66 THE 1910 McLaughlin-Buick Cars are the Simplest, Safest and Most Economical cars on the Canadian market to-day.'

We mean this comparison to include every Canadian car-whether its price be the highest or lowest.

Your own eyes will tell the story when you inspect our large exhibit of 1910 cars at the Toronto Motor Show-it will be the largest, finest and most complete line of cars you have ever seen, and that means something in this age of many Automobile Manufacturers.

Model "17" incorporates all the tried and true features that make a "GOOD" car, and its medium size and price make it one of our most popular models and well worth your special attention at the show. Don't Forget To Pay Us A VISIT.

ou cannot know the McLaughlin-Buick product from one model—you must take into consideration the full line, comprises every type of car known to meterdom—from the shaft-driven Runabout to the big six-cylinder Touring and Limousines; all with magneto ignition. If interested, write for catalogue.

Civil Service League. Parliament A won two from Postoffice the Civil Service League last night,

Rosedale Wins Three.

Rosedale won three from Laurel B. it lass B. Oddfellows' League, last night 

Duckpin Season Opens.

The Brunswick Duckpin League opened last night like a cyclone, with the Unos and Bryant Press of Section 1, and Chipmunks and Sterlings of Section 2. The latter teams are both from the General Brass Works, and created a lot of excitement. The entire staff of the General Brass Works turned out to root for the Chipmunks, and such rooting was never before witnessed in a bowling alley. But, in spite of all the rooting, the Sterlings took the series from the Chipmunks. Unos also turned out with a bunch of rooters, who did their share, and assisted greatly towards the downfall of the Bryant Press, who lost two games. This league promises to be a most interesting one, as each team entered is determined to win the championship, and Cates' Quacks, last year's champions, have their work cut out. Scores:

# WM. A. ROGERS, LIMITED

Report of the Annual General Meeting of the Shareholders Held at the Company's Offices, in Toronto, on Thursday, February 24, 1910, at Twelve O'clock, Noon.

The Annual General Meeting of the Shareholders of Wm. A. Rogers Limited, was held at the Head Offices of the Company, in Toronto, on Thurs-

The Board of Directors presented the following report :-The Directors beg to present the Ninth Annual Report, with accompanying statement of Assets and Liabilities, as of December 31, 1969 :--Balance brought forward from 1908 .....

\$398,690 84

The appropriations were :-Dividends on Preference Stock, Nos. 33, 34 and 35 .....\$47,250 00 Reserved for Dividend No. 36, payable Jan. 3, 1910 ..... 15,750 00 Dividends on Common Stock, Nos. 29, 30 Jan. 3, 1910 ..... 7,500 00

Transferred to Realty and Plant Reserve Balance carried forward to 1910 ..... \$235,690 84 The transfer of \$25,000 to Realty and Plant Reserve Account inco

A by-law to increase the Ordinary Capital Stock of the Company by \$750,000 will be submitted to Shareholders at a Special General Meeting called for this purpose. The Directors propose, if this by-law is approved, and the Supplementary Letters Patent are granted, to declare a Stock Bonus Dividend of 25 per cent., payable to holders of Ordinary Shares.

By order of the Board,

Statement of Assets and Liabilities, December 31, 1909.

Dividends: Preference Stock, No. 36, pay-able Jan 3, 1910 ......\$ 15,750 00 Common Stock, No. 32, pay-able Jan. 3, 1910 ...... 18,750 00 Common Stock Bonus, payable Jan. 3, 1910 ...... 7,500 00 42,000 00 Debts payable, including all accrued wages and charges . . . . Profit and Loss Account, balance 244,931 84 235,690 84 carried forward ......

Realty, Factories, Plant, Trade Marks and Good-will ..... Stock-In-IT Accounts and Bills Receivable.... Cash at Bankers and in hand ... \$1,362,001-31 813,480 31 -\$2,622,622 68

Audited and found correct, CLARKSON & CROSS, Auditors. Toronto, Feb. 17, 1910.

