

*Equity*

25. Should either Government consider, as a result of this Agreement, that it is being placed in an inequitable position vis-à-vis any third supplier, that Government may request the other to consult with a view to implementing appropriate remedial measures.

*Re-Exports*

26. Imports into Canada of those textile products to which this Agreement applies which are for immediate re-export or for inward processing and subsequent re-export outside Canada shall not be subject to quantitative limits established under this Agreement, provided they are entered as such under an administrative system of control in force for this purpose within Canada.

27. The Government of Canada shall, so far as possible, inform the Government of the Republic of Korea when imports into Canada of textile products subject to this Agreement are subsequently re-exported from Canada. Where such re-exports have been debited by the Government of the Republic of Korea to quantitative limits, it may then credit the amounts involved to the appropriate quantitative limits.

*Consultations*

28. Either Government shall have the right to request consultations with the other Government on any matter arising from the implementation or operation of this Agreement or on any matter germane thereto. Such consultations shall be governed by the following:

- any request for consultations shall be notified in writing to the other Government;
- the other Government shall accept such a request and such consultations shall be held as soon as possible;
- the request for consultations shall be accompanied by or followed within a reasonable period (and in any case not later than 15 days following the request) by a statement setting out the reasons and circumstances which, in the opinion of the requesting Government, justify the submission of such a request;
- both Governments shall enter into consultations within one month at the latest of notification of the request, with a view to reaching a mutually acceptable conclusion within one month at the latest.

29. Any consultations held under these provisions shall be approached by both Governments in a spirit of co-operation and with a desire to reconcile the differences between them.
