THE CITIZEN,

A MONTHLY PERIODICAL,
PUBLISHED IN THE INTERESTS OF GOOD CITIZENSHIP AND GOOD GOVERNMENT.

THE CITIZEN is devoted to the practical, but philosophic, discussion of questions of popular interest relating to citizenship and government. It is edited by members of the American Institute of Civics, recently incorporated under the laws of Massachusetts, and already including in its membership very many of the most eminent scholars, educators, and writers upon civic questions in the United States.

The position occupied by this periodical is unique and notable. Its sole purpose is to aid in promoting the best interests of republican citizenship and republican government. It will aim to do this by endeavours to promote the growth of a spirit of patriotism, manliness, and devotion to duty. Discussions from a partisan, political, or sectarian standpoint will be, so far as possible, avoided, and every effort made to secure the presentation of views which shall be characterized by so much of scientific exactness, judicial candour, and general interest in statement, as to command the widest possible respect and acceptance. While it will number among its contributors those unusually well qualified to treat of the civic questions which vitally concern the people of the United States, it is intended that its pages shall especially represent the thought of the young men of the day, to whom it especially speaks, and among whom it finds its warmest friends and supporters. That it will have the support of thinking men in every State, including representatives of every profession and calling. (See March number of the CITIZEN for a partial list of these.)

Among the distinguished writers who have promised articles apposite to the purposes of the CITIZEN are those named below:
