"One of the best and clearest accounts we have seen of those grand monuments of a forgotten race."—*London Saturday Review*.

"The reader will find it more fascinating than his last favorite novel."—*Eclectic Magazine, N. Y.*

"The book is literally crowded with astonishing and valuable facts."—*Boston Post*.

"It is an elegant volume and a valuable contribution to the subject. * * * Contains just the kind of information in clear, compressed and intelligible form, which is adapted to the mass of readers."—*Appleton's Popular Science Monthly*.

"The book is typographically perfect, and with its admirable illustrations and convenient index is really elegant and a sort of luxury to possess and read. * * Dr. Foster's style reminds us of Tyndall and Proctor, at their best. * * He goes over the ground, inch by inch, and accumulates information of surprising interest and importance, bearing on this subject, which he gives in his crowded but most instructive and entertaining chapters in a thoroughly scientific but equally popular way. We have marked whole pages of his book for quotation, and finally from sheer necessity have been compelled to put the whole volume in quotation marks, as one of the few books that are indispensable to the student, and scarcely less important for the intelligent reader to have at hand for reference."—*Golden Age, New York*.

A MANUAL OF GESTURE.—With over 100 Figures, embracing a complete system of Notation, with the Principles of Interpretation and Selections for Practice. By Prof. A. M. BACON.

Price\$1 75

"Prof. Bacon has given us a work that, in thoroughness and practical value, deserves to rank among the most remarkable books of the season. There has in fact, been no work on the subject yet offered to the public which approaches it for exhaustiveness and completeness of detail. * * It is of the utmost value, not merely to students, but to lawyers, clergymen, teachers, and public speakers, and its importance as an assistant in the formation of a correct and appropriate style of action can hardly be over-estimated."—*The Philadelphia Inquirer*.

"Prof. Bacon's Manual seems expressly arranged for the help of those who study alone and have undertaken self-instruction in the art of persuasive delivery. The work in the hands of our ministry, well studied, would have the effect of emphasizing the living words of the Gospel all over the land, and making them two-edged with meaning."—*The Chicago Pulpit*.
