**'T WAS A FINE DAY.**  
But Torontonians Took Their Pleasures Peacefully.  
The ideal weather of Good Friday was an invitation to spend the day outdoors, and brought the nature study clubs out in force. There are numerous beauty spots in and around Toronto, and wherever there were trees and verdure struggling back into springtime life, were to be found strollers enjoying to the full the bright skies and the indescribable "spring" feeling everywhere in the air. High Park, the Don Valley and the Rosedale driveways were visited by thousands for the first time since the melting of the snows; nor were these pleasures confined to pedestrians, since autos and smart turn-outs of every kind were to be seen wherever the roads were favorable. Nor a few householders took advantage of the day to "fix up the back yard."

The Ferry Company's hourly service was taken advantage of by several hundred people, many of them summer cottagers or campers, who crossed the bay to revisit familiar scenes and make plans for another pleasurable season. Special services were held in Anglican and Roman Catholic churches.

**JUST CAMPAIGN BUNCOMBE.**  
Premier Whitney and Ed. Dunlop Are Not at Daggers Drawn.  
The absurd canard given circulation from Ottawa, attributing strained relations between Premier Whitney and E. A. Dunlop, M.L.A. for North-Regina, only indicates the extreme feebleness of the Liberal campaign ammunition. Most of their ante-election arguments rest on no better foundation. Anyone who was at the parliament buildings during the recent session knows that the relations between Mr. Dunlop and Premier Whitney were most cordial, and the last visit Mr. Dunlop paid in the buildings was to Mr. Whitney's office to say good-bye.

Mr. Dunlop's retirement is known to be for personal and private reasons quite apart from politics.

**Convention at Warkworth.**  
CAMPBELLFORD, April 17.—The Conservatives of East Northumberland will hold a convention at Warkworth on Friday, the 24th, for the purpose of selecting candidates for the local and federal house.

**BUILD UP YOUR STRENGTH ON "INVALID'S STOUT"**

Brewed in the most cleanly and careful brewery in Canada, from the finest Scotch malt and Bohemian hops. Nothing will build up your system so quickly and permanently as "INVALID'S STOUT." It has a natural tonic effect that enlivens the appetite, strengthens the tissues, and assists the digestive organs to assimilate from the food all the best elements in it. For toning up the nervous system it surpasses all drug remedies.

### BAPTIST CONVENTION AT BROCKVILLE CLOSED

Rev. C. H. Schutt of Toronto President—Three Splendid Sessions End Program.

BROCKVILLE, April 17.—(Special)—The convention of the Baptist Young People's Society of Ontario and Quebec closed to-day with three splendid sessions, which were largely attended by delegates from all parts of the jurisdiction. At the morning session Rev. W. F. Parker, Ottawa, spoke on "The Culture Course," W. H. Moore, Toronto, dealt with "The Junior Work," Rev. Gordon H. Baker, Montreal, discussed "Some Problems of the Young People's Societies," and Rev. Dr. Perry Toronto, outlined "An Ideal Society," which consisted of a sympathetic relation to the church, sincerely friendly and warmly evangelistic, the motto might be the same as that of the laymen's movement, viz., "We Can Do It, and We Will."

The afternoon session was devoted largely to receiving reports. That of the treasurer, W. L. McKinnon, Toronto, showed the best financial standing of the association in its history. There were total receipts of \$424, of which the Young People's Union contributed \$125, expenses amounting to \$271; of the balance, \$83 goes to international work and \$100 towards expenses in connection with the international convention held last July at Spokane, Wash. The responses from the unions had been much more generous than ever before, complaints were made of the officers having to meet their own expenses. The report held out great encouragement for the future.

The Cameron, the pastor of the Bloor-street Baptist Church, Toronto; Rev. H. F. Laflamme and Rev. C. J. Triggerson delighted the convention with splendid addresses, and resolutions were passed endorsing the summer assemblies and the systematic work. Century Church, Toronto, the largest Y.P.U. of the province, was presented with a handsome banner.