The President, Mr. S. J. Moore, spoke as follows :- "The report of the Directors and Balance Sheet which have just been presented are in all respects the best in the Company's history. The net profits for the year 1909 exceeded by \$118,741.07 those of 1908, and by \$105,817.40 those of the previous record year, 1907. After payment of dividends upon the Preferred Shares, the surplus profits are equal to more than 31 per cent. upon the

"The dividend rate upon the Common Shares was increased in July from 8 per cent. to 10 per cent., and a bonus dividend of 1 per cent. was declared for the last quarter of the year, thus making the distribution to Common Shareholders 10 per cent. for the year 1909. After these distributions, and the payment of 7 per cent. to the Preferred Shareholders, and the transfer to Realty and Plant Reserve Account of \$25,000, there is left of the profits of the year \$138,466.72. This increases the balance carried forward in Profit and Loss Account to \$233,695.84. From this it will be apparent that, notwithstanding the fact that a substantial increase was made in the rate of dividend to the Common Shareholders during the year 1909, more than one-half the net profits of the year was retained in the business. half the net profits of the year was retained in the business.

"A glance at the Balance Sheet will show that a very considerable amount has accumulated out of the Surplus Profits. This is indicated by the condition, of the following accounts:—

Profit and Loss (undivided profits) at ............ 235,690 84

"It will also be seen by the Balance Sheet that the Company has working capital commensurate with its present needs. The Quick Assets, in excess of Liabilities to the Public, consisting of Cash, Accounts and Bills Recess of Labilities to the Public, consisting of Cash, Accounts and Bills Receivable and Stock-in-trade, amount to \$973,689.53. This is equivalent to \$109 for each share of outstanding Preference Stock. The steady improvement in this feature of our Balance Sheet is shown by the following percentages, being the surplus of Quick Assets over all Liabilities to the Public in their relation to the Preferred Stock outstanding :-

1903. 1905. 1907. 1909. 70 p.c. 78.5 p.c. 90 p.c. 109 p.c. "The Preferred Stock is thus in an unusually strong position. "By comparing the Balance Sheet for 1909 with that of 1908, it will be seen that our liabilities to the public were slightly reduced during the year, while the assets show an increase of \$172,969.31. A very satisfactory feature of this increase in assets appears in the fact that \$132,135 of the

amount is represented by Quick Assets. "As was intimated at the last Annual Meeting, the Directors are of the opinion that the excellent condition of the Company's affairs warrants a more liberal policy in respect of distribution of profits to holders of Ordinmore liberal policy in respect of distribution of profits to holders of Ordinary Shares. The steady growth of the business, however, makes it apparent that additional capital can be profitably employed. Under these circumstances, it is desirable to continue the policy of retaining a large proportion of the surplus earnings in the business. Instead, therefore of largely increasing the rate of dividend to the Common Shareholders, it is proposed to capitalize a part of the surplus profits by declaring a Common Stock bonus of 25%. A Special Meeting of the Shareholders has been called to give authority for the necessary increase in the Common Stock for this purpose.

"Important extensions are just being completed at our principal factory at Niagara Falls, N.Y. These will give us facilities for an increase of at least 25% upon our output in 1909.

"I do not think that it is too much to say that the Company has been splendidly served during the year by its Officers, Managers and Superintendents. The organization which the Company possesses in this regard is an asset of very great value.

"I have much pleasure in moving the adoption of the report, which will be seconded by Mr. Robert Kilgour." After being seconded by Mr. Robert Kilgour, the motion for the adop-

tion of the report was unanimously carried.

All the Directors were re-elected for 1910, being the following:—S. J. Moore, Hon. C. H. Duell, William A. Rogers, Robert Kilgour, Hon. W. Caryl Ely, Hon. H. S. Duell and James Brown.

Messrs. Clarkson & Cross were appointed Auditors. At the close of the Annual Meeting a Special General Meeting of Shareholders was held, at which a By-law authorizing the increase in Capital Stock by the addition of \$750,000 of Common Stock was unanimously con-

At a subsequent meeting of the Board of Directors, Mr. S. J. Moore was re-elected President, and Hon. Charles H. Duell Vice-President.
