The enraged Friar.—Camden, in his Remains,
tells us a story of a Friar, who preaching in the
country, espied a poor wife whispering to another
who sat in the same pew, at which the Friar be-
ing enraged, called out "Peace babblers, I com-
mand thee—thou wife in the best hood!"
"Whoeat the woman, angry at the reproof, cried
out till the church rung again—"Marry, Sir, be-

whispered my neighbor for a moment, and thou
hast been babbling here a good large hour."

We are greatly at a loss to-day for materials.—
We have received no English papers, by the late
arrivals from Europe, and the Colonial Journals
do not furnish any thing of an important nature.

CRUELTY.

A Truckman in this City, by the name of Chas.
Henderson, was observed yesterday evening treat-
ing his Horse in a most brutal and savage manner.
He first beat the poor animal unmercifully with a
lumber, and then with one of the heavy stakes
from his truck; and when remonstrated with, re-
plied in the most insolent and abusive manner, that
he had a right to do what he pleased with his own.
Is there no law within the City, to punish such
brutality? We would recommend, that no person
hereafter employ such a wretch.—Communicated.

Information has been received through the Arch-
deacon, that it is the intention of the Lord Bishop
of Nova Scotia, to visit this Province the latter
end of this month. His Lordship was to sail from
Halifax on the 1st in the Government Schr. Che-
bucto, and after touching at the different Missions
on his way, may be expected in St. John about the
26th or 29th inst. His Lordship proceeds di-
rect to Fredericton, where a meeting of the Clergy
will be held to receive him. His Lordship will
afterwards direct his course to the several Missions
in this Province, all of which have for a length of
time past, been much in want of an Ecclesiastical
visit. His Lordship will hold an Ordination in
Fredericton, and it is presumed, will confirm such
persons as may be desirous of coming forward, in
the places he may visit, properly prepared for that
solemn rite.—Ibid.

The woods in the vicinity of Halifax were on
fire for several days previously to last Wednesday,
when they assumed an alarming appearance—and
fears were entertained for the safety of the in-
habitants of those places where clearances are small.
On Wednesday evening rain, which had been long
desired, in a great measure calmed the apprehen-
sions on this head. We have not heard of much
damage sustained except that done to the woods—
and since that there has been but little smoke
seen, although the winds have been uncommonly
high.—Recorder.

QUEBEC, May 4.

We are happy in having it in our power to
state, that authority has been received from home,
for carrying on the Works on Cape Diamond,
during the ensuing summer, and that a large sum
of money has been appropriated for this service.—
This is the more pleasing, because the unfortunate
alteration which has taken place in the Commer-
cial affairs of the Mother Country, (and in which
this Colony, in common, not only with British
Possessions alone, but all Commercial States deep-
ly participates,) would otherwise have occasioned
great distress amongst the labouring classes.

BOSTON, May 27.

STEAM BOAT.—We mention with pleasure the
safe arrival of the steam boat Legislator, lately
purchased in New York by Capt. Porter, to run
between this city and Portland, and to form part
of a line which is to be extended to Nova Scotia,
touching at intermediate ports. She has been
proved to be as safe as she is beautiful; has su-
perb accommodations for passengers, and can car-
ry 100 with comfort. She is over 200 tons bur-
den, and measures 115 by 35 feet.

From the Fredericton Royal Gazette.

BY AUTHORITY.
Surveyor General's Office, 26th May, 1826.

In order to afford every possible facility to Settlers,
and to relieve them from the loss of time consequent
on their attendance at Fredericton, applications for Land
may in future, if more convenient or agreeable to the
parties, be drawn up, and transmitted to the Seat of Go-
vernment with the usual entrance Fees, by the Deputies
of the Office, or the Gentlemen holding the situation of
Secretaries to the various Agricultural Societies, but they
must be made in the name of the applicants and testified
on Oath in the usual manner.

Petitioners to the number of six, provided the Lands
applied for be contiguous, may be permitted as hereto-
fore to come out in one Grant, but in order to simplify
the Public Business, each applicant must be named in a
separate Petition. Answers in the form of Printed
Monthly returns giving the decision of Council upon the
Petitioners in question, will be published in the Royal
Gazette, and sent to the different Deputies and Secretaries
of the said Societies, where they may be seen on ap-
plication; to which will be added a List of the Grants
ready for delivery in the Receiver-General's Office.

