

- (e) **Measures** identifies the laws, regulations or other measures, as qualified by the **Description** element, for which the reservation is taken. A measure cited in the **Measures** element:
 - (i) means the measure as amended, continued or renewed as of the date of entry into force of this Agreement; and
 - (ii) includes a subordinate measure adopted or maintained under the authority of and consistent with the measure; and
 - (f) **Description** sets out references, if any, for liberalisation on the date of entry into force of this Agreement pursuant to other sections of Canada's Schedule to this Annex, and the remaining non-conforming aspects of the existing measures for which the reservation is taken.
3. Each reservation in Section B sets out the following elements:
- (a) **Sector** refers to the general sector in which the reservation is taken;
 - (b) **Sub-sector** refers to the specific sector in which the reservation is taken;
 - (c) **Type of Reservation** specifies the obligation referred to in paragraph 1(c) for which the reservation is taken;
 - (d) **Level of Government** indicates the level of government maintaining the measure for which the reservation is taken; and
 - (e) **Description** sets out the scope of the sectors, sub-sectors or activities covered by the reservation.
4. In the interpretation of a reservation in Section A, all elements of the reservation shall be considered. A reservation shall be interpreted in the light of the relevant provisions of the Chapter against which the reservation is taken. To the extent that:
- (a) the **Measures** element is qualified by a specific reference in the **Description** element, the **Measures** element as so qualified shall prevail over all other elements; and
 - (b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless a discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of that discrepancy.
5. In the interpretation of a reservation in Section B, all elements of the reservation shall be considered. The **Description** element shall prevail over all other elements.
