TEA AND SALE IN ST. COLUMBA'S A SUCCESS

Allies' Colors Feature in Decorations—The Triangle Club—Junior Templars at Home to Parents

The Young People's Society of St. Columba's Presbyterian church held a very successful tea and sale last evening. A tidy sum was added to the treasury. The decorations had been made a special feature. The four tables, in the form of a cross, were decorated with the colors of Great Britain, France, Russia and Belgium. At each table presided young women dressed in the colors of the nation represented and the waiters were young men in white coats and also wearing the colors. All round the hall large British and Canadian flags were draped and from a post in the centre of the tables, long lines of flags of the four nations were strung to the corners of the room. Colored paper streamers of national significance also led to the tables. The whole design showed careful attention and much thought.

Four booths, prettily trimmed with flags and bunting and electrically lighted with colored lamps, added to the attractiveness of the scene. The Misses Townsend were in charge of the fancy booth, Mrs. George Donaldson the pantry sale booth, Mrs. A. E. Cox, Mrs. Adam Campbell, the candy booth and Misses Alice Duff and Greta Lingley the ice cream booth.

The French table was presided over by Miss Ethel Myles, with Messrs Harper-Henderson, A. E. Cox, and Stanley McColgan, waiters. The Russian table was in charge of Miss May Myles, assisted by Messrs. The Hon. Kestel, Harry Clifton and Geo. Donaldson. The Belgian table was looked after by Miss Beaulieu Myles and Messrs. Paul and Charles Aubrey Snodgrass and Edgar. The Great Britain table was championed by Miss Blanche McColgan and Messrs. Charles Irvine, Charles Leggett and James Mulhern. The latter contributing a generous donation of cream puffs, reflecting great credit on his culinary efforts.

While supper was being served, Miss Gertrude Cole played accordian on the piano and when the tables were cleared the club sang three patriotic choruses, "The Best Thing on Earth," "Boys of Mighty England," and "Take Me Back to Canada." A tableau "Soldiers of the King" was presented by four young ladies.

On Tuesday evening the Triangle Club met at the home of George Brown, Lancaster Heights, with a good attendance. The chief speaker was Rev. G. F. Scovill who addressed the gathering on a trip through Scotland and also made reference to work among men of the Anglican church. A vote of thanks was tendered to the speaker. During the evening vocal solos were contributed by Percy Cruickshank and Mrs. Bert Heston. Refreshments brought a most entertaining and delightful evening to a close.

Pleasant Point Section Junior Temple of Honor No. 10, met in open session last evening to give the parents of the members an opportunity to hear and see the work and aims of the society. The meeting was presided over by Worthy Archon George Kierstead and an excellent programme of recitations and songs carried out.

Three speeches were delivered emphasizing various departments of the order. St. R. Logan of St. John, spoke on The Temple of Honor as a membership organization. Mr. Carey B. Black made special reference to the junior branch of the order and Harry Arbo traced the history and quoted interesting matter in regard to Pleasant Point Section. The latter now has a membership of twenty-five in good standing. The lodge meets weekly in the Union Sunday School Hall and has existed for two years. It is connected with the organization are enthusiastic for its success and feel confident the future growth of the temple is assured.

CITY WATER WORK

Culvert Under I. C. R. Tracks at Gilbert Lane Expected to Be Money Saver

The construction of a six foot culvert under the I. C. R. tracks at Gilbert Lane has been commenced by the water and sewerage department. It will contain the ten inch water main which supplies that district, the plans calling for the suspension of the pipe in the middle of the culvert. Manholes at each end will give access to it and this will enable the men to enter and make repairs to the pipe at any time they are needed. In the past there has been constant trouble with this main owing to the weight of trains passing over it and the vibrations and repairs were required frequently and under difficulties. The new arrangement is expected to do away with the need of much of this expenditure and will make the work easier if any is required.

Steam drills are being used now in the rock cutting in Canton avenue and the work is progressing steadily.

The water and sewerage extensions in Adelphi street have progressed so far that connections have been made from the new section to several houses and the occupants are now enjoying modern facilities for the first time. The work on the Spar Cove road section is getting along rapidly and pipes are now being laid in the thirteen foot rock cut at the head of the hill.

NO LIQUOR OVER THE BAR TO SOLDIERS

The doors of the liquor saloons are now closed against soldiers in uniform. No soldier is to be supplied with liquor on license premises whether he is off duty or not. The edict is the result of a visit made yesterday by J. B. Jones, liquor license inspector, and his leaving in each place an interdiction sheet instructing the proprietors that they were not to sell liquor to any soldier in uniform. The inspector said today that the order was met with willingness on the part of the liquor sellers.

While some of the barrooms have been keeping open shop for soldiers, others have not sold to men in uniform at all. The instructions issued yesterday were taken to include the officers as "soldiers."

CATHOLIC FEDERATION

The delegates from St. John who were in attendance yesterday at the meeting in Moncton in the interest of the formation of a New Brunswick Federation of Catholic Societies, returned home last night greatly enthused. The attendance was fairly large. The idea of union seemed to meet with hearty favor.

A committee was appointed to deal further with the matter and report to a later meeting. Of this committee, Dr. Richard, of Moncton, is chairman, and T. M. Burns, of St. John, secretary. Besides Mr. Burns, others in attendance from this city were—H. O. McInerney, Thos. Dillon, Dr. C. M. Kelly, J. J. McDonnell, G. F. Cunningham, Thos. Nagle and Allan Agar.

STEAMER NOW IN PORT WAS NEARLY SUNK BY MINE

The Galier Hit and Abandoned But Did Not go Down—Crew Returned and Worked Her to England

The steamer Galier, Captain Goodwin, arrived in port this morning from St. Nazaire, France, and docked at No. 15 berth, Sand Point. Last December, when the steamer was in the service of the British Admiralty as a transport ship sailing between England and France, she struck a mine in the English Channel and was abandoned. She was sailing along at moderate speed, when suddenly a muffled sound of an explosion was heard and almost immediately the ship began to lurch over. The life-boats were lowered and the crew made hasty preparations for departure. By the time they had gathered together a few articles of apparel and some food the ship had settled in the water, and it was thought that she would soon founder. They managed the boats and pulled away for several hundred yards, and then lay to to watch the sinking of the ship.

Although the steamer settled low in the water, she did not sink, and the captain decided to return to the ship and make an inspection. This was done and they discovered that the ship had struck about mid-ship and more than 1,500 tons of coal had fallen through the aperture into the water. As only one large bunker was flooded, the officers set the men at work at the pumps, and the steamer slowly sailed for an English port, and was repaired.

The steamer is engaged to Wm. Thomson & Co., and is to load hay and oats at this port.

In the police court this morning, Mrs. M. Joyce was remanded on a charge of creating a disturbance in her home in Erin street and doing damage to the house, which is the property of William Sharkey.

LONG LIVE THE KING

The birthday of King Albert of Belgium today is passing without any recognition on the part of the citizens. If the fact had been more widely known it is probable that many citizens would have been glad to have flown flags in honor of the gallant king of the Belgians.
