He had just crumbled in years. He was persuaded some reason best known to Marguerite Garth had a weakish method of reasoning. Such a thesis was plausible. My relatives Mr. Garth has long books and knock-knocks to get them. Some are on the library table; I'll gather in the morning. But I don't want to be known to others. WILL SELECT SITE FOR NEW SCHOOL

Trustees and the Ratepayers Discusses Question at Large Public Meeting.

One of the largest meetings of school trustees and ratepayers of school section 26, Danforth Park, ever held in the district took place in Second school, Barrington avenue, last night. E. Corlett occupied the chair, and the chief topic of discussion was the erection of a school in the western section.

The trustees submitted three sites for the proposed school building, one which received most favor being a piece of land on Coxwell avenue, about three and a half acres, the property of J. B. Harris, offered at \$24,000. D. McCarthy pointed out that the land, although suitable, was too near the present school and suggested a site farther west. He stated that the residents in the eastern section would before long make application for a school in their district.

The discussion on the sites submitted provoked a debate which lasted two hours, becoming at times very heated. It was eventually decided to instruct the school trustees, Messrs. Jennings, C. L. Davis and Andrew Grant, to look over the district and select a site, farther west, and report at a meeting to be called at an early date.

G. W. Anderson, principal, Second school, reported an attendance of 1,004 pupils, with a staff of 21 teachers in the enlarged school, and all rooms full. New pupils are being enrolled daily, showing the urgency of a new district school.

D. McCarthy, C. W. Moore and other residents were appointed to accompany the trustees on their tour of inspection. Preparations are being made at Simpson Avenue Methodist Church for the unveiling of the bronze memorial tablet to the memory of the 28 men of the church who fell in action overseas. Attached to the tablet is a metal box, hermetically sealed, containing a record of the church in connection with the war, and a full list of the men who enlisted for service.

The unveiling ceremony, it is expected, will take place early next month.

The announcement says: "It is understood that 'President' de Valera is ready to appear before such a body and that Mrs. MacSwiney, wife of the imprisoned lord mayor of Cork, will be ready to appear for the same purpose. ROAD THRU PARK IS BURNING TOPIC

Needed for Children Attending School—Abandon Fall Fair Idea.

A roadway thru Prospect Park Cemetery for school children living on Harvie avenue, Eastcourt, is still agitating this district, and the consensus of opinion is that it is up to the board of education to provide this right of way. The controversy dates back to 1911-12, and has been a bone of contention ever since.

Chas. T. Lacey, president of the Fairbank G. W. V. A. and a former school trustee for school section 15, in a statement to The World said: "In 1912 we hired two of the rooms in Hughes Public School, but we soon found this to be inadequate as the district was growing rapidly. To make it easier for the school children to get to school we suggested that a foot-path should be made from Hatherly road to McRoberts avenue, and after the school board and York township council had interviewed the cemetery board, arrangements were made for the township council to construct a roadway—a plank walk at its own expense, and this was done.

This road, however, is not used so much these days as the population on Harvie is greater than on Hatherly road, and the portable schools are taking care of the children together with the Fairbank Public School on Vaughan road.

"The sum of \$80,000, which the cemetery board are now asking for a strip of roadway across their property," said Mr. Lacey, "is too absurd to think of, but the cemetery board being a private corporation can dictate its own price unless the city will consent to expropriate it."

Alex. MacGregor, K.C. president of the 1919 fall fair, presided at an executive meeting held last night at 1659 Dufferin street. The committee is closing up the accounts, and after some discussion it was decided not to hold a fall fair this year, owing to the condition of the new park recently taken over by the city, many being graded and workmen preparing it for winter sports.

COST ACCOUNTING BASIC OF BUSINESS

"Cost accounting is the basic thing of all business," said J. Lee Nicholson, head of the Institute of Cost Accounting in New York and Chicago, at the Kiwanis Club at luncheon. A number of the accountants here in convention were guests of the Kiwanians.

Mr. Nicholson emphasized the need of the sales department knowing the actual cost of articles to do intelligent selling. He also said that careful cost accounting, in the adequate spreading of overhead expenses on the various articles manufactured by a single firm, might make certain necessary articles a little cheaper to the public. Banks now demand a better system of cost accounting than former slipshod methods.

ENGLISH SOCCER.

London, Sept. 15.—(By Canadian Associated Press.)—League football results: First Division: Arsenal 3, Bolton 1; Aston Villa 2, Gillingham 1; Portsmouth 1, Tottenham 1.

The Willys-Overland will play Toronto Scottish in the semi-final for the Dimples Shield at Varsity Stadium on Saturday next, September 18, 1920; kick-off at 4 o'clock. The following players will represent the Overland: Standfield, Drummond, Taylor, Dierden, Herring, Ballie, Sealie, McFarlane, Hillingworth, reserves, Pitkin, Nightingale, Craig, Kemp.

ROTARIANS AT BASEBALL.

The Toronto Rotary Club baseball team held a practice at 6 o'clock yesterday in preparation for their match on Friday afternoon with the Buffalo Rotary Club baseball team. Several days ago the Toronto Rotary Club baseball team visited Buffalo and won the hand-some bronze cup, still in their possession, by trimming the Buffalo boys. Now, at last, the Buffalo boys feel they have developed a team to defend their lost laurels, so on Friday next they will invade our city with blood in their eyes, determined to take back the cup that will be awarded the winners of the same played at 3.15 o'clock.

Mr. Solman has very generously given free use of the Island Stadium for that day and the game is being put on for the benefit of the Toronto Rotary Club boys' work fund. A large turn-out of Rotarians and their friends is expected to help along this good cause. The Buffalo Rotary team will be the guests of the Toronto Rotary Club at the regular weekly luncheon at the King Edward Hotel at 12.30.

WETZEL TO BROWNS.

Flint, Mich., Sept. 15.—Sale by the Flint club of the Michigan-Ontario League to the St. Louis Browns of Frank P. (Dutch) Wetzell, an outfielder, was announced today. Wetzell is leading the Michigan-Ontario League in batting, also in the number of home runs this season, having twelve to his credit.

SUMMIT GOLF CLUB.

The growth and popularity of golf as a sport in this city is well exemplified by the success achieved this year by the Summit Golf Club, which owns what is regarded by experts to be the finest 18-hole course in Canada, on its 285 acres, situated at stop 54, Yonge street. This club had its birth early in the year, and already an expenditure of \$100,000 has been made in laying out the course and erecting and furnishing a most spacious club house. The membership now totals close to 500 members and the summit course is now acknowledged to be one of the finest on the continent.

It was decided to permit the membership lists to remain open only for a few weeks longer, but judging by the rapidity with which new members are pouring in, it is likely the lists will be closed before the period planned is reached. Further elaborate plans are completed in order to provide every comfort to its members and make the Summit Golf Club the premier organization of its kind in this city.
