## MAY ENLARGE YARDS AT DON

Canadian Northern May Use Burned Car Barns and Street Railway Go to Beach.

There is a possibility, according to a man who should know, that the street railway company will not rebuild the barns burned down on East King-street, but will put up a structure down at the end of the King-street line somewhere--may be in the vacant place north of Scarborough Beach Park. This is in line with their policy of having the car sheds at the end, or rather, the beginning of runs.

The story goes that the burned over area, belonging to the street railway, which is considerable, will be turned over to the Canadian Northern Railway for yards. The C. N. R. have already a big yard south of Eastern-avenue, but they need more accommodation.

Late last fall a great amount of property south of King-street, east of Sumach-street, and extending south to the C. N. R. yards, was purchased, but how much turned over and for whom could not be learned. Railway officials denied any knowledge of the purchases and the occupants, practically all tenants, were never bidden to get out. All these purchases may have been made with the idea of yard extension in view, and possibly the C. N. R. downtown freight shed may go up there. Nothing, however, in any way definite can be gleaned regarding such a move.

R. J. Fleming, over the phone last night, when asked if the street railway intended to build down at the Beach and turn over the burned over part to the C. N. R., said they were not even considering the thing, and did not yet know what they would do about car barns.

## Wants To Buy As Much Land As He Likes

The assessment commissioner to-day will ask the city council for authority to go ahead and acquire as much land as he likes in the vicinity of the proposed Coxwell-avenue subway. Portions of this land he will use for approaches and the balance will be sold.

Council will probably concur in the Board of Control's recommendation that the city do not sell their land at Carlaw and Queen to the Grand Trunk for yardage and freighted purposes, and the manufacturers of the district will have to wait until one of the railways or else the city put in yards south of Queen-street.

PAID \$5000 AN ACRE

Five thousand dollars an acre was paid Saturday for what is thought to be the last piece of land needed in the big buy at Leaside. This price, which is the high-water figure of the big deal, was paid for five acres belonging to John Johnston. It is situated on Sand-avenue, a little south of midway of the properties bought.

Five thousand dollars an acre is \$22 a foot, figured on high-class residential surveying.

## G.T.R. TO GO NEAR COLBORNE

Rumored They Will Build on General Trusts' Former Corner and Canadian Express Office.

"We were offered that corner about two months ago, but we turned it down. No, we have no deal on for it now, nor for any other property," said G. A. Somerville, general manager of the Manufacturers' Life, regarding a report that his company had purchased the old building of the Toronto General Trusts Company, at Yonge and Colborne-sts., which they vacate at the end of this week. A. D. Langmuir, assistant manager of the trust company, also denied that they had sold to the Manufacturers' Life, and gave The World to understand that there were no negotiations proceeding for it at the present time.

It has always been quietly maintained by the wise men of the street that the Grand Trunk would secure this Yonge and Colborne corner, if they have not already done so. It adjoins the Canadian Express Company, which has a rather intimate connection with the Grand Trunk Railway. Another feature of the General Trusts property is that it is "L" shaped, and runs right along the rear of the Express building. This property is worth about \$300,000. The two places together would make a pretty good site for a big railroad building, but it would have to be a big one to escape being hidden by the skyscrapers in the King and Yonge patch.

## Apartment Bylaw Comes Before Council

To-day there will be submitted to the city council a bylaw tending to heighten the general desirability in this city of apartment houses. It follows below. When the bylaw was first suggested to the board of control it was objected to because of being vague and not distinguishing apartments from private dwellings and hotels.

The bylaw arises from the weekly visits of delegations protesting against apartment buildings erecting their buildings right up to the street line even in the finest residential districts and thereby injuring the appearance of a street that was primarily intended for private owned dwellings.

"Every dwelling house or other erection to be occupied as a dwelling house, shall be so located and erected on the respective premises as to provide for and preserve a yard area of not less than 50 square feet for each and every suite of apartments or dwellings situated on any floor of the building containing the greatest number of suites or dwellings, and said yard area to be free from all construction from ground to sky, and be situated so that each and every suite of apartments or dwellings shall be adjacent to the said yard area, which is to be exclusive of any space proposed to be used as a side entrance or any portion of the lot or premises between the extreme front of such erection and the street line, but in no event shall 27 1/2 yard area be less than ten per cent of the area of the said lot. Dwellings and apartments having frontages on two streets may be excluded from the above restrictions. Buildings on business streets may cover the entire area of a lot for such of the erections, beginning with the lower, as are used for business purposes only."

## Bank Has Bought Out St. Charles

The Dominion Bank have bought James J. O'Neill's property, the northwest corner of Yonge and Colborne-sts. Mr. O'Neill said so last night. It appears that he had thirty days given him to buy out the bank, and when he did not buy, the bank turned around and bought him. The deal, which is virtually closed, will not be officially consummated until the end of the week.

It will be some time yet before a new site is found for the St. Charles. Mr. O'Neill is allowed plenty of time to remove.

Sir Edmund Osler couldn't or wouldn't say what sized building the bank would put up on their corner and their newly acquired premises. It is more than probable that the bank have not yet come to consider this part of the program.

## DYNAMITE EXPLOSION INJURES MONTREALERS

Ernest Vallee Loses Arm and Companion Has Jaw Broken by Ignition of Caps in Boat House.

MONTREAL, March 30.--Fooling with dynamite caps led to Ernest Vallee of Duvernay-street, losing his left hand, and Joseph McDonald getting his jawbone broken yesterday in a little shanty used as a boat-house on Lake St. Lawrence. The explosion occurred just as a Rapids car was passing, and the motorman stopped and attended to Vallee's injuries and took him to Verdun, where he, with his companion,

## BOARD OF EDUCATION ADVISORY INDUSTRIAL COMMITTEE

TORONTO A Pamphlet, Stating the Conditions of the Competition FOR THE Selection of an Architect FOR THE Proposed New Technical School Building

to be erected in the City of Toronto, may be had on application to any one of the three assessors appointed by the Board of Education, to-wit: Mr. A. C. McKay, Technical High School, Toronto; Mr. A. Frank Wickson of Wickson & Gregg, Architects, 59 Yonge St., Toronto; Professor Percy E. Nobbs of Nobbs & Hyde, Architects, Beaver Hall Hill, Montreal.

The plans submitted by competitors are to be delivered to the assessors on June 15th, 1912.

W. O. McTAGGART, Chairman of Advisory Industrial Committee.

W. C. WILKINSON, Secretary.

From all accounts, James Smith of Weston had a pretty fair chance in his barn. It is reported that he was raced some at the fair last fall and has been halves in 1:08 1/2--pretty fair for a green fellow. He also has a nice going green pacer in the same barn.

## SEALED TENDERS

addressed to the undersigned and endorsed "Tender for Dredging, Toronto, Ont." will be received at this office until 4:00 p.m. on Wednesday, April 3, 1912, for dredging required at Toronto, Ont.

Tenders will not be considered unless made on the forms supplied and signed with the actual signatures of the tenderers.

Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa, Ontario, or the undersigned at the time of the filing of tenders. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,  
R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, March 27, 1912.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.
