

## WHITTAKER IS GIVEN A 17 YEAR SENTENCE

Two Years Each on Six  
Charges re Forged Checks,  
and Five Years on Bank  
Note Matter.

At the adjourned sitting of the County Court this morning a heavy sentence was passed upon Frederick Whittaker in connection with several charges against him for forging checks and raising bank notes. There were six instances of the former to which he pleaded guilty and on each of these Judge Armstrong sentenced him to two years in Dorchester with a further sentence of five years for raising the bank notes, making a total of seventeen years.

In the civil case of Puddington vs. McFarlane, an action in connection with lumber alleged to have been taken from a brood of logs, the plaintiff began his case but on the examination of one of the witnesses it was disclosed that the defendant had nothing to do with the matter and the record was withdrawn. Ted and Ted appeared for the plaintiff and L. P. D. Tilley, K.C., for the defendant.

The court adjourned until June 9th.

## THE CIGARETTE RISE IN MONTREAL

Montreal, May 29.—Prices for cigarettes are up in this city, effective tomorrow. Those which sold for eighteen cents a package of ten will be twenty cents; those which sold at the rate of fifteen cents per package of ten will be eighteen cents; or two packages for thirty-five cents; those which sold at twenty-five cents per package of ten will be twenty-eight cents; or two packages for fifty-five cents.

There will be practically no increase for the higher priced cigarettes.

## MENTAL TESTS IN BUSINESS

Business leaders often attribute their success to the ability to surround themselves with able assistants, and methods of picking the "right man" at all times are keenly interested. Attention has usually centered, however, around the selection of junior executives, skilled factory workers, or salesmen. One very important group has been partly neglected, though its relation to general business efficiency is direct and far-reaching. This is the group of office workers—clerks, typists, stenographers, secretaries—through whose ready assistance business men do most of their work.

The use of a simple intelligence test in the selection of clerical employees would increase the efficiency of the average business office by as much as 50 per cent, according to a study made by a group of psychologists at the University of Chicago. The study was made by a group of psychologists at the University of Chicago. The study was made by a group of psychologists at the University of Chicago.

General intelligence is not the only factor to be considered in selecting office workers. But it is a most important factor and has not been given the consideration it deserves. The efficiency of any office group can be improved by establishing an intelligence standard for applicants seeking positions in the company. This programme can be carried out without disturbing the regular employment routine, without employing a professional psychologist (except, perhaps, to set up the programme at the start), and without added expense. In fact, the programme will reduce the general overhead—H. G. Kenagy, Assistant Director, the Bureau of Personnel Research, Carnegie Institute of Technology, in Forbes Magazine (N. Y.).

## HON. DR. ROBERTS TELLS OF PLANS FOR HEALTH WEEK

Partial Programme for Important Days Announced  
This Morning—Canadian Congress Here.

A partial programme for Health Week, which will be observed throughout the province beginning on next Sunday, June 4, was announced this morning by Hon. Dr. W. F. Roberts, minister of health in the provincial government. The opening day will be one of great interest throughout the province and many noted men will give addresses at various points.

It is of interest to note that it is intended for the province of New Brunswick to initiate the idea of a health week. Other places have had health days and health Sundays but a health week had not been heard of before the N. B. department of health started last year. The results last year were so encouraging that the department resolved that this year people all over the province should be given an opportunity to hear big men in health work.

The department is combating health week this year with the Canadian Public Health Congress which will convene in this city on June 8. Next Sunday ministers in the various churches will refer to the work of the health department and the matter of good health in general.

Special arrangements have been made to give outside points a chance to hear prominent men. The meetings will be held on Sunday evening after the closing of the churches. In Moncton Dr. Charles J. Hastings of Toronto, noted public health expert, will speak in the Imperial Theatre on Sunday night. He will speak in Newcastle on Tuesday night. Special efforts will be made to have delegates present from Campbellton, Bathurst, Chatham and rural points throughout the country. Dr. Bernard Wyatt of Quebec will speak in Fredericton on Sunday evening. Dr. W. J. Bell of Toronto will speak at McAdam Junction on Sunday afternoon, and in St. Stephen on Sunday evening. Dr. Gordon Bates of Toronto, secretary of the Canadian committee for combating venereal diseases, will speak in Woodstock on Sunday evening. Further announcements regarding the St. John programme will be made later.

