Budget, 2204. Difficult task of Prime Minister in presentation of budget; effect of amendment moved by Mr. Ralston; more progressive legislation placed on statute books in last five years by government than in nine years of Liberal regime; constructive suggestions in subamendment of Mr. Coote; our problem to-day one of distribution not of production, 2204; recognition by Great Britain of relation between extreme poverty and crime; doubling of our prison population in twelve months; reform legislation passed since 1930; legislation aimed at assisting agriculture; stabilizing the price of wheat; price spreads commission; delegation of mayors from various cities of Canada; our serious problems of debt and taxation, 2205; burden of interest and tax-exempt bonds; federal and provincial expenditures on health; number of immigrants entering Canada between 1911 and 1931 and cost to the country; looking upon unemployment as a cause rather than as a result; speeding up production through mechanization of industry; effect of lack of purchasing power; newer