From the report of the nominating committee, the following officers were elected: President, Rev. C. H. Schutt, Toronto; Secretary, W. H. Smith, Brockville; recording secretary, W. H. Hitehon, Brantford; corresponding secretary, Rev. H. H. Bingham, Paris; assistant corresponding secretary, W. L. McKinnon, B.A., Toronto; transportation secretary, Rev. C. J. Cameron, B.A., Toronto.

### THE NEW LEAGUE

Continued From Page 1.

endeavor to bring together the most gifted young men of all the churches for the study of sociological subjects, with a view to organizing them in a speakers' bureau—for educational and campaign work.

"In the fact that they seek to secure legislation by only one means, viz., by electing men to enact it.

**New Methods.**  
"The changed and ever changing conditions that the clubs face to-day, have made it imperative they should change their methods. The following are a few of the radical changes that will be made:

"1. The old time convention method of promoting reforms will be replaced by political meetings in every city, town and village, having for their object (a) The educating and arousing to action the social conscience of the electors; (b) The electing of men who will not only vote for, but if necessary, introduce legislation to abolish the license system.

"2. In order that their resolutions may be continually in the possession and under the eye of the government; the club members will adopt the method of marking them on ballot paper.

"3. The clubs will drop the method of sending deputations to the government to plead and beg for legislation, and in its place will adopt the method of sending representatives to the house to demand that the mandate of the people shall be obeyed. The people are supreme—the government, their servants.

"4. The method of waiting year after year for one, or both of the old parties to formulate moral issues will be changed into one of projecting issues into federal and provincial elections.

"5. There will be no lowering of principles to party standards. To secure the club vote, the parties will have to bring up their principles to the club's standard.

"6. No candidate of any party at this juncture will be acceptable to the club who will not adopt the banishment of the bar-room as an issue in his election. To do this he must publicly declare that if elected he will introduce or vote for legislation to abolish the license system.

"7. In those electoral districts where a party candidate accepts our platform and makes the club's issue his issue, the clubs will in no way coalesce with the party campaign organization. They will hold their own meetings in

### BICYCLE DEALERS CONVENT.

Discusses Ways and Means of Reviving Popularity.

Delegates from all over the province assembled yesterday afternoon in the Grand Union Hotel, the guests of the Dunlop Tire Co., and Canada Cycle and Motor Co., with the avowed object of interchanging ideas and to adopt some means of bringing about the return of popularity of the bicycle.

### DR. HORNADAY'S LECTURE.

The lecture to be given on Monday evening by Dr. Hornaday, the noted zoologist, from New York, in convocation hall, is one that is not only absolutely unique, but is intensely interesting. It appeals to all who find pleasure in the study of nature, and the illustrations are declared to be superb. The lecture is given in connection with the convention of the Ontario Fish and Game Protective Association. Tickets may be had free on application to Kelly Evans, 25 East Front-street.

### SCOTTISH RITE MASONRY.

Banquet Next Saturday Evening Will Be Auspicious Affair.  
On the evening of Saturday, the 25th inst., the Scottish Rite Masons of Toronto will give a banquet at the National Club.

The arrangements, now almost completed, are for a function which will be the principal event in the history of Scottish Rite Masonry in Toronto. The members of that rite are inviting brethren of the "blue" lodges, and at the present time the prospects are that the company will number about 300.

Lieut.-Col. the Hon. J. M. Gibson, sovereign grand commander of the Scottish Rite in Canada, will be the principal guest, and he will be accompanied by Hon. Wm. Gibson, deputy for the Province of Ontario, and other members of the supreme council. Several distinguished brethren, members of that rite in the United States, have accepted invitations to be present.

The speeches on the history and leading features of Scottish Rite Masonry are expected to be of a high order.

