

## SIXTY YEARS IN UPPER CANADA

growth of civilization. Temperance advancement was notably illustrative of the progress of the time. In fact, it is useless to continue a list so markedly indicative of the blessings brought about by a free people in a quarter of a century when wisely and fearlessly led. The future, influenced by the past, should have even better things in store, and the model set by the unequalled premiership of a progressive but conserving statesman will long live in the minds of the electors of Ontario.
