

LIST OF TABLES (continued)

<u>Table Number</u>		<u>Page Number</u>
8-8b	1980 yield of major crops in eastern Canada by deposition regime.	8-20
8-9	Value of major crops by province receiving 40 kg/ha.yr sulphate deposition.	8-20
8-10	U.S. hardwood and softwood volume and growth.	8-23
8-11	U.S. forest volume by state receiving greater than 40 kg/ha.yr sulphate deposition.	8-24
8-12	Hardwood, softwood and mixed wood annual growth in eastern Canada by deposition regime.	8-27
8-13	Annual forest growth by province receiving greater than 20 kg/ha.yr sulphate deposition.	8-28
8-14	U.S. historic sites by ambient SO ₂ .	8-31
8-15	Canadian historic inventory by province and deposition.	8-33
 APPENDIX TABLES SECTION 8		
8-1	U.S. aquatic resources by state and sensitivity category 10-20 kg/ha.yr sulphate deposition.	8-37
8-2	U.S. aquatic resources by state and sensitivity category 20-40 kg/ha.yr sulphate deposition.	8-38
8-3	U.S. aquatic resources by state and acid sensitivity category for greater than 40 kg/ha.yr sulphate deposition.	8-40
8-4	U.S. agriculture resources in areas receiving 10-20 kg/ha.yr of sulphate deposition.	8-41
8-5	Agriculture resources in areas receiving 20-40 kg/ha.yr of sulphate deposition.	8-42
8-6	U.S. agriculture resources in areas receiving more than 40 kg/ha.yr sulphate deposition.	8-44
8-7	U.S. agricultural resources - state totals for six crops.	8-45
