Special services marked the anniversary of the Sunday school in connection with the West London Methodist Church yesterday afternoon.

Rev. W. J. Ford preached a special sermon to children, and a feature of the service was that the center of the church was devoted to the children of the congregation. Russell occupied the pulpit in the evening. Very good music was provided at each of the services by the Sunday school choir, under the leadership of Mr. Will Spence, and in the evening the quartet, Messrs. Mansell and Harris, and Messrs. C. Berry and W. Spence, sang very acceptably. This celebration will be continued at the church by the appearance of John R. Clarke, in his capacity of pastor and Fro in London, and tomorrow night the children's entertainment will be given.

THE NEWS IN BRANTFORD.
Brantford Courier: The first intimation received when the telephone in the American Hotel rang, George Hawkins, the hotel clerk, answered the summons, and was told that Tuttle had been shot dead. Jack Barber was speaking from London. Hawkins did not wish to alarm the house until making sure of the facts, which he could not credit, and so walked over to the Central Telephone office, where he found the facts. Mr. Tuttle and Dr. Fyle, a son-in-law, was sent for, and he and Mr. Tuttle drove immediately to Paris, and took the midnight train for London.

The news soon spread around, and a large number repaired to the American Hotel, unwilling to believe that the terrible story could be true. Here it was confirmed.

Brantford Express: "The deepest sympathy of the community will go out to the sadly bereaved father and mother, and of the other members of the family in the dreadful misfortune that has overtaken them. James Tuttle was a good son to his father and mother, and a deep affection always subsisted between them. The news known on Friday night, and this morning, James was widely known in the city and country, and his tragic death will be sincerely felt by a wide circle of friends."

Still More Hospital Plans
Will Be on View at the City Hospital This Week.

The Doctors Will Be Asked to Vote Secretly—The Mayor Says Many of Them Will Be Changed on an Open Vote—No Decision Yet.

Five sets of plans for a new city hospital were explained in detail to the hospital committee on Saturday night. Five city architects were given an opportunity to appear before the committee with their ground plans and side and front elevations of the proposed building. Architect A. Bodley also presented a couple of water color views of the Thames as it could be seen from the tower on the building he proposed. No opinion upon the plans was expressed by the committee. It was decided not to make a choice until the medical men of the city had had time to consider them and name their preference. The members of the committee present were: Ald. Carrothers (chairman), Hunt, McPhillips, Jolly, Wilkey, Corry, Mayor Wilson, Engineer Graydon and Secretary Bell. Other interested parties in attendance were Mrs. English, Moore, Niven, Roome, James Wilson, Geo. Wilson, and Architects A. Bodley, G. Roddick, H. Matthews, H. C. McBride, J. M. Moore and Fred Hogg.

At the outset considerable discussion arose over an invitation from the faculty of the Medical School, requesting the presence of the committee at a convocation, which was being held on Saturday evening.

Ald. Wilkey strongly favored adjournment, but the mayor held that the doctors should have had convocation on another night. They knew the committee was to meet, and they could not allow any more delay, but should view that effect had been withdrawn.

The mayor urged that the architect be named. Then they could consult with the medical men before the decision was made by the committee.

Ald. Wilkey's motion to accept the invitation and adjourn was lost. On motion of Ald. Jolly the communication was filed.

About fifteen minutes were then spent by each architect in explaining his plans. They were called in alphabetical order, and each in his turn was freed to explain his plans to the committee, and by the doctors, and the plans were all closely examined.

At the conclusion Ald. Hunt moved that each architect in the contest appear before the committee, be present at the committee meeting one day during the week to submit plans to the medical men of the city and to the medical men before the decision was made by the committee.

The mayor moved that a meeting of the doctors be called for Friday night, and that a secret ballot be taken on the different plans. The voters' names not to be recorded on the ballot, but to be written on the sealed envelope in which ballot after being marked is to be placed.
