

A Simple Act—
Fraught with Great Consequence

Your first opening of a box of Tuckett's cigarettes, and the extraction of one of the ten fragrant smokes it contains, will lead you straight to smoke satisfaction.

Why "put off" the time of your enlightenment? Why not get to know Tuckett's cigarettes to-day? 10 or 15 cents invested in a package, cannot be considered much of a gamble—when you stop to think that, for fifty years, the products of the Tuckett factories have held first place in the estimation of the knowing ones.

- TUCKETT'S "CLUB" CIGARETTES—made from an exquisite blend of Virginia leaf. A package of 10.
TUCKETT'S "7 & 8" CIGARETTES—for the man who likes a full-flavored Virginia. 10c. A package of 10.
TUCKETT'S "SPECIALS"—made from a mild Turkish leaf, rich in flavor and aroma. 15c. A package of 10.

BEDFORD PARK WILL
HAVE PUBLIC SCHOOL

North Enders Want Large Playground—Real Estate is Active—County Noises.

NORTH TORONTO, March 27.—(Special.)—Splendid enthusiasm has marked the proposal to establish another school in the Bedford Park district, and Friday afternoon's meeting will do much to expedite matters. It is gratifying to see the interest manifested in the project by the ladies and the coming summer will probably see the school in operation.

One thing Friday's meeting in St. Clement's Mission Church practically decided upon was to ask for a good block on which to build the school, which will probably be on the McCormick property, to the west of Yonge-street. It was decided that between McDougall's side road and the northern town limits would be a good location.

The offer of St. Clement's Mission Church, made a year or more ago, still stands good pending the completion of the new building. The Bedford Park people have shown commendable zeal in the matter, and especially busy and report the demand as largely in excess of their highest expectations.

Kidney Disease
Does It Threaten You?

The kidneys struggle hard to maintain purity of the blood and carry from the system the waste materials that liver and bowels should remove. The kidneys become over-worked in this effort and soon their activity is exhausted. Then follows a long train of evil consequences, among them Bright's Disease, languor, excessive blood pressure, poor color, heaviness and sleeplessness.

It is imperative to give the kidneys aid—give them relief from excessive work by using Dr. Hamilton's Pills. Under their beneficent action the liver and bowels will act splendidly, the kidneys will be restored and the entire system will give manifold evidence that it is robust, good health has returned.

For general family use in the rapid cure of stomach trouble, headache, backaches, constipation, kidney and liver ills, no medicine can possibly do more than Dr. Hamilton's Pills of Mandrake and Bismut, 25c per box; all dealers or The Cataract-ozone Co., Kingston, Canada.

Dr. Hamilton's Pills
Cure
Kidneys, Liver, Stomach

FORGET HAS THE PROXIES

Thirty-Two Thousand of Votes to Play in Nova Scotia Steel Game.

MONTREAL, March 27.—(Special.)—The "Forget" fight left to-day at noon by the Maritime express, the private car Mustang having been placed at the disposal of the Grand Trunk.

WEST TORONTO, March 27.—At the stock yards to-night there are 78 carloads of live stock for Monday's market.

WEST TORONTO, March 27.—The Young People's Society of High Park-avenue Methodist Church will hold a social meeting on Monday night at 8 o'clock, in the lecture room.

WEST TORONTO, March 27.—St. John's Church annual vestry meeting will be held in the Sunday school to-morrow night.

WEST TORONTO, March 27.—A memorial service was held at 401 Woodville-avenue over the remains of Miss Elizabeth H. Pirie, whose death took place on Friday, Rev. D. L. McKerrill conducted the service.

WEST TORONTO, March 27.—The young ladies of Miss Katriina Borland's class will give an entertainment on Tuesday evening, assisted by Miss J. K. Borland and Mr. Arthur Blight and Miss Mary P. Watson.

WEST TORONTO, March 27.—The annual meeting of the King Township Telephone Company these officers were elected: President, J. M. Walton; secretary, F. C. Walton; and directors, A. Hamilton, G. W. Curtis and L. T. Watson.

WEST TORONTO, March 27.—The next meeting of the Newmarket branch of the Women's Institute will be held at the home of Mrs. C. E. Lundy, Park-avenue, on Saturday, April 2, at 2:30.

WEST TORONTO, March 27.—North Gwillimbury council meets to-morrow at Bellhaven.

WEST TORONTO, March 27.—In all the town churches to-day there were special song services and large congregations.

MARKHAM VILLAGE, Local High School New Fourth in the Province.

MARKHAM VILLAGE, March 27.—(Special.)—On the eve of his departure to Saskatchewan George Robb, Jr., was presented by his fellow pupils of the Markham High School with a number of mementoes.

MARKHAM VILLAGE, March 27.—Harry Auld, for a number of years associated with the mechanical de-

partment of The Economist, leaves in a few days for the northwest. William Ashman, who recently bought the residence of Mrs. Gross on Church-street, is now comfortably located there.

In Peache's Church this morning Rev. J. W. Totten, preached the annual Sunday sermon in connection with the W.M.S. of that appointment. In the evening Mrs. Guy of Mount Joy was the speaker.

H. A. Duncan of Don, who leaves this week for Calgary, visited a number of Markham friends last week. Don't forget the Easter Monday concert in the Methodist Church to-morrow night.

An afternoon tea will be given at the residence of Mrs. Wm. McNeely on Thursday afternoon, March 31. Inspector J. E. Wetlied visited Markham High School last week and expressed himself as delighted with its efficiency. Markham High School now ranks fourth in the Province of Ontario.

BUILT UP FINE DAIRY HERDS. One of the most interesting features of last Wednesday night's presentation of prizes at Thornhill when David Duncan of Don, Ollie Bajaj of Lansing and others of the foremost dairymen in the province, were presented with the prizes won in the "farm and dairy" contest was the Jersey and Mr. H. T. Cowan, Simpson, Rennie and Mr. Duncan.

In plain yet most effective language, Duncan followed up step by step the long and rugged path which he in common with the early pioneers in York County went before they attained to his present enviable position. Mr. Duncan was one among the few who early realized the great possibilities in store for the dairymen within a reasonable radius of the city, and laid broad and deep the nucleus of a great dairy herd, to in a measure meet the demand. Mr. Duncan planned his faith to the Jerseys and Mr. Bates, a younger aspirant for the city trade, to the Holsteins. Each in his chosen line has been wonderfully successful.

At the Thornhill meeting, and it is regrettable that even more farmers were not present, an excellent and wonderful success which may be attributed to the earnest effort of Mr. H. T. Cowan of Peterborough demonstrated conclusively the practicality of the dairy industry. He gave a number of instances more particularly in the eastern part of the province, where from low unprofitable farms, by the use of careful cultivation, not alone that farm, but others had been added, freed from debt and comparative wealth obtained.

The address of Simpson gold medal open to the Dominion of Canada for the best cultivated farm, was intended to be a practical and business thing. It was always been a staunch advocate of the underdrainage and on the farm of his son at Milliken's Corners underdrainage prevails that is practically possible at any place to which this which has made York County as it is to-day, the banner district in the province.
