WHEAT ADVANCED ON EXPORT SALES

Europe's Demand Checked Decline at Chicago-Corn Also Firmer.

CHICAGO. Feb. 14.—Export sales which were said to have reached a large total brought about a rally to-day in wheat. The market having shown a declining tendency most of the day wound up steady at the same as last night to a shade off. Corn and oats also closed virtually unchanged. In provisions the outcome was a setback of 10c to 22 1-2c. Buying of wheat for European ship-ment took place chiefly here and at Duluth. The business was about evenly divided between the two cities and did not receive any publicity until near the end of the session Previously the market had been depressed by continued snowfalls in the winter by continued snowfalls in the winter crop region and by reports of rain thruout the central provinces of India. Moreover, receipts for the week at Chicago were the largest in five years during this part of the season.

Estimates that country elevators stocks northwest had been depleted five million bushels since Feb. 1 helped the termovery. There were also the late recovery. There were also statements that much of the wheat in Montana had been sold to go to the

Pacific coast.

Corn Turned Stronger.

Corn swung upward when wheat developed returning strength. At first, however, the corn market was heavy on account of heavy overnight offers having failed to attract eastern buyers. Frime weather for shelling and hauling counted also against the bulls. In cats the trading consisted chiefly of hedging against rural purchases.

Hog prices at a higher level gave a lift to provisions. Stock yard interests led the buying Pacific coast.

ST. LAWRENCE MARKET.

Receipts of farm produce were not as large as usual on Saturday—four loads of hay, no grain, twenty loads of mixed produce in the north building, and a fairly good supply on the basket market.

Trade was fairly active, as there were many buyers, notwithstanding the cold weather.

Hay—Four loads sold at \$17 to \$19 per

Hay-Four loads sold at \$17 to \$19 per Apples—There were few on sale, on account of the cold weather. Baskets of apples sold at from 25c for the small basket to as high as 60c for the large

basket.

Egge—The bulk of the eggs sold at 45c, altho prices ranged from 40c to 50c, the latter price being paid for eggs laid the day before, which would be on Friday.

Butter—Market steady, with a good supply, prices ranging from 30c to 35c, the bulk going at 32c to 33c, with very liftle at 35c.
