

*Order Paper Questions*USE OF CHARTERED AIRCRAFT BASED AT FORT FRANCES,
ONTARIO**Question No. 2,344—Mr. Reid:**

1. For the years 1975 and 1976, how many times has the Department of (a) National Health and Welfare (Medical Services Branch) (b) Indian Affairs and Northern Development (c) Public Works (d) the Environment (Water Resources Branch) used chartered aircraft based at Fort Frances, Ontario?
2. For each such flight, what was the (a) date (b) place of origin (c) destination (d) length (e) name of the operator of the aircraft?
3. Were any of the flights shared and, if so (a) with whom (b) to what destination (c) on what date (d) who ordered the aircraft (e) what was the name of the charter company?

Return tabled.

BICYCLES

Question No. 2,369—Mr. O'Sullivan:

1. Are imported (a) bicycles (b) bicycle parts and components recorded by size and/or specification?
2. What was the total number of (a) 10-speed bicycles (b) 10-speed bicycle parts and components imported in (i) 1968 (ii) 1970 (iii) 1972 (iv) 1974 (v) 1976?
3. What are the countries of origin of such items and, for each country, what is the percentage of the total supplied?
4. How many (a) 10-speed bicycles (b) 10-speed bicycle parts and components are manufactured in Canada annually?
5. How many Canadians are directly employed in the manufacture of bicycles?
6. What are the tariff rates on (a) 10-speed bicycles (b) 10-speed bicycle parts and components?
7. Does the government subsidize the bicycle manufacturing industry and, if so, to what extent and by what direct or indirect means?

Return tabled.

KITCHENER ARTS CENTRE

Question No. 2,375—Mr. Beatty:

1. Did the government refuse a request for a grant to build an Arts Centre in Kitchener, Ontario and, if so, for what reason?
2. (a) Under what programme was such a request made (b) what is the present total budget of the programme (c) what commitments have been made to projects under the programme in the current fiscal year and what are the projects?
3. Is the government prepared to provide financial assistance for a Kitchener Arts Centre and, if so, under what programme and to what extent?

Return tabled.

EMPLOYMENT OF NATIVE PEOPLE

Question No. 2,378—Mr. Holmes:

1. For each year 1970 to 1976, how many (a) Status Indians (b) Native people have been employed by (i) the Department of Indian Affairs and Northern Development (ii) other departments (iii) agencies?
2. For the same years, how many (a) Status Indians (b) Native people held positions as (i) Assistant Deputy Ministers (ii) Director Generals (iii) Directors (iv) Chiefs of sections in the government?
3. For the same years, what was the total amount received in salaries by (a) Status Indians (b) Native people employed by the government?

Return tabled.

[Mr. Crosbie.]

ASSISTANCE TO BALLET SCHOOLS AND COMPANIES

Question No. 2,379—Mr. Holmes:

1. For each year 1970 to 1976, which (a) ballet companies (b) ballet schools have (i) requested (ii) received financial assistance from the government and, in each case, in what amount?
2. For the same years, by province and territory, what amount did Canadian (a) athletes (b) sports organizations receive from government departments and agencies?
3. For the same years, were there (a) Status Indians (b) Native people (i) athletes (ii) sports organizations that received money and are included in the reply to Part 2 and, if so, what amount did each receive?

Return tabled.

EXPENDITURES IN CONSTITUENCY OF ALGOMA

Question No. 2,380—Mr. Foster:

1. What amounts were spent by each department and agency in the Constituency of Algoma during the past five fiscal years for community betterment projects, housing and economic development programmes?
2. In which municipalities, unorganized townships or Indian reserves were such expenditures?
3. Were such funds in the form of a loan or a grant and, if a loan, what were its terms?
4. If it was a federal-provincial project, what portion was paid by the government?
5. How many jobs were created by each project or programme?
6. What is a description of each project or programme which received government aid?

Return tabled.

REACTOR SAFETY ADVISORY COMMITTEES

Question No. 2,381—Mr. Douglas (Nanaimo-Cowichan-The Islands):

1. What is the extent of Atomic Energy Control Board's independent expertise necessary to evaluate the reliability of the ECCS?
2. Have the AECB or its Reactor Safety Advisory Committees ever questioned the ability of the ECCS to prevent fuel failures?
3. Have AECL or Ontario Hydro answered satisfactorily all questions concerning the ability of the ECCS to prevent fuel failures?
4. If all of the radioactive gases and volatile substances from a single failed fuel bundle were to escape into the atmosphere surrounding the plant, what would be the maximum possible health effects (per thousand) among the surrounding population within a radius of (a) ten miles (b) five miles (c) two miles?
5. In the event of a loss-of-coolant accident in a CANDU reactor, assuming that the ECCS works as planned, can it be categorically asserted that no fuel failures will occur?
6. In the event of a loss-of-coolant accident in a CANDU reactor, assuming that all other safety devices function properly, what would be the probable consequences to the reactor if the ECCS were unavailable for any reason?
7. Is it considered possible that steam binding could prevent the ECCS from functioning as planned and, if not, for what reason?
8. Has the ECCS been tested under realistic operating conditions?
9. In the event of an inlet header rupture without emergency cooling, what would be the probable consequences in terms of the release of fission products from the fuel bundles?
10. Is the WR-1 reactor at the Whiteshell Nuclear Research Establishment protected against an inlet header rupture and, if so, in what way?
11. In the event of a loss-of-coolant accident in a CANDU reactor, what would be the probable consequences of a failure to scram?
