Send Your Soldier Lad a Pair of Palmer-McLellan Army Boots to Save His Feet in the Trenches.

The cold fall rains will soon commence causing muddy, wet trenches. Real foot protection is given by PALMER-McLELLAN Knee High Waterproof Army Boots.

Oil-tanned and permeated with oil, these waterproof, shoepack style ARMY BOOTS do for the soldiers what they have been doing for Lumbermen and Woodsmen for years—they keep the feet dry and warm everywhere.
