

The Dominion Government have already made initial appropriation of \$100,000.00.

Beach and Park Development:

- Estimated cost of main items:
- Reclamation \$1,486,000.00
- Bridges 500,000.00
- Channel wall at south end 700,000.00

Total \$2,486,000.00

Roadways, sewers, water service, etc., to be charged as local improvements.
 Total estimated cost for immediate consideration is \$4,502,500 which should be apportioned among the parties interested, viz. The Dominion Government, The City of Hamilton, and the Hamilton Harbor Commissioners.
 The map on the preceding page shows the scheme as it is to be eventually worked out, and the one on this page the waterfront as it at present exists.
 Report by John M. Wilson, District Engineer,
 Public Works Department of Canada.
 Plans and surveys by J. E. Holliman.