### FIRE IN ISLAND TUNNEL.

Fire broke out in the island shaft of the waterworks tunnel at 4.45 yesterday morning. Little or no damage was done, and the blaze was extinguished by the fireboat, Nelly Biv, which was tied up nearby.

The blaze was caused by an overheated steamplate.

the interest of the principle or issue for which they are fighting."  
**Making Progress.**  
Already this new political movement has made rapid headway. It is not the intention, however, of the central body to attempt to make it a factor through the province in the coming elections. This they claim it is impossible to do in the limited time before the elections. But four years hence the social and moral forces of this province will be an organized political army prepared and ready to battle with every evil and wrong that would impede the onward progress of the country to a higher destiny, morally, socially and politically. Nor will there be any delay, as issues will be formulated in every electoral district just as quickly as the forces in them can be marshaled and trained for battle. "Ward Six" Club, of this city has been in existence less than one month and has now a membership of over four hundred. Those in charge of the organization are confident that they will be able to increase their number to over one thousand inside of a month.

Its officers are:  
Hon. president, W. H. Smith, 44 Spencer-avenue.  
President, J. H. Gundy, 220 Roncesvalles-avenue.  
Permanent chairman, Jos. Gray, 15 Wright-avenue.

Chairman voters' list committee, also on executive, Freeman Trevelyan, 9 Sorauren-avenue.

## HERE IT GOES! NO MORE DRUGS FOR ME!

That's what people do with their bottle of medicine when they begin to feel the effects of Dr. McLaughlin's Electric Belt—turn it down the sink spout. Lead pipe will withstand drugs better than your stomach, liver and bowels. If you have become a victim of digestive troubles, if you have broken down your vital stamina with hard work and worry, do not delude yourself with the idea that you will get back your strength and vigor by following the drug route.

If you want a stimulant merely you might as well take a drink of whiskey. If you want permanent health, strength and vigor, get Dr. McLaughlin's Electric Belt. Drugs are only stimulants and narcotics.

Give me a person with a Weak Back, full of Rheumatic, or Neuralgic pains and aches, suffering from Weakness of Stomach, Kidneys, Liver or Bowels, Headaches, Nervousness, Sleeplessness, Exhausted Vitality, Premature Old broken down, worn out; give me a person with "grouch," and if they use my Belt as I direct, and they use my Belt as I direct, and nervous system with new energy, promote a healthy action of every organ of their body, overcome their weakness, pains and aches, restore their strength and make them strong and healthy, for "Electricity is Life!"

If you are skeptical all I ask is reasonable security; the price of the Belt and you can

## PAY WHEN YOU ARE CURED.

What does Dr. Lusk say? He says: "With Ben Franklin, I believe that the best doctor is the one who knows the worthlessness of most drugs." Every day I am proving the power of my Belt, as a curative agent—as a Vitalizer—as a Body Builder. It is curing cases right along that drugs and other remedies have failed and cured. I do not receive proof of the grand work that my Belt is doing through letters and personal calls from patients who are using or have used my appliances. Here are a few samples:

Bethesda, Ont., Feb. 13, 1908.  
Dear Sir: Regarding your Belt, I can say that I feel brighter and stronger in every way than I ever was before, and I consider myself today a better man than I ever expected to be. Thanking you and your Belt for this happy result, I am, yours faithfully,  
ANTHONY STECKLEY.

Stettin, Prussia, April 17, 1908.  
Dear Sir: I am glad to say that the Belt I bought from you on the last day of July, 1906, cured me of Sciatica. I was in great pain, and I have not been troubled since. Yours truly,  
JAMES ANDERSON.

Restored to Health in Five Weeks.  
Box 47, Smith's Falls, Ont., Jan. 21, 1908.  
Dear Sir: I have worn your Belt for five weeks, and write to you to let you know the good that it has done for me. It has restored me to health. Thanking you for past favors, I remain, yours very truly,  
H. McGILLIVRAY.
