Marty Walsh is Dying

At Muskoka Sanitarium

OTTAWA, Feb. 23 .- Hockey fans thru-

out eastern Canada will be shocked to

learn that Marty Walsh, one of the great

est little centre men the game ever saw

is dying at Muskoka Sanitarium of tu-

berculosis. Walsh was afflicted almost a

year ago, and went to a ranch outside of

Philadelphia. It was first agreed that a the fighters would make 145 at 3 o'clock, but Howell backed down on this and would not agree to meet Lang unless this was boosted three pounds. The Toronto fighter agreed and the six-round bout will be staged as scheduled.

Lang signed yesterday to meet Bert Davidson, a good Buffalo welter who has a decision over K.O. Brennan, before the Social A.C. of Buffalo on March 6. The weight is 145 lbs. at 3 o'clock. Lang will go to New York after his Philadelphia bout and may sign up with some of the good Gotham boys.

TORONTOS AND IRISH FOR FINAL CLASH Blue Shirts and Shamrocks Tonight—Hockey Cripples Rounding Into Shape. a dicer worn by Ernie Russell in the penalty box. Harry Hyland skated over and inquired if Broadbent's time was up. Graham asked Hyland what business it was of his. Hyland then made an uncomplime: any remark to Graham. Immediately following this Hyland skated over to Pulford and told the official Graham mad called him the very uncomplimentary name, the same Hyland applied to Graham. Pulford skated over and told Graham if he talked that way he would put him off for the rest of the game. Hyland laughed gleefully at Graham's expense. You have to sit near the players' bench to get your money's worth at a hockey match.

With the streets running in water, the hockey fans' ardor refuses to be dampened, and the outcome of next Monday night's game is still the big topic of the day. The Saints promise to have all the cripples ready to face the music, and Vics are only marking time until Monday night Gordon Bricker was sporting a bad cold on Monday, but he was able to go to business yesterday, and will be ready to stop the Victoria shots on Monready to stop the Victoria shots on Monday night. Rankin and Murphy are expected out to practice before the week is over, and everybody should be in good shape by the first of next week.

Torontos and Shamrocks clash for the Edmonton. Two or three weeks ago he Torontos and Shamrocks clash for the last time this season at the Arena tonight, and a win for the Irishmen will put them on even terms with the Blue Shirts on the season's games. Torontos won the first two battles from the Shamrocks, but the last time they played the Orange and Black squad put over a nice win. The feeling runs high between the two local clubs, and they always play for all that is in them. Shamrocks played their best game of the season against quebec on Saturday night, and Torontos sill read to be in tinton shape to turn with the season and the season against quebec on Saturday night, and Torontos a punt when some one of the opposing will need to be in tinton shape to turn

all that is in them. Shamrocks played their best game of the season against Quebec on Saturday night, and Torontos will need to be in tip-top shape to turn in a victory tenight. The game starts at \$2.20.

Montreal papers are making a lot of talk about the attempt to bribe hockey players in Toronto, and more space is devoted to it than it is worth. If our informant is correct, the whole Saturday night matter was nothing more than a few drinks too many and a lot of idle talk. The Quebec players never took the matter seriously, and kidded the "briber" along thruout the whole proceedings. As devoted to it than it is worth. Ottawa Free Press: Like natural hitsmiths on a ball field, goal-getters are born, not made. Ty Cobb leads the American League swatters regularly, just as Tommy Smith, has a penchant for heading the N.H.A. goal-getters. At this stage of the race last winter. Smith, playing for Quebec, topped the list of scorers with 35 goals. Gorde Roberts of Wanderers was second with 27 and Hyland of Wanderers third with 24. This season Smith is again in front with 32 and Roberts third with 37. Pitre, who was on the coast last season, is second this winter with 28. Hyland is fourth with 22. The first three this year are therefore practically the same men as the leading three in 1914. Sprague Cleghorn has always been a big gooring defence man and at this stage last year had bagged ten. Goal-getters have the knack of running up scores and it is natural with them. Euran is a scorer and led the with them. Ronan is a scorer and led the N.H.A. a couple of years ago. He is coming fast this season after an indifferent start with an indifferent team. However, it works out that no matter what kind of a team a good scorer is with, his faculty of bagging goals is always in evidence. Pitre of Canadiens is an evidence of this and Tommy Smith whoo with Shamrocks another example

TAKES ARENA MANAGEMENT TO

Sporting Editor World: On passing the Arena on Sunday, the 21st, I noticed the following announcement: "Match postponed till March. All reserved seats sold."

postponed till March. All reserved seats sold."

The match being carried forward to a future date is quite feasible, but "All reserved seats sold" gets over me, and will do so to thousands of others.

Did the management know that all seats were sold when they put in the papers about the thousand going on sale? If that is the case, no wonder they postponed the game. I suppose they did it to allow the anger of the outside public to cool off during the week—especially those who had waited all night for tickets and then found there were none for sale.

