Charles McQueen Sentenced for the Theft of Clothing

Mrs. and Mr. Reid an Aged Couple, Who Can Not Agree-Mrs. Fahey to Go to the Asylum.

At today's Police Court Charles Mc-Queen, who has been in jail on remand for a week, came up for sentence for ence and realized the physical Romeo, stealing clothing from Mr. George while his reading was luminous and Chittick's home on King street. The prisoner is a well-dressed, intelligent- passion to tatters or descend to melolooking young fellow, whom few but drama. His voice was rich and deep the experts would suspect of being a crook. Assistant Crown Attorney Mc-Killop said the records of the Central Prison showed that McQueen had served three terms there of six months each for theft, and a letter from Galt stated that the prisoner was a native of that place, and that he had served a term at Lockport for attempted abduction at Niagara Falls.

McQueen then spoke. He said he was drunk when he took the goods, and if it had not been for liquor he would not have been there. "I in-tended to reform," he continued; "I crowded house, if all that is best in don't intend to always lead this kind of life. I am the only one of a respectable family that was ever in a place of this kind. I am willing to reform if you give me half a chance. I

It is almost completed now, and is 65 feet square, and two stories high. Quite a number of new machines, being specially manufactured for this firm by Jackson & Cochran, Berlin, Ont., will shortly be placed in posi-tion, and from 20 to 30 extra hands will be engaged. This will make the total number of employes of the Ben-net Company here about a hundred. The firm manufactures school, church and hall furnishings, and do a large export trade. The parts of the articles made by them for other countries are machined here, and fitted and finished in Glasgow, Scotland,

"Romeo and Juliet" at the Grand Opera House.

A Satisfying Production—Melodrams at Music Hall Coming-The Jubilee Singers.

SHAKESPEARE AT THE GRAND. The performance at the Grand last night proves that Shakespeare and cheap prices are not incompatible. Mr. Owen deserves much praise for essaying the classic drama on such a scale at popular prices. It is an attempt to elevate the public taste, which, though it may not be abundantly profitable at first, must be far more soul-satisfying to the true artist than any ephemeral success attained in the lower order of plays, aimed only at the box office. The production of "Romeo and Juliet" last night was gratifying to the lovers of Shakes-peare. It was enough for them to hear the poetic lines well spoken; to feast the ear even if the eye was not dazzled by the extrinsic splendor of stage effects. Mr. Owen's Romeo was expressionate. He infused plenty of fire into the part, but did not tear his sprightliness, vivacity and ringing voice fitting the role admirably. Mr. McConnell's Peter was a clever bit of comedy. > THE JUBILEE SINGERS. The Tennesseean Jubilee Singers made their appearance before a small but appreciative audience at Music Hall. They have lost none of the rich melody which made them famous. The old plantation songs are being super-seded by those of a later day, but they are just as sweet as ever. The quartette's rendition of Barnum's steam calliope received a double encore, and several of the individual singers were

recalled four or five times.

"Resolved, by the I. T. U., in convention assembled, on the summit of Pike's Peak, on this 14th day of October, 1896, that we believe in the free and unlimited coinage of silver at the ration of 16 to 1, and the adoption of laws restoring silver to its right-ful place, as the same existed prior to 1873, and this without waiting for consent from any other nation." The supporters of Bryan and free silver were largely in the majority, but they thought the adoption of such a esolution would injure the union. Yesterday's session was the most important that has been held since the convention opened, four days ago. The business of the election of officers and the consideration of the adoption session late into the night. The election of the officers of president, vicepresident, and secretary and treasurer

were all hotly contested.

The following officers were chose for the ensuing term: President-W. P. Prescott, of Toronto, Ont., re-elected; secretary and treasurer, John W. re-elected.

An effort to pass an eight-hour law was defeated. The nine-hour law has now to be voted on by every typo-graphical union in the country before ts final adoption. In 1886 such a law passed the international convention, but was defeated when presented to the various typographical unions.

PRESBYTERIAN PROGRESS Important Statement by the Rev. Dr. Warden.

