U. S. DRYS SAY CANADA SENDS OVER FLOODS OF WET PROPAGANDA

Accuse European Liquor Dealers of Financing Drive and Blame Quebec System of Control

NEW YORK, Oct. 9.—Charging that floods of propaganda intended to conceal the failure of legitimized beer and the Government sale system and that European liquor dealers are "subsidizing the wet fight in America," the Anti-Saloon League of America today issued a statement attacking the "poison gas" propaganda against prohibition which it asserts is spreading through the United States by new channels. "From Canada come floods of propaganda," the statement said.

"While the wet group here extols the Canadian system as ideal the wets in Ontario declare the 4-4 beer is unsatisfactory and the liquor commission of Quebec fills the newspapers with display advertising, setting forth the advantage of the Quebec system in the hope of stilling popular dissatisfaction at home and selling their system to the United States."

EUROPEANS ORGANIZE

"European dealers are organizing to check the rapid spread of prohibition sentiment in their own lands," the statement continued. "We have assurance that these men, notably the wine

growers and sellers of France, are subsidizing the wet fight in America."

Turning to the national situation the statement characterized reports of an agreement between the Anti-Saloon League and the brewers as an "ambush attack."

DRY CHARGE DENIED

MONTREAL, Oct. 9.—The people responsible for the statement that the Quebec Liquor Commission are advertising in the newspapers the advantages of the Quebec liquor laws in order to still "popular dissatisfaction at home and sell their system to the United States," were characterized this evening as "stupid" by L. B. Cordeau, president of the Quebec Liquor Commission here. Mr. Cordeau denied the statement of the Anti-Saloon League of America that the Commission was issuing such propaganda and said it would be extremely unprofitable from a purely financial point of view for that body to undertake anything of the sort.

The Quebec Liquor Commission some time ago advertised in provincial papers, but this advertisement was purely in form of a notice to the public regarding the findings of the enquiry which had been ordered into the affairs of the commission by the government at the last session of legislature. "This advertisement was only to report with reference to that investigation," said Mr. Cordeau this evening.

"We are not the slightest bit interested in the laws of the United States of America, which is absolutely a foreign country. If we were looking to our own interest only, we would rather see the United States dry. Many citizens of that country come to Montreal for other purposes than to see the sights, and if our liquor system obtained in the United States, it is highly probable that these people would stay there and Quebec would lose the money. You can see then, that from a purely financial point of view, we are not interested in seeing the United States go wet."

Mr. Cordeau declared that those responsible for interpreting the published report of the commission as "wet propaganda" were very stupid.

Caillaux Jibe Given Baldwin On Debt Pact

PLYMOUTH, England, Oct. 9.—M. Caillaux, the French Finance Minister, asked by interviewers who boarded the steamer France, when it called at Plymouth tonight, if he was disappointed with the result of his debt mission to the United States, said: "I am never disappointed. We can't all sign agreements like Mr. Baldwin."

(Stanley Baldwin, now British Prime Minister, as Chancellor of the Exchequer, was head of the British mission which arranged for the funding settlement of Great Britain's debt to the United States.)

Men Blacklisted For Refusing Work

WINNIPEG, Oct. 9.—A blacklist containing the names of men who have refused work offered by the Manitoba Government employment office is now in possession of the Social Welfare Commission. Men whose names are written there will be refused relief if they apply for it during the winter months.

WOMAN TAKEN IN MONCTON ON MURDER CHARGE

Quebec Warrant Charges Mrs. Abraham Gallop Poisoned Husband

STRYCHNINE FOUND IN MAN'S STOMACH

Prisoner is Taken to Roberville, Where She Will be Placed on Trial

MONCTON, N. B., Oct. 9.—Charged with the murder of her husband at Almyerville, Que., in August last, Mrs. Abraham Gallop, about 40 years of age, was arrested here this afternoon by Sergeant Harris of the local police force at the instance of Provincial Detectives Alfred Poussin and C. H. Michaud of Quebec, the warrant being issued by the Attorney-General's Department of Quebec.

The Quebec officers left with their prisoner on the Maritime express tonight for Roberville, Que., where the trial will take place.

DIED LAST AUGUST

Abraham Gallop died at Almyerville, Quebec, on Aug. 6 last and the remains, accompanied by the widow, were taken to Springfield, York Co., N. B., for burial.

Later at the instance of the Attorney-General of Quebec the body of Gallop was exhumed and an autopsy, it is alleged, revealed strychnine in the stomach.

The information against Mrs. Gallop was laid by W. A. Gallop, of Dalhousie, N. B., who accompanied detectives to Moncton.

ONCE AT MUSQUASH

Abraham Gallop, the deceased, was formerly foreman of the Canadian National Railway roundhouse at Musquash, and later employed at the Musquash hydro plant. At the time of his death he was in the employ of the Quebec Development Company.

His widow, who is to face a charge of murdering her husband by poisoning, before her marriage, was Miss Emily Sprague, of Charlotte, Me.

ABDUCTOR KIDNAPED

MERIDIAN, Mich., Oct. 9.—A band of men whose identity has not been learned Thursday took Norris Raynor, 28 years old, from the custody of a policeman who had brought him here from Akron, Ohio, on the charge of abducting a young girl. It is not known whether they were friends of the youth or were seeking to take the law into their own hands in his punishment.

Signs Will Flash Names of Criminals

BERLIN, Oct. 9.—Getting one's name featured in electric signs will be much simpler in Berlin than on Broadway, following a new departure in criminal detection announced by police officials. In their campaign to enlist citizens in the search for offenders against society, the Berlin police have erected large electric signs at five central places in Berlin. When a criminal is wanted, his name and description will be flashed on the sign.

EXTENDING THE FAIR

It has been decided to continue the Orphans' fair into next week closing on Wednesday P. M. with a big wind up and sale of left-over goods.

The committee feel very grateful to the city merchants, the bands, and also to the general public of all classes, who have been very generous in their contributions and support, but despite all this the effort at present bids fair to fall far short of realizing the amount required for this work. This is partially due to the financial depression now existing and also the failure or neglect of some others who could assist in bearing their share of the load at this time. It is for this reason that the workers connected with the fair have been asked to make a further sacrifice of their time in order to allow the above another opportunity of getting into the game and bearing their share of the responsibility. It will also give the postmen a better chance.

The committee will appreciate any further voluntary contributions of either cash or goods. The Pythian Sisters will require further supplies of home cooking, etc., for Wednesday P. M. Will you help? Those having tickets out for sale are urged to push them hard for a few days more and then make returns promptly so as to aid in the drawing.

In conclusion if you are a Protestant be a sport, join the movement and help us from now on to put it over big. Remember its for the Orphans. A failure on our part now will be a reflection that will cast its shadow on us all, for many eyes are upon us.