This answer is on no account however, to be consid-
ered as authorizing a possession of, or joining upon the Land
prayed for, but on its being published, the person apply-
ing will forward to Fredericton within Six Months the
Fees due upon their Grants, and when the Fees are trans-
mitted, an Order of Survey will be issued; and on the
same being returned to the Office, a Deputy Surveyor will
be authorized to put them in possession of their Land
under the authority of the Governor, and forward to the
Surveyor-General a Certificate of his having done so,
when the Grant will be made out.

The above Gentlemen will also be furnished with a cor-
rect List of the Grant and other Fees applicable to all cases,
for the information of the public.

To prevent the delays which have often happened in
returning the orders of Survey, the Deputies will be in-
structed to notify to the Applicants the receipt of the
Order and fix a time for its execution, when such applicant
will be expected to be ready with the requisite assistance,
and be able to pay the Deputy his allowed Fees and Charges,
or give him satisfactory assurance for the same; in
default of which, the Deputy will be instructed to return
the Warrant within the time appointed, stating his reasons
for not having carried it into effect.

Grant plans will not be permitted to be made out from
any documents but actual Surveys, except where Town-
ships shall have been regularly laid out; and of which a
perfect Survey shall be in the Office; and for the better
protection of the Settler as to his Boundaries, the Lots
will be required to be more extensively and accurately
defined than heretofore.

The Surveyor General will be called upon yearly to lay
before His Majesty's Council, a list of such lands as shall
appear to have been neglected, and not to have been cul-
tivated according to the spirit of the Royal Instructions.

The Emigrant Settlers are especially desired to take
notice, that the sale of Location Tickets is positively for-
bidden, and the buyers of these Tickets will not be con-
sidered as having any claim whatever to the Land under
such purchase.

No petition will in future be received unless drawn up
and authenticated according to the established form.

N. B. The applications through the Secretaries of the
Agricultural and Emigrant Societies and the Deputies of
the Surveyor General's Office are to be made from and
after the 1st of July next, but the answers to the petitions
which have already passed the Council, will be forthwith
published.

S. P. HURD, Surveyor General.

IN COUNCIL, 26th May, 1826.

It having been represented that many Lots on the Ne-
repis Road, to which persons residing in various parts
of the Province pretend to have claims, are still unim-
proved; and some of these Claimants have offered their
Lots for Sale; It is therefore ordered that unless the
Claimants of these Lots do apply for and take out their
Grants, and commence building and improving on their
respective allotments, within one month, their lots shall
be forfeited, and will then be open for application.

Extract from the Minutes,
WILLIAM F. ODELL.

IN COUNCIL, 27th May, 1826.

WHEREAS applicants for Land have been in the
practice of selling the allotments made to them,
without having taken out their Grants, notwithstanding
they are required to make oath that they have not bar-
gained for the sale of such Lands: Notice is hereby given
that this practice is strictly forbidden, and all bargains
made for the transfer of Land under the like circum-
stances, after this date, will be held to be absolutely null
and void; and the purchasers thereof will not be con-
sidered as having any claim to a confirmation of their title.

Extract from the Minutes,
WILLIAM F. ODELL.

Memoranda.

SHIPWRECK.—On the 27th April, the brig Traveller,
Pearce, from Liverpool, Eng. bound to Halifax, was
cast away on the outer end of the N. E. bar of Sable Is-
land. The Captain and crew on the Saturday following,
got safely on shore. Capt. P. immediately after fitted
out one of his boats, and accompanied with 6 or 7 of his
crew, left the Island. Three days after fell in with an
American schooner, Miranda, Capt. Johnson, who took
them all on board, and landed them on Sunday last in the
Eastern passage. The brig was consigned to Messrs. Fra-
zer & Co. of this Town. A letter from the son of Mr.
Hudson, now on the Island, furnishes the following partic-
ulars of the loss of the ship Nassau, Capt. Kenny.—"On
Saturday the 13th inst. saw a ship on the N. W. Bar and
instantly endeavored to ascertain her situation.—Two
boats crowded with people, were seen coming from her—
37 of whom got on shore; but 7, (5 men and 2 women),
unfortunately perished in the surf. The ship was bound
from Ireland for Quebec, with 140 passengers; upwards
of 80, including the Captain, were left on board; and the
long boat being stove on the beach, it was indeed most
dreadful, to see men, women and children, to whom we
then could give no assistance. On Monday, May 15, sent
two boats off, hoping to save the unfortunate people yet
on the wreck, which is a considerable distance from the
land—as far as the little island. We shall look anxiously
for relief."—Hal. News Scotland.
