

## BOSTON.

Honey is selling very well but prices are very low, and we are often obliged to shade our prices in order to make rates. We quote 1 lb. comb, 14 to 16 cents. 2 lb. comb, 12 to 14 cents. Extracted, 6 to 8 cents.\*

## NEW YORK.

The honey market is almost devoid of interest, more particularly in comb honey. We find quite a large stock in dealers' hands, carried over, although our stock is light; what we have is dark and off grades. It is difficult to tell what prices will be on the coming crop, but from reports received from nearly every section of the country we infer the crop will be heavy, and prices will rule accordingly. Present quotations are as follows:—Fancy white comb 1 lb. sections, 10 to 12c.; fancy white comb, 2 lb. sections, 8 to 10c.; buckwheat comb honey, 1 & 2 lb. sections, 5 to 8c.; extracted white clover, 6c.; extracted California honey, 4½ to 5c.; extracted southern, per gal., 45 to 55c.; beeswax, 23 to 25c.

MCCAUL &amp; HILDRETH BROS

At Luton, yesterday, July 7, while polling was in active progress, a swarm of bees belonging to Mr. Latchmore, banker, left their hive and made for the door of the Corn Exchange, which was the polling station, eventually settling on a lamp-post close by. The polling agents beat a hasty retreat, while the crowd fled in all directions. The excitement continued until a man climbed the lamp-post and captured the bees by covering them with a box.—*Pall Mall Gazette*.

Want to Buy some First-Class Colonies of Bees

\* \* \* NOW \* \* \*

Owing to our largely increasing supply-business and the difficulty in securing trained labor for our bee-farms, we will sell for the next month colonies (up to 200) at unprecedentedly low prices. We offer them at once, so that purchasers may have an opportunity of deriving some benefit from them yet. Prospects here are in favor of a first class flow from fall flowers. The bees will be shipped in the Jones' single-walled hive.

Prices will be:

Colonies, including hive and 5 or 6 frames of comb (balance of 12 empty) with good queen	\$5 50
Over four colonies	5 25
Ten and over	5 00
Colonies including hive and 7 or 8 frames of comb (balance of 12 empty) with good queen	6 50
Over four	6 25
Ten and over	6 00

The combs are nice and straight and each one measures about one square foot. The queens are, in most instances suitable to breed from—all will produce good honey gathering progeny. Nearly all of them are last year's tested queens.

TERMS—Cash with order—Delivered F. O. B. car to go by express—and safely packed.

THE D. A. JONES Co. LD.,

Beeton.

July, 30, 1886.

To the Readers of the Canadian Bee Journal in Canada.

If you have ordered any bees or queens from me and have not had perfect satisfaction in every particular, please write to me stating just how it is and I will make our deal satisfactory if possible

Yours respectfully,

THOS. HORN,
