

SERVICE THEME OF VISITING MINISTER

A strong appeal to young men and women to dedicate themselves to a life of service was made by Rev. Dr. Clarence MacKinnon, principal of Pine Hill College, Halifax, in his sermon in St. Andrew's church last night when the service was held under the auspices of the Y. M. C. A. and was attended by a large congregation, of which young people formed the greater part. Rev. J. S. Bonnell, minister of the church, conducted the service and the singing was led by a male choir, while S. E. Fisher, the president of the Y. M. C. A., was the organist. "Now the Day is Over" was sung by a male quartette.

Pinnacles of Service was the subject of Dr. MacKinnon's address and his text was Luke 19:28, "Then Peter said, Lo we have left all and followed Thee." He illustrated his theme by referring to services rendered by the martyr, the monk and the missionary.

There were many activities in the Y. M. C. A. programme of the week-end besides the mass meeting addressed by Dr. MacKinnon. In the afternoon and the evening service in St. Andrew's church. The boys' service in the association building on Sunday morning was largely attended and W. C. Cross was the special speaker. The usual Sunday evening sing song at 8:30 had a record attendance. Bayard Stillwell was the special soloist. A short address was given by Rev. E. I. Everett, missionary of the Methodist Episcopal church in the Congo, who arrived in the city on Saturday on the Melita. The senior business boys of the Y. M. C. A. enjoyed a toboggan party Saturday night. They returned to indulge in a hearty sing song and parade of refreshments.

BUNIONS

Can Be Relieved By

Dr. Scholl's Bunion Reducer

This appliance has a peculiar concave shape, purposely so formed to fit snugly over joint and eliminate friction and pressure from footwear and at the same time also prevents the enlarged joint from forcing shoe out of shape. Is superior to old-fashioned leather and felt protectors, as it is made from antiseptic rubber, and being worn right on bunion inside hosiery. It excludes air, forms and retains a moisture pocket which keeps the joint soft and pliable, removes that hard skin or callous that so often accompanies and increases the irritability of the enlargement; also reduces inflamed condition.

Made in three sizes, right and left foot. Price, each 75c.