Are not the outside public who patronize the clubs during the season entitled to some sort of a square deal, or is there so much graft amongst the amateur players that they want a still greater rake-off for their services that they must have the greater part of the seats for themselves for friends, and friends who very likely don't care whether they win or lose.

demanding justice in things of this sort, as in my opinion, the clubs are simply using the public as fish, and when the public realize this and stop patronizing hockey matches, then see where the clubs will be and, when that comes about, we can then compare it with the old saying: "When thieves fal lout, honest men come into their own."

PACKARD TRUCKS

Numerous Features Which Spell Economy to the Users.

SPECIALLY DESIGNED

Each Unit Capable of Producing to Maximum of Efficiency.

An entirely new line of motor trucks is announced by the Packard Motor Car Company of Detroit. The series, ranging in capacity from one to six features that spell economy to the user and overcome the difficulties formerly identified with the installation of worm drive. The one-ton Packard is a new ad-

dition to this well-known family and marks the entrance of the company into the light duty field.

Bach unit is designed especially for the duties required of a truck of that

capacity. So carefully have the Pack and engineers developed the new pro duct that it has taken three years for the forework. The preliminary trucks during the final tests were driven a distance equivalent to five times around the earth. This mileage was established over the roughest road nditions to be encountered between Michigan and the Rocky Mountains. The matured design which has been evolved in the new models as the result of ten years' experiences in build-ing motor trucks, will, doubtless, remain substantially unchanged for sev Complete Confidence.

The builders express a complete confidence in having achieved a truck design which not only renders the maximum survice with the minimum cost of the up-keep, but also with the um attention and effort on the part of both the owner and his em ployes. Evidence of the improved design of

the new Packards is indicated in their quietness of operation and their centralized control. The latter feature is entirely new in heavy duty

FEDERAL LEAGUE SITUATION DORMANT

Local Capital is Not Forthcoming-Things Moving at International Headquarters

The Federal League situation, as far as Toronto is concerned, is still in a dormant condition. The Gilmore outfit realize that Toronto is a good ball town, but they can't get any of the monied men of our fair city to see it thru their eyes, and the needed backing is not forthcoming. The Feds would step in tomorrow if the money was available, and this is as far as they have got. Several well-known men have taken up the proposition at different times, but the number was always small, and Toronto will not have Federal League ball until rich men and enough of them come forward with the roll. This might be this year, and again it might not be for a year or two to come.

Toronto will have an International League club and a hustling one at that, is the way President McCaffery puts it. Everything is moving smoothly and the team will do their training in the sunny south; just where will be announced next week. Just who will be the manager is another mystery, but this also will be unraveled next week. Several young players have been signed by the Leafs and they will be given a thoro tryout under sunny skies. Youth and speed is what the Leafs want and they are to get it.

A Boston despatch says: James E. Gaffney, president of the world champion Boston club of the National League, said that with the receipt today of the signed contract of Catcher Bert Whaling, the club has the signature of every member. Mr. Gaffney made no reference to the contract of Bill James, the pitcher, except that the club would insist on the fulfilment of its conditions.

VANCOUVER FANS MUST GET THEIR BASEBALL.

VANCOUVER, Feb. 23.—Vancouver baseball fans will get plenty of games this season. In all there will be 22 weeks of ball in the league this season, calling for 159 games, and Vancouver will have 13 weeks at home. Seattle also will be accommodated with 13 weeks, but Aberdeen and Victoria will have less. To have an even break all round, the clubs should have 11 weeks each, but some of the cities prefer to take the road receipts instead for part of their games.

The champions will open and close the season at home. Victoria will start things around here on April 20, and Spokane will bring the schedule to a conclusion here on Sept. 19. The Beavers will be at home on Victoria Day (May 24) and Dominion Day (July 1), but will be across the line on Labor Day. VANCOUVER, Feb. 23.-Vancouver

Labor Day.

President Brown has the signed contracts of Tony Brottem, the big catcher, secured from Tacoma, and Dode Brinker, the fleet centre-fielder. Seattle reports had it that Brinker would be with Dugadle this year, but President Brown dissipated this yarn by showing the Brinker signature to a regulation form.

Five Singles in Inning And Not a Run Scored

Tommy McCarthy, scout of the Boston Red Sox, and generally given credit for being one of the headiest outfielders the professional game has developed, opened up at the offices of the club in Boston the other day and told of ye olden days.

"When I was with the St. Louis Browns," said Tommy, "I played right field. The pitcher stood much nearer the plate in those days than he does now. Accordingly, the batter ordinarily hit to right field. Charley Comiskey was first baseman, and, I believe, he was about the first initial sacker to play deep and to teach the pitcher to cover first. I played a medium field, but would come in fast when the ball was hit. As a consequence, I used to throw out a lot of men at first base. I believe I threw out 42 this way in one season, and three in one game.

42 this way in one season, and three in one game.

"Contrary to what has been said, I never threw out a batter at first from left field, where I went to play when the pitcher was brought back to where he now stands. But we had a great habit of throwing the ball to first or to second, low and on the first hop, and getting the runner off the base, usually a little over the bag; sometimes between the bases.

TONIGHT'S OFFICIALS.

Toronto—Vic. Russell and Dr. Wood. Quebec-Cooper Smeaton and Dave Montreal—Harvey Pulford and Reg.

ST. CATHARINES, Feb. 23.—War has badly, so this will be some tussle.