## ANOTHER CUT OF MILLIONS IN RAILWAY PAY

Chicago, May 30.—Another \$60,000,000 slash in the yearly wages of the nation's railway employees was announced today by the end of this week, according to information printed today by the Chicago Herald and Examiner. It says: "The reduction will affect more than 400,000 shop craft employees with a minimum of \$4,000 a year cut from the pay of each employee."

"This action, combined with the slashing of the wages of maintenance of way employees last Sunday, will save the railways \$100,000,000, or half the amount necessary to bring the payroll back to where it was in May, 1930, before the board began to raise wages."

## DECLINE IN PAPER AND PULP EXPORTS

Total of \$6,490,859 in April  
Compares with \$10,672,832  
in March.

Canada's exports of pulp and paper for April were valued at \$6,490,859, a considerable decline from \$10,672,832, the total when the same month of the previous year when the total was \$10,672,832.

Although much less in volume than for the month of March, exports of both paper and pulp showed striking gains over April, 1931, partly because of the increase in the price of pulp exports, which amounted to 621,853 cwt., compared with 301,028 cwt. in the previous year.

The figures for April, 1932 and 1931 are as follows:

	Value	Value
	1932	1931
Paper	\$3,796	\$660,000
Newsprint	\$2,411,883	\$471,981
Other paper	\$405,985	\$15,542
Pulp	\$5,731,054	\$4,692,063
Value	1932	1931
Sulphate kraft	\$424,430	\$311,615
Sulphate, unbleached	\$254,945	\$94,908
Sulphate, bleached	\$404,380	\$452,564
Mechanical	\$131,427	\$179,214
Total	\$12,142,852	\$11,798,269

The principal countries of destination of these exports were:

	Value	Value
	1932	1931
U. S.	\$4,031,228	\$1,688,806
U. K.	\$122,107	\$122,107
Others	\$8,989,517	\$9,987,356

Exports of pulpwood were smaller in April, being 49,076 cords valued at \$476,844, compared with 96,998 cords valued at \$806,988 in March, and 170,177 cords valued at \$977,537 in April, 1931.

He is down to 187 pounds and expects to be near his best weight by the end of the week. The race course is three miles from the boat house where Hilton keeps his shell and three times daily Hilton rows to and from the course. As well as the course, aggregating nearly twenty-five miles. Rooney and the other star competitors in the feature race for the championship of the United States are reported in the pink of condition and are going over the course only once a day.

## BRITISH COLUMBIA PREMIER PROTESTS

Ottawa, May 29.—"Contrary to the terms of union," was the description applied by Premier Oliver to the British Columbia in the railway costs committee this afternoon to the existing discrimination in railway rates against British Columbia.

"I want to say that the time is coming when another appeal to the Imperial government may be necessary," declared Premier Oliver emphatically.

British Columbia is not going to rest under existing conditions, no matter what the consequences may be. I say that advisedly."

## MILITARY PACT?

London, May 29.—Prime Minister Lloyd George told a questioner in the house of commons this afternoon that the government was not going to consider the possibility of a military pact between the German and soviet governments. He said no confirmed part of the reports had been obtained but that the matter would not be lost sight of.

Chancellor Wirth today emphatically denied that the Rappallo treaty was amplified or supplemented by a secret military convention or other agreements of any nature.

## ULSTER FORCES HAVE WITHDRAWN FROM BELLEEK

Belfast, May 30.—The evacuation of a considerable section of country in the border region by the Ulster forces was announced today.

The special constables were withdrawn from the Belleek salient in County Fermanagh, Ulster thus abandoning it to the Free State troops.

