Harris, Heenan & Co.

Dear Sirs—Your Patent Sewed Belt has been in use in our City Mills for some time. We are thoroughly convinced of its superiority over any belt American or Canadian. It has been used in an engine of 200 horse power, and has given us no trouble, and gives so little trouble that it is compared with a piece of belting, the word "belting" being used in the same sense. We have recently recommended it to our customers as the cheapest and most satisfactory belt in the market.

Yours very truly,  
 W. J. MARSHALL,  
 Foreman, City Flour Mills.

Messrs. Harris Heenan & Co., Montreal.

I have pleasure in recommending the belting manufactured by Messrs. Harris, Heenan & Co. of this city. After thorough testing, I find it greatly superior to any belting that has come under my notice and full equal to all they claim for it, and certainly without an equal for cross or double belting.
