"Young Man," said his father, "I don't want you to be too attentive to my daughter."
"Why—er—really," stammered the young man, "I had hoped to marry her some."
"Exactly, and I'd like to have you marry her, but if you're too attentive to her you won't have money enough to do it."

Nervous Periodical Headaches

This trouble commonly called "stick head- ache," is said to be due to the retention of uric acid in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition; and in certain cases, no doubt, this is true.
Treatment is demanded, it is more for the pain than anything else, and Dr. F. P. Schullenburg, of Louisville, has found anti-kannin tablets to give prompt and satisfactory relief. These should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible. An enema will some- times shorten the attack. The bowels should be kept open with 'Aristol,' a hot bath and a thorough run-down with a coarse towel, usually prevent the attack. During an at- tack, one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for ner- vous headaches, neuritis and all nerve troubles.The Great Mid-Summer Sale

Sharp and Flat.

A noted music teacher was giving a music lesson to a talented but careless pupil, and was rapidly becoming impatient with her. Finally, at a most com- plicated part of a difficult piece, the pupil lifted her hands from the piano and made a wild dash for her handkerchief to stop a threatened sneeze. It was the last straw.
"Oh!" exclaimed the teacher, thrusting her own handkerchief at her, "What ever such a girl! You lose your posi- tion, you lose your fingering, you lose your handkerchief—you lose everything." "Oh, no," responded the pupil with a twinkle, "not everything! I haven't lost my temper."

RECENT DEATHS

Mrs. David E. Hamm.
The death of Mrs. David E. Hamm, which occurred in New York at St. Vin- cent's hospital, July 8, has cast a gloom over the community. She had been in poor health for several years, and had gone to New York for treatment. Mrs. Hamm was forty-three years of age and was formerly Miss Amelia Huestis, of Lower Jemseg, a daughter of Samuel R. and the late Annie E. Huestis, and leaves besides her father, a husband and two children, Norman R. and Ellen; two sisters, Mrs. Chas. E. Jones, Pet- ticoat, and Mrs. J. H. DeWitt, Lower Jemseg.

The funeral service was held in the Methodist church, Lower Jemseg, July 18, and was largely attended. She was a member of the Methodist church, where she had been organist for several years. She had taught schools in Kings and Queens counties, and was highly esteemed by all who came under her in- spiring influence. She was a woman of high ideals and Christian character, and executive ability, and was one of those whose place cannot be filled. Deep sym- pathy is felt for the sorrowing husband and family in their great loss.

The death of Miss Jennie G. Sowerby of Moncton occurred on Sunday. She was twenty-four years of age and is sur- vived by her father, Robert Sowerby; also two brothers, Robert at home and Jack now at the front.

M. G. Cole died in the General Hos- pital in Sydney on last Friday. He was 74 years of age and had been in the hospital for half a month. He leaves one brother, Charles Cole of Moncton.

Ray Patterson, aged 19 years, of Tem- ple, York county, was drowned while bathing in the St. John river on Satur- day afternoon, within a few hundred yards of his own home.

"These boots, doctor," said the boot- maker, after a brief examination, "ain't worth mending." "Then, of course," said the doctor, turning away, "I don't want anything done to them." "But I charge you a shilling just the same." "What for?" "Well, sir, you charged me half-a-crown the other day for tell- ing me there wasn't anything the mat- ter with 'em."

ROGERS TO GET OUT?

Ottawa, July 17.—Hon. Robert Rogers is said to be thinking of leaving the Bor- den ship of state before the impending wreck comes. Mr. Rogers is spending the pain with opium, or by the use of artificial aids to digestion, such as pepsin and pancreatin, was just as fool- ish and useless as to attempt to put out a fire by throwing water on the smokes, instead of the fire. He claims, and facts seem to justify his claim, that nearly nine-tenths of all stomach trouble is due to acidity and food fermentation; and that the only way in which to secure permanent relief is to get rid of the cause i.e. to neutralize the acid and stop the fermentation. For this purpose he strongly recommends the plan now generally adopted throughout Europe of taking a teaspoonful of ordinary blas- ated magnesia in a little water immedi- ately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and per- mits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly re- store the inflamed stomach lining to a perfectly healthy natural condition. For the convenience of travellers it may be noted that most druggists are now able to supply blistered magnesia in 6 grain tablets, 2 or 3 of which will al- most instantly relieve the most violent attacks of indigestion.

Don't Spoil Your Hair
By Washing It

When you wash your hair, be careful what you use. Don't use prepared sham- poos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mu- lified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thor- oughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it lowers and takes out every particle of dust and dandruff.

To Make Hairs Vanish
From Face, Neck or Arms

Keep a little powdered delatone handy and when hair grows it appear make a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or bluish. This simple treatment is unfailing. Care should be exercised to be sure and get genuine delatone, otherwise you may be dis- appointed.

And forsooth the fashions were never before so comfort- able and common sense.

Designs never so charming. Blue is of course one of the most popular colors with men. Blue serge suits, \$20, \$22.50, \$25, and in some sizes, \$15.

Grey suits are also fashion- able, plain grey in several shades, from light to dark; small checked and narrow stripes, \$10 to \$30.

The numerous shades of brown and the great variety of pat- terns afford a selection that always pleases very many, \$10 to \$25.

Ready-tailored and finished to your measure in a short time.

THE BEST THING
FOR DYSPEPSIA

WHY PEPsin, PANCREATIN, ETC. SO FREQUENTLY FAIL.

An international specialist whose articles on stomach trouble have been printed in nearly every language, recent- ly stated that to treat the average case of stomach trouble, indigestion, dyspep- sia, etc., by doctoring the stomach, kill- ing the pain with opium, or by the use of artificial aids to digestion, such as pepsin and pancreatin, was just as fool- ish and useless as to attempt to put out a fire by throwing water on the smokes, instead of the fire.
