Traffic was held up for a few minutes this morning in Prince William street by an automobile which was left standing on the car tracks in front of the Post Office. Two street cars were stopped behind it and it was finally moved out of the way by some passers by. A COLLISION
A collision between an automobile and a delivery wagon occurred this morning at the south corner of King and Germain streets. A touring car operated by Charles Hanington came down King street and turned into Germain at the same time as the delivery wagon coming along Germain reached King. A NOVEL EVENT
One of the most original and jolly entertainments of the season was held in the Patrol club house last evening when the members of that very progressive summer colony met to celebrate an old-fashioned country dance. The ladies and lasses were garbed in keeping with the occasion and some of the costumes produced side-splitting mirth. The ladies' first prize, a flash light, was awarded to Miss Freda Johnston; gentlemen's first, a safety razor, to Mr. Stack. The best combination prize went to Mr. and Mrs. H. J. Machum, who made a typical rule couple and received as compensation a load of fertilizer. Mr. and Mrs. Stubbs and K. Spear also received honorable mention.

MARRIED IN ENGLAND.

Studley, 25 Somerset road, Knowle, Bristol, became the bride of Harold Andrews, only son of Mr. and Mrs. Charles Andrews, 65 Chesley street, this city. The ceremony was performed by Rev. F. Talbot Parker, vicar of the Church of Holy Trinity. Mr. Andrews, who has a number of friends in this city, went overseas with the first contingent as a stretcher-bearer under the late Captain (Doc) Dyer and went through many important engagements without a scratch. He was away for four years and eight months and on his return took a position with Brock & Patterson. About a month ago he resigned and went to England to be married. He will return to Canada with his bride at an early date.

SPEEDING MOTORISTS
Constable Crawford Says He Warns Many But Some Pay No Heed.

Touching the question of dealing with American speed motorists on the Rotheray road, Constable Crawford informs the Times that he is continually warning American visitors without taking them to court and it is only when the law has been flagrantly violated that he takes action. On two occasions American cars he sought to stop because they were going about forty miles per hour tried to run him down and last Saturday two foreign cars racing at top speed side by side not only disregarded his warning but called him vile names. The officer says he extends every consideration to visitors, but when they strike a forty mile clip or faster because they find a stretch of good road near the city he must do his duty to the public who use the same road.

The bank clearings for the week amounted to \$4,046,125, as compared with \$3,015,264, in 1919, and \$2,781,719 in 1918, an increase of more than \$1,000,000 over 1919 and nearly \$2,000,000 over that of the same week in 1918.

Other Canadian cities report:—Halifax, \$4,919,688; 1919, \$4,931,824. Ottawa, \$3,194,293. Quebec, \$7,897,956. Toronto, \$20,094,588.

BELIEVE ATTEMPT MADE TO WRECK ST. JOHN TRAIN

Spikes Removed From Rail Near Lake Folleigh, N. S.—Night Train Passes Safely.

What is believed to have been an attempt to wreck the St. John-Truro train on Tuesday morning is reported today. The trackman and repairer, making their morning inspection, found that all the spikes of the road, near Lake Folleigh, not far from Truro, all the spikes had been taken from one of the rails. The rail had evidently been tampered with the night before, and the night train from St. John to Halifax with its load of sleeping passengers, passed over it safely. The superintendent of the district immediately sent an officer to the scene, but no word has yet been received of the arrest of the guilty party. Officer Tattler, who was sent to the scene, found a body of men discussing the murderous assault made by a negro upon Luther Smith, St. John. Shortly afterwards he captured a negro charged with the assault.

ASK THAT MISPEC DAM BE OPENED

Request That Way Be Made for Salmon Referred to at Council Meeting—Douglas Avenue Matters Up.

At a committee meeting of the common council this morning Commissioner Jones made reference to a request he had received from John White and signed by about 100 citizens asking for the removal of the scuttles in the Mispec dam, which would enable salmon to pass up the stream to spawn. In the letter Mr. White explained that three years ago government agents put spawn in the river as they thought it was a good place for sportmen to enjoy a fish. He said it had been stocked regularly since from the government hatchery. Mr. Jones also explained that the regularly since that they will return to spawn within five years and failing to get up the stream will continue to try.

Commissioner Jones had City Engineer Hare report on the matter on his suggestion also communicated with other notable engineers. Some of their replies are at hand and he said that the opinion of the city engineer that the scheme is impracticable as they claim that the removal of the scuttles would cause the whole structure to collapse. No action was taken.

Commissioner Thornton felt that the council should adhere to their original resolution. He did not take the threat to the city seriously. The commissioner said he had heard that the gas main was not in good condition and he said he felt that the company should be notified that any underground work necessary should be done immediately.

After some discussion it was agreed to give a hearing to any property owners interested at the regular meeting Monday morning at 11:30 o'clock.
