POLICE REQUEST THEY GET PENSION

Petition Public Safety Commissioner to Endeavor to Have It Arranged.

The members of the police department of this city are keenly interested in the establishment of a superannuation fund. With this object in view they have signed a petition and filed it with the Commissioner of Public Safety asking that an effort be made to arrange for its adoption. Their idea is to have a fund conducted under the same lines as that in Halifax. The members of the local department have a benefit fund of \$10,000, and they are willing that this be given as a start. They estimate that in five years it will be self-supporting, as they are willing that five per cent. of their salaries be deducted and placed in the fund. Men must serve 25 years before superannuation would be granted.

It is proposed that the Mayor, city treasurer and chief of police should be for the time being—trustees of the fund. Every member of the force who has served for 25 years or more would on resignation, or on being retired by the board of control, be entitled to receive a sum equal to twenty-five thirty-fifths of the salary he was then receiving, as a pension, to be paid to him in quarterly instalments until his death. In event of service being terminated before the fund was established it is proposed that he shall for every year he has contributed to the fund receive a sum equal to one thirty-fifth of such salary, and for every year of service before the fund was established he shall receive a sum equal to one thirty-fifth of his salary out of the revenues of the city. No member of the force dismissed or resigning therefrom before the expiration of twenty years' full service would have any claim for any allowance from the fund.

Citizen Sees Good Example For All In Andy Duffy's Smile

To the Editor of The Times.
Sir—I didn't know who Duffy the most popular "cop" was until I saw his picture in tonight's Times. I didn't take any part in the contest, but as an automobile driver, I wish to go on record as heartily agreeing with the decision.

Now that I know Duffy through your introduction I can more than ever appreciate that smile of his. It has, for a long time, been to me a beacon light of cheer when passing his station at the head of King St. and, no matter what my grood or gloom, it has always brought an answering smile from me.

In common with hundreds of other automobilists, I am pleased to know you, Mr. Duffy. May your winning smile and cheery outlook be a pattern for others in St. John. A lot of us are smiling these days because we hope a prosperous future for the city, so I know you are going to have many imitators.

Yours truly,
A CITIZEN.

An automobile 1882, owned by Harold H. H. Nice of Garden street, caught fire in front of the Imperial Theatre last evening. At that time he endeavored to locate the owner but was unsuccessful.

NOVEMBER PANSIES.

Mrs. M. Mrs. Keefe said that these flowers had bloomed at this late date, without the aid of any covering from the winds of November. She had also plucked a white rose from her garden on the first day of November.

JUDGE DECIDES BERTRAND GUILTY

Defers Sentence in Ticket Case, in County Court Until Tuesday.

Edgar Bertrand, who claims Worcester, Mass., as his home town was declared guilty of ticketing a second class railway ticket from St. John to Montreal, valued at \$12.75, by Judge Barry in the St. John County Court today. He was remanded to jail until next Tuesday when sentence will likely be passed. W. M. Ryan conducted the prosecution and the prisoner carried on his own defence.

Bertrand pleaded not guilty. Evidence was given by Adolph ComEAU from whom the ticket was secured and by others, as in the police court. Bertrand declined to take the stand in his own defence. To a question from the judge he said he had never been arrested before on a criminal offence.

LICENSES OF ALL VENDORS RENEWED

Former One in St. John City is Added to the List.

All the present vendors under the Provincial Prohibition Law had their licenses renewed, it was stated this morning by J. B. Hawthorne, chief inspector. All were given to understand that they must obey the law and the first fine struck against them would mean the loss of their licenses. A number of new applications were received but it was decided not to grant any of these with the exception of that of G. A. Cameron, of this city. The exception was made in his case because of the fact that he had been a former vendor and resigned.

One vacancy exists in the County of Westmorland but it was decided not to make any appointment until further investigation had been made. Mr. Hawthorne said the St. John staff of sub-inspectors would be smaller by one man as the resignation of H. J. Carson had been accepted and no appointment would be made to fill the vacancy.

FINE IMPOSED IN BLASTING CASE

Violation of County By-law in Breaking Up of Old Dredge.

Joseph Garson, of Garson's Ltd., was fined \$10 and costs by Magistrate Adams in the East St. John Court on Tuesday afternoon, when he was found guilty of violating a county by-law by neglecting to obtain a permit for blasting and for not sufficiently covering the bluffs when set off. On the promise of the defendant to exercise more care in future, the minimum penalty was struck. King Kelly appeared on behalf of the county and J. H. A. L. Fairweather for the defence. It was shown in evidence that pieces of metal from blasts on the old dredge near Eastmount had been hurled across the road and in one instance a door had been broken. In another case windows were broken in a greenhouse some 600 feet away.

ONLY ONE WENT FROM ST. JOHN

Miss Alice Woodman to Meeting Re Chinese Mission Work.

Mrs. Alice Woodman, superintendent of the Trinity Church Sunday school Chinese class left last evening for Kingston, Ont., to attend the annual convention of Canadian mission workers among the Chinese of Canada. She was farewelled by a party of co-workers. It was a matter of regret that Miss Woodman, a native Canadian, could not go to the convention as he did last year, business preventing. The funds collected for the passage and other expenses of delegates have been banked against other occasions when a larger delegation from this city will go forth. It will be known as a delegate fund. The contributors this year have been Trinity and Stone churches, Charlotte street Baptist, West St. John; the four branches of the W. C. T. U., as well as the county organization. The Chinese citizens themselves have contributed generously and native citizens too, while in a group way the Trail Rangers of Central Baptist church donated liberally. Commissioner Wigmore was financial supporter of the delegation too. The convention will last several days in Kingston and will be attended by representatives from every Chinese mission in Canada.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "the winter season is at hand."

"Yes, sir," said Hiram—"we'll hev it soon now, I guess."

"I suppose you have your moving machine stored in the meadow," said the reporter.

"Yes, sir," said Hiram—"we'll hev it soon now, I guess."

"Sure," said Hiram. "And the horse-rake in the back field," said the reporter.

"Yes, sir," said Hiram—"And the wagons out behind the barn," said the reporter.

"I think I'll keep 'em in front this winter," said Hiram.

"And the rest of the farm machinery scattered around out doors where it will get all the weather there is," said the reporter.

"That's where it is," said Hiram.

"Ever think of housing it for the winter?" queried the reporter.

"Now, you look-a-here," said Hiram—"you know dinged well I got everything under cover. What's the idea of all these questions?"

"Do all the farmers house their machinery in winter?" asked the reporter.

"Well, now, sence you ask," said Hiram, "they don't. No sir—too many of 'em leaves it out to get rusty an' no good. They're the fellers that says 'farming' don't pay. But we got a farm school now—mebbe they'll learn somethin'. They orto—By Hen!"

Aluminum Ware

In the Kitchen indicates a thorough appreciation of the importance of good cooking utensils. Food prepared in them tastes better and is better. This is because they take the heat so quickly and distribute it so evenly that the result is quicker and more uniform cooking.
