## FIRST PRIZE

**FIRST PRIZE** has been awarded Sanborn Machinery at every prominent and international exhibition held during the past forty years

As the LARGEST MANUFACTURERS IN THE WORLD OF PAPER CUTTING AND BOOK BINDING MACHINERY, we intended to have made a most elaborate display of our products at the coming Columbian Exposition. Our desire was to exhibit, for the FIRST TIME, several entirely new machines of great interest to the trade, in connection with a large number of our well-known standard machines.

We were, however, unable to secure adequate space, and the insufficient amount that was finally assigned us came so late, that we were ultimately forced to withdraw from the Exposition entirely. Fortunately, our inability to make an exhibit will not prevent those interested, who visit the World's Fair City, from carefully examining a Complete Line of our very latest and most improved machines, if they desire so to do.

Our Warerooms in Chicago are the Largest in the World in our line of business, covering a floor space of nearly eight thousand square feet. In these warerooms we constantly have on exhibition a stock of Paper Cutting, Book Binding and Paper Box Making Machinery that for size and variety has never been equaled. In dark weather our own electric light plant affords perfect illumination.

The noise and general confusion of a vast exposition building, filled with moving machinery, make it impossible for the careful buyer to study properly any specific tool

Through the medium of this advertisement we extend a Cordial Invitation to all interested to call at our  
warerooms, where a most critical examination can be made under the very best auspices

Our goods are known and used Throughout the World, and are recognized as the Standard of Quality. Our experience of over Forty Years as Manufacturers of High Class Goods Only is sufficient guarantee that all claims we make can be substantiated, and we take pride in maintaining to the fullest extent the reputation we have made.
