

The Cyphers INCUBATOR

Did you see their exhibit at the Ontario Poultry Show, Toronto, January 9 to 14, 1899?
Chicks were hatched during exhibition.

*Used by all the Leading Breeders of the World. No moisture required.
Regulation absolute.*

We find other makers of Incubators are trying to imitate our machines. No person will imitate a poor article; which speaks volumes for the Cyphers. The only safe Incubator to buy. Don't make a mistake and buy some experimental Incubator because it's a little cheaper than the best—the Cyphers. We do what no other Incubator manufacturer will do, viz., if machine is not what it is represented to be we will take it back and return cash. C. J. DANIELS, Sole Agent for Canada.

Evans' Vegetable and Root Cutters

No. 5.

Price \$5

These machines meet a long felt want among poultrymen. They make possible the feeding of green and succulent food in the dead of winter when every spear of grass and green thing is killed by frost. They convert all kinds of roots into fine particles like angle worms that are greedily eaten by all fowls, big and little. The feeding of vegetables thus prepared doubles the egg product and saves fully 50 per cent. of the grain feed. It makes hens lay in winter when eggs are worth the most money. Endorsed by all the leading poultrymen of the country. Buy one and make money from your fowls this winter. Write for free circulars.

Read what Wm. McNeil, our Prince of Poultrymen, says about Root Cutters: "Your No. 5 Root Cutter is the slickest machine I ever saw. Every poultryman needs one. I would not be without it if it cost double the price."

Can give you any size Bone Mill required. Hand or power mills at rock bottom prices.

Our Bone Mills are the best on the market.

We can give you a Bone Mill at \$10, equal to an \$18 or \$20 mill.

Feed Clover Meal

Clover Meal is a boon to the poultryman, and is endorsed by all who give it a trial. It is the ideal egg food—in the long winter months when eggs bring a good price to the poultry-keeper—and if it is fed in connection with the mixed feed it will, to a great extent, prevent hens from becoming over fat. All know that fat hens will not lay many eggs, and what few they do lay will not show a good per cent of fertile eggs, nor will the eggs hatch strong active chicks. Put up in 50 lb. bags. \$2.00 per 100 lbs.
