LOCAL NEWS

POLICE COURT.
Three men charged with drunkenness were fined \$8 or two months in jail in the police court this morning.

BLUE ROCKS VICTORS.
The Blue Rocks defeated the Imperials on the Queen Square diamond this morning, 5 to 3. The batteries were: For the winners, Hammond and Stewart; for the losers, Merryweather and Lee.

ON WESTFIELD LINKS
Ladies' foursomes held on the Westfield Golf and Country Club yesterday afternoon were won by Mrs. Harold Schofield and Mrs. A. C. Carr to whom the prize was awarded. About thirty-five ladies participated.

NOW HAS LICENSE
George Craft, who was before the court on Saturday, charged with operating a motor truck without a license and was given until Wednesday to get one, appeared in court this morning and exhibited his license. The report was made by City License Inspector Robert Harris.

VERY PLEASANT TIME.
The members of the Last Car Club spent happy hours last evening at the hospitable home of Mr. and Mrs. S. Cadell, Riverview, Pokok, at the weekly meeting. In the progressive waltz play Mr. Crane and Miss Dow were winners, and consolation prizes went to Mr. Olton and Mrs. Horsman. Dainty refreshments were served by the hostess, and in all it was an evening greatly enjoyed.

QUESTION OF RULE OF ROAD
Barney Aaron was before the magistrate this morning charged with making a wrong turn at the south side of King square yesterday afternoon. The report was made by Sergeant Spiney. Aaron explained that he belonged to Toronto and was used to turning to the right. At the time he had been reported he made the wrong turn to avoid the Junior Chautauqua parade. Sergeant Spiney said the man's statement was correct and that he had not endangered any lives by making the turn he did. The magistrate accepted the explanation and Aaron was allowed to go.

PARKING CASES
Sitting Magistrate Henderson said this morning that the law regarding parking of automobiles in the city is being observed. Some had been reported and their cases taken up but it was felt that where parking had been so long allowed in certain places it was not fair to begin to enforce the law without fair warning to all. Four people had been reported for parking in Market square and one for parking in Prince William street, all on Monday. Those reported had explained that they were not yet familiar with the new enforcement and their explanations had been accepted. All those reported for violations on Monday were excused but the law would be enforced from that date. The reports were made by Sergeants Baxter and Spiney and Police-man Young.

HYDRO MATTERS

Report Says Engineer Places the Distribution Cost Not Above \$600,000—Mayor's Report Delayed.

The report of Engineer Gordon Kribs on the cost of hydro distribution in St. John is in the hands of Hon. Dr. E. A. Smith of the N. B. Power Commission. A copy, it was expected, would be handed to Mayor McLellan today. It is reported that Mr. Kribs finds that the distribution system he has in mind would cost \$600,000, a sum considerably below the original figures.

Mayor H. R. McLellan announced this morning that he very much regretted to have to delay in making his report on hydro. He said the report would not be available tomorrow, as he had confidently expected it would be because a portion of information he desired would not be on hand until Friday night or Saturday morning. He said he knew it would be disappointing, and he regretted it very much, but would have it ready to present next Monday morning.

UTILITIES BOARD

Telephone Matters Before the Commission at a Session Here.

At a meeting of the Public Utilities Commission held this morning, a letter was received from Dr. Walter of the Cambridge Rural Telephone Company asking for a postponement for one month of a hearing in that case as there seemed to be no possibility of an agreement between the companies concerned in that case being reached at present.

H. M. Hopper, appearing for the Cambridge Telephone Company, made the same representations. The application will be heard on August 28.

An application was received from the Farmers' Telephone Company regarding the proposal that the New Brunswick Telephone Company take over certain portions of their line. The application was made by M. L. Hayward, their solicitor, and requested that the board adjudge upon the matter, but formal application will have to be made and then a hearing will be given.

A report on the assessment of companies prepared in June was dealt with by the board and other matters of purely routine nature dealt with. All the commissioners were present.

VISITORS HAVE NICE DAY ON THE RIVER

A large number of the local members of Adria Temple, No. 187, D. O. K. K., and their ladies, visiting members of Abou Ben Adhem Temple, No. 143, of Boston, and Dokays and their friends from outside points, went on board the D. J. Purdy for Fredericton this morning. The steamer was specially decorated and in honor of the Boston delegation the Stars and Stripes was flown alongside the Union Jack. The Purdy was to make only one stop on her way up the river, at The Cedars. The fine day should ensure an enjoyable trip for all on board her.

While the Dokays are holding their ceremonial this evening the lady members of the party will be entertained by Witter Fenely, a Fredericton theatrical manager. The entire party will return tomorrow evening to St. John and will be on hand for a big clambake and sports day planned for Friday.

