IN PARLIAMENT

General Hugh's Position; The Horses For The War

THE HIGH COMMISSIONERSHIP

Favoritism Charged in Patriotic Fund—British Preference Scored—Turriff Not Afraid of Election—The Budget

Ottawa, Feb. 24.—A report presented in parliament today on the purchase of horses by the militia department showed that the average cost of 4,054 horses was \$164.28, varying from \$150.80 in one of the Ontario districts, to \$188.94 in Nova Scotia, where A. D. Foster, Conservative member for Kings, purchased 428 horses "without remuneration."

In reply to a question Sir Robert Borden announced that the \$54,754 had been paid for the transportation of the Princess Patricia's on the steamer Megantic.

The premier informed Sir Wilfrid Laurier that no change will be made in the office of the Canadian High Commissioner in Great Britain until the government has an opportunity to confer with Sir George Perley, who is filling the post temporarily.

General Hughes told Hon. Rodolphe Lemieux that 2,500 pairs of slippers for the Canadian contingents had been purchased by the government from Ames-Holden-McCreary at \$1.50 per pair. Canvas shoes were obtained at \$2 per pair as follows: Cook and Fitzgerald, 4,000; Dufresne & Galipeau, 5,000; Dufresne & Locke, 10,000; James Muir Company, 10,000; The Shoe Company, 5,000; Regal Shoe Company, 5,000; E. T. Wright Company, 5,000.

In reply to a question by W. M. Martin as to whether the government knew that life insurance companies were charging enlisted men additional premiums, the minister of finance replied that the government was aware that life insurance companies generally were charging additional premiums. Some companies were charging as much as \$200 per \$1,000 on all insurance in excess of \$2,000.

The government had taken steps to see that the provisions of the insurance act in regard to the military services were complied with, but he did not see the need for the regulation of the amount of additional premiums.

Hon. Mr. Doherty's bill regarding the patriotic fund passed its third reading today and became the first completed legislation of the session. A budget of the debate Mr. Ames informed the house that, so far, \$2,700,000 had been contributed and \$800,000 paid out, \$1,900,000 had been received in Quebec, \$1,010,000 in Ontario and the balance from the other provinces. Families of British, French and Belgian resistants shared its benefits with the Canadians. Charges of favor in the administration of the fund were made.

The debate on the budget was resumed by J. H. Borneham of Peterborough who said that the increase of preference was of no-British and of no substantial value. J. G. Turriff declared his readiness to support any war expenditures, but objected to extravagance. He said the government did not dare to go to the country with a budget as a finance minister had presented. Mr. Wright of Muskoka said that the new taxes had been levied in such a way as to fall on those best able to pay them. Mr. Wright adjourned the debate.

CAPT. JOHN McMULKIN DIED LAST EVENING

A Prominent North End Citizen, Held in High Respect by Entire Community—Former Provincial Factory Inspector

The death of Captain John McMulkln, which occurred last evening at his home in Bridge street, removed from the city one who has been active in many movements for the general good, and for the advancement of the North End particularly. He was a former alderman for the ward, and the fact that he was ten years in the common council attests to the esteem in which he was held by his fellow citizens. He was also formerly factory inspector for the province.

Captain McMulkln was very well known, not only in St. John, but in other parts of the province as well and news of his death will be received with regret by a wide circle of acquaintances.

He had not been long ill. On Tuesday he was about as usual but became ill in the evening with acute indigestion which caused his death about eight o'clock last night. Captain McMulkln was a native of Ennisville, County Fermanagh, Ireland, where he was born on April 20, 1838. When but ten years of age he was brought to Canada by his parents.

After living for a short time in St. John, they removed to Upper Gagetown, where he stayed here, and has since made his home here. He was for a time engaged with a soap-manufacturing firm, but later went with Small & Hatheway, wholesale grocers, to the city, where he rose rapidly, and was soon given a position on one of the river steamers which he controlled. For many years he was in the service of the St. John steamer craft, his last being the steamer Mary Queen, which is still in the service. In 1887 Mr. McMulkln entered into business with the late W. E. Gunter, opening a grocery and provision business in Indiantown under the name of Gunter & Co. He married Miss Mary Gunter, sister of his partner, in 1869. She predeceased him some seven years. The firm of Gunter & Co. also engaged in the manufacture of shingles, having a mill at Marble Cove. Two sisters, also surviving, are Mrs. McMulkln took over the business in his own name, conducting it with success until 1909 when he sold out to his son, Frederick R. McMulkln.

Captain McMulkln was a member of St. Luke's church where he had for many years been warden. He also belonged to the I. O. F. In politics he was a staunch Liberal. He was the first appointee under the act creating a factory inspector in the province, but lost his position owing to political reasons. He was of a cheerful, good-natured disposition and to know him was to like him, and in his many years in business he had acquired a reputation for fair dealing and upright methods which won him many admirers.