Belleek is a little town famous for its pottery works. It is so peculiarly situated that the land route from it to Enniskillen passes through Free State territory and the waterway through Lough Erne alone has been available for the specialists who have been using boats in keeping up communication. Owing to the difficulty of maintaining the position, it was considered advisable to evacuate it.

London, May 30.—British troops are being kept in Dublin not at the request of the Irish provisional government, but because the process of evacuation has been temporarily suspended so Winston Churchill said in the House of Commons today. He said the military authorities no longer believed that the three British officers and a private who were captured at Macroom several weeks ago had their relatives had been so informed.

The British government, Mr. Churchill said, had suspended the delivery of all supplies to the provisional government since the date of the agreement reached between Michael Collins and Eamon De Valera.

## CANADIAN COAL COSTING MORE

Ottawa, May 29.—The Canadian government railways management purchased 14,968 tons of coal in the United States in February, 3,483 tons in March and 1,657 tons in April at a purchase and transportation cost of \$4.75 per ton. This cost \$1.45 per ton at the mine, while the railway and ferry rate to Coeur d'Alene (Ont.), cost \$2.81. This information was given to George B. Jones, (Conservative, Royal.)

The government said that preference was given to Canadian coal, but that where American coal, including duty, was cheaper than Canadian coal, the railway management took the attitude that they would continue to purchase to the best advantage.

## ROYAL LEVEE

London, May 29.—The first week of London's "season" opened today in a blaze of sunshine when King George held his first levee at Buckingham Palace with all the pomp and ceremony of the days before the war. Ambassadors and envoys accredited to the court were admitted at certain points in a gallery of society people.

King George and Queen Mary later showed a number of the guests to the Grand staircase, where they were met by the Franciscan performers, which is one of the big fashionable functions.

## COUNTY AUDIT

P. F. Blanchet, chartered accountant, has completed his audit of the county accounts and filed same with the county secretary. The report follows: "I beg to report I have made an audit of your treasurer's account for the year ending Dec. 31, 1934. I have verified all the accounting work, passing through the books and have checked all disbursements with the vouchers. I find the balance sheet as shown on page 102 of your annual report to be correct. I have also verified the balance of the fund account of the county and securities held in the Bank of Nova Scotia with your sinking fund and find the total of them agrees with the total of the sinking fund account. I find suggest that the large amount now held in the savings bank accounts, over \$40,000, be invested in proper sinking fund bonds yielding better interest than the present three per cent.

I find the accounting work well carried out.

## RUMOR ABOUT BLISS CARMAN.

Bliss Carman is said to have been under consideration a stage career. He is said to have been offered a part in the third company formed by John Golden, the well known Australian playwright, to produce "Lightnin'", which had a record of 1,665 performances in New York by the first company while the second company, according to The Billboard, a theatrical publication, had played 322 performances up to May 20th.

According to a letter printed in the New York Times, and referred to in The Billboard, an offer of the part of Bill Jones in a third company of "Lightnin'", has been made by John Golden to Bliss Carman, the poet. The letter states that Mr. Carman has studied the part and has the offer under consideration.

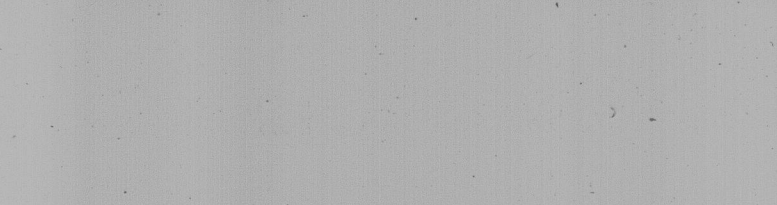

## THE GERMAN ANSWER.

Paris, May 30.—Differences have arisen between the reparations commission and the German representatives here over the translation of Germany's reply to the commission's demands. The answer, however, is regarded as a virtual acceptance of all conditions relating to adjustment of Germany's finances as laid down by the commission, with only minor changes that can be quickly adjusted.
