterns.

AMERICAN CHAINS

because of the short links, handsome appearance, smooth surface—which cannot injure the animal's neck—and great durability, are superior to all other styles of chain for Cow Ties. For further information see Special Cow Tie Catalogue, free on application.