MAY CUT DOWN LENGTH OF TRIAL

Five Witnesses Heard in the Paris Case This Morning

Walter Humphrey Repeats His Accusations—West Side Residents Say They are Positive Accused was in the City on August 2.

From present indications the time required in taking the evidence in the fourth trial of John Paris, accused of the murder of Sadie McAuley, will be much less than at the previous three trials. This morning six witnesses, including Walter Humphrey, who is regarded as the principal witness for the prosecution, gave testimony. The others were Ethel Byers, Laura Gerow, Alfred Byers, Ernest Campbell and John McDonald. No evidence which had not hitherto been disclosed was presented.

Mrs. Ethel Byers, of Fairville, wife of Alfred M. Byers told of visiting her daughter, Mrs. Laura Gerow, on the evening of August 2 last, when she, her daughter, and her sister-in-law, Mrs. Craft, saw the Cushing mill burning. She said she saw Paris there. She told of her husband coming up on a wheel and speaking to Paris.

Cross-examined by Mr. Vernon the witness said she visited her daughter frequently. Paris, she said, had a small mustache.

To the judge, she said, she has seen Paris many times before August 2.

Mrs. Laura Gerow, wife of Joseph Gerow, 181 Water street, west, said that in August last she was living next door to Paris' house. On the night of the Cushing Mill fire she, said she, saw John Paris.

Alfred M. Byers, Harding street, Fairville, corroborated the evidence given by his wife. After viewing the Cushing Mill fire he said, he went to his sister, Mrs. Craft's, Water street, Carleton, where he saw Paris. There he saw also his wife and Chester Ford. Paris he said, had a small mustache.

Ernest Campbell, laborer, 45 Duke street, West St. John, said that in August last he lived at 133 Water street, west, two houses from where Paris lived. He knew both Paris and Humphrey. He remembered the Cushing Mill fire on August 2, and the British fish shed fire early on the morning of August 3.

On the morning of August 3, he said, he saw both Humphrey and Paris. He put a cloth on a boll on Monday. The witness said he had never seen the face of a child. The arm looked inflamed. He said the sore area would be about the size of a new nickel. Paris and Humphrey then went towards the river. About 2 o'clock Humphrey returned alone.

To Mr. Vernon, the witness said he was intimate with Humphrey and had talked over the murder with him before the case came up. He said Paris made no move to hide the boll on his arm.

Walter Humphrey, 133 Prince street, west, said he knew Paris since May, 1921. On the morning of August 2, he said, he rowed Paris from Carleton to the St. John side of the river. Paris wore a soft hat, brown coat, khaki riding breeches with leather strapings and tan shoes. The Cushing Mill fire was on the same evening and early the next morning the British fish shed, of which his brother, Stanley Humphrey had a lease, was burned.

The witness corroborated the evidence given by Ernest Campbell. He thought the boll was on Paris' right arm.

He said Paris asked him to help bury "that kid" in the park while he was rowing the accused across the river on August 3. He did not see Paris again until August 5 or 6, when detectives were seen in Carleton.

The witness said he later made certain statements to John saw Detective Power. Sometime around the first of August, the witness said, Paris asked McDonald for a loan of \$2, saying he had come home that day from Truro.

To Mr. Vernon, he said, he had stolen several times, but had never been convicted. He said he had not stolen since before he met Paris.

The witness said he had formerly lived with Walter Cook and that he had had a quarrel with Cook over Cook's wife. He could not remember having at a previous trial sworn that he did not see Paris and McDonald together on August 1.

John McDonald, South Bay, said that in August last he lived at 79 Tower street west. He knew both Paris and Humphrey. He told of meeting Paris and Humphrey on the evening of August 1, when Paris tried to borrow \$2. Paris said he had just come back from Truro. On August 2 while at work at the pulp mill he saw a man climbing the rocks on the opposite side of the river.

After the body of Sadie McAuley had been found, Walter Humphrey had made statements to the witness which caused him to repeat them to Detective Power.

Cross-examined by Mr. Vernon, the witness said he knew Humphrey since a year ago last April. The witness said that he had been arrested when some lead pipe was found in his garage, but was acquitted.

John Best took the stand as court was adjourned until 2:30 o'clock.

The Shrine of Loveliness

There are places in this world even for gems, flowers and birds whose only use is beauty.

Somewhere in every home, no matter how modest, there should be at least one object of rare loveliness.

Whilst there is hardly a piece of furniture which does not combine beauty and utility, we claim there is a need for things which err on the side of beauty.

This thought comes to us now, when new homes are being outfitted and occupied for the first time. Why not set up in the new house a shrine of loveliness?

Look at your home critically and discern where a decorative piece would lift the tone of the whole house.

After that it will be a simple matter to find just what you want in our large stock of quaint and decorative pieces.

Always pleased to have you look around.