Toronto, Oct. 16 .- Rev. Dr. Warden, general agent of the Presbyterian Church, says that the Presbyterian Church has three urgent needs, namely: Money, men and a greater missionary spirit, but that notwithstand-ing the financial problems, the progress is most remarkable. While in 1871 there were only 470 Presbyterian ministers and missionaries in the Dominion, there are now 1,270. The number of congregations has increased from 830 to 2,800, and the total membership has risen from 68,000 a quarter of a century ago, to 169,000. The annual contributions have risen cor-respondingly, from \$50,000 them to \$360,000 now. Indeed, while the membership has only increased three-fold, the contributions have increased sevenfold. The Presbyterian Church, Dr. Warden points out, spends as much in sending the Gospel to the heathen, as upon home missions. The home mission work now engages the efforts of 419 missionaries, and last year \$98,000 was given to this fund.

How It Was Done.

The Bank Robbery in Colorado-Was the Most Daring Ever Perpetrated in the West.

Occurred in Broad Daylight With Many People in Sight.

Denver, Col., Oct. 16 .- According to the latest advices from Meeker, Col. the three men who were killed there after robbing the bank have not been identified. The one who lived two hours after being shot gave names which are believed to be fictitious. It is believed that one of the robbers is Thomas McCarthy, who aided in rob-bing banks at Teluride and Delta. Those killed in the battle between the citizens and the robbers are: Charles Jones, leader of the bandits, aged 45, shot through the lungs and chest. William Smith, robber, aged 21, rid

dled through the lungs and chest, shot through the heart, and a number of other wounds, any of which would have been mortal. George Harris, robber, aged 35, shot through lungs and chest.

The wounded: Game Warden W. H Clark, bullet in right breast, not fatal; Victor Dikeman, shot through the arm; C. A. Booth, scalp wound; W. P.

Herrick, finger shot off.

The robbery was one of the most daring ever perpetrated in the west, occurring in broad daylight and at a occurring in broad daylight and at a time when there were twenty or more people in plain sight. George Rooney, clerk of the Meeker Hotel, had stepped into the bank to make a deposit, and stood talking to Assistant Cashier David Smith. As he turned to leave he felt a heavy hand on his shoulder, and glancing up was looking into the muggle of a revolver. The into the muzzle of a revolver. The man with the revolver commanded "Hands up." At the same instant two shots rang out, and two bullets whizzed by the head of the assistant cashier, David Smith, who threw up his hands. Meantime the two other robbers had covered the crowd in the store, compelling them to assemble in the center of the room and guard-ing both doorways. Then Cashier Moulton was called ,and one of the men said to him: "Open the safe, and be quick about it."

At the point of the gun he was conducted to the safe, which he opened, and the contents of the drawer, \$700, were emptied into a sack the robber had brought with him. Not a word was spoken, the robbers going about their business with a deliberation that

was astounding.

After getting the money in the till they quietly gathered in all the firearms in the place, helped themselves to the cartridges, and then the leader addressed the crowd, bank officials, employes of the store and custom-ers who happened to be in the place, saying their horses were standing posed of the south half of lot 4, in hitched outside the rear door, which the second range north of Mosa, to Mr. Glasgow. Price, \$4,000; 100 acres, their own sake they would request all to go outside with them. The crowd filed through the doorway, followed they had driven from the stone broke and ran for cover. The citizens of the town had been warned by the ing themselves to the teeth, surroun ed the bank and quietly awaited the appearance of the robbers. Deputy Game Warden W. H. Clark noticed that three horses were fastened at the rear door, and surmising that the robbers would leave by that route, took up his station a short distance from the back door, and centered more men lections amounted to \$75, and no tea at this place than any other, not neglecting, however, to keep the front

door just as well watched. When the robbers saw that they were cornered Charles Jones raised a rifle and fired at Clark. The bandits were commanded to hold up their hands, but answered with a fusillade of shots from a dozen different directions. Jones and Smith fell to the ground, literally riddled with bullets. They had been killed in the act of firing. Harris, mortally wounded, held his revolver, and still staggering, continued the battle until he fell. The dead men were removed to an undertaking establishment, where an inquest was held, rendering a verdict of justifiable homicide. The money

was all recovered. FALL FAIRS. Moraviantown..... W. York, Woodbridge
