FORMERLY McEACHREN HEATING & VENTILATING CO.

**Successful Drying**

By the Standard Moist Air System

No matter what the variety of the lumber, your stock can be dried dry, inside and out, without injury and without trouble, in

**THE STANDARD  
DRY KILN**

The intense moist heat at the receiving end of the kiln starts the sap from the heart of the lumber first of all, and in its progress through the kiln the stock is rapidly and evenly seasoned "from center to surface." It comes out in first-rate condition.

Our illustrated Catalogue "D" and List of Users will be sent promptly on request.

**THE STANDARD DRY KILN CO.**  
Indianapolis, Ind.

**THE TRIUMPH TURBINE**

Is the most powerful wheel on the market to-day. A glance at this cut of the centre shows that the buckets are designed to secure the **maximum of speed** with **great power** and a **free discharge**. Mr. E. S. Edmondson, of Oshawa, writes as follows under date of November 16th, 1903, regarding a 26 inch Vertical Triumph Wheel:

"The Wheel is strictly first-class in every particular, and after a careful and thorough test I am prepared to say that I believe it is the best wheel in the market for Electrical purposes. It has high speed, large power, high efficiency at part gate, and has practically no leakage. I am more than pleased with the thorough and workmanlike setting you gave me throughout."

For horizontal settings in large Pulp Mills, Cement Mills or Electric Power Developments this Wheel has no equal. We invite your enquiries. Large catalogue to be had for the asking.

We are always glad to submit estimates and prices on Improved Vulcan and Leffel Turbines, Improved Lane Circular Saw Mills, Edgers, Trimmers, Slashers, Shingle Machines, Lath Machines and all machinery of this kind.