The family surviving are: Charles W. J. Willie, Fred. R. A. G., and A. Frank, sons of this city, and Mrs. A. E. Kierstead, of Fredericton, a daughter. Two sisters, also surviving, are Mrs. Enoch Currier, of Upper Gagetown, and Mrs. Sydney Currier, of Boston.

SHORTER HOURS FOR THE POLICEMEN FROM MARCH 1

The new arrangement of policemen's duties to allow the men shorter hours, announced in the Times last evening, will go into effect on March 1. Under this arrangement the men will have a nine and a half hour work day instead of eleven and twelve. This is made possible by a rearrangement of the beats and the policy of having fewer men on the streets at the times they are least needed, while providing for more men at the busier times.

The hours of the different patrols in the southern division are to be as follows: 8 a.m. to 6 p.m., 11 a.m. to 9 p.m., 6 p.m. to 4 a.m., 10 p.m. to 8 a.m. In the northern division the hours will be the same, but in the West End they are to be, 9 a.m. to 7 p.m., 1 p.m. to 11 p.m., 8 p.m. to 2 a.m., 11 p.m. to 9 a.m. Provisions have been made to have two men in the streets of the West Side after 10 o'clock in the morning. Every man is allowed one hour for lunch.

Speaking of the new system last night, Chief Simpson said that he realized as soon as he accepted the position that the men were working too long and also that the hours were not laid out systematically. He had been about all the beats of the city day and night and has made a careful study of conditions before completing his plans and he is of opinion that they will prove effective and will be commended not only by the men in the department, but by citizens as well, for the men are given beats they can patrol in a reasonable time and with efficiency.

LABOR CONDITIONS IN AMHERST NOT BRIGHT

Mayor and Councillor to See Nova Scotia Government About Doing Something

(Amherst News) During the closing hours of the council meeting last evening Mayor Douglas took occasion to review the labor conditions prevailing in Amherst and said that there was no immediate prospect of improvement. He suggested that the council appoint a delegation to confer with the Nova Scotia government with the view of securing employment for the unemployed. It might be possible to have a provincial bureau of labor established so that the unemployed might be provided with work.

Mayor Douglas intimated that for his own part he did not expect to see any new orders placed with the Canadian Car & Foundry Company; building operations for the summer were not promising, and it might be possible that with the approach of spring the provincial government could find labor for a large number of men on road work, especially in those counties where there was so much unemployment.

Councillor Shipley and other members of the council endorsed the suggestion of the mayor and Councillor Moffatt and Mayor Douglas were appointed to go to Halifax to discuss conditions with the provincial government. (News Editorial)

It is quite possible that some scheme can be worked out by which the labor congested at centres like Amherst can be scattered over the province. These are not hours and days when men can pick their jobs and fix their own wages. The question is to get a job

How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicines, as a rule, contain a large quantity of plain syrup. Two cups of granulated sugar with one cup of warm water, stirred for 2 minutes gives you as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a 16-ounce bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 54 cents, 16 ounces of really better cough syrup than you could buy ready made for \$2.50 a clear, saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of potent Norway pine extract, combined with guaiaicol, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Toronto, Ont.

FIGHTING WHITE PLAGUE

(Bangor Commercial) In no fewer than thirty-two state legislatures are being considered meas-

ures aimed to stamp out or reduce the ravages of tuberculosis. These take a different form in different states, but all are aimed at the same result.

The legislatures of Alabama, Arizona, California, Iowa, Tennessee and Washington have before them bills that call for the reporting and registration of all living cases of tuberculosis. Measures proposed in Massachusetts, Pennsylvania, Connecticut, Iowa, Alabama and the District of Columbia provide that consumptives who refuse to observe sanitary regulations and are a menace to others may be removed and detained in hospitals. In California, Illinois, Missouri, Maine, Arizona and Alabama a state subsidy of from \$3 to \$5 a week for each patient under treatment in a county or local hospital for tuberculosis is proposed and several of the states mentioned as well as others are considering legislation for the establishment of such hospitals.

THE GUINEA PIG PROVED IT

That dandruff, itching scalp and falling hair, are mostly due to a contagious disease, is now recognized by dermatologists everywhere.

A notable demonstration was by Drs. Lassar and Bishop, who took dandruff scales from the head of a student who was losing his hair, and having made a pomade of them with vasoline, rubbed the same upon a guinea-pig, and the pig became bald. (See Geo. Thomas Jackson, M.D., on diseases of the skin, 4th edition).

The success of Newbro's Herpicide in the eradication of this contagion is quite extraordinary. Neglect and delay only add to the trouble. Begin today with Herpicide and watch the improvement.

Stops itching of the scalp almost instantly. Try it.

Send 10 cents in stamps to The Herpicide Company, Dept. 108-B, Detroit, Mich., for sample and booklet.

Two Sizes—50 cents and \$1.00. Sold and guaranteed at all Toilet Goods Counters.

When you call for Herpicide, do not accept a substitute.
